

Contents

1	Introduction	1
1.1	Semiarid Regions and Socio-Ecological Setup	3
1.2	Geography of the Study Area in Semiarid Region of India	6
1.2.1	Climatic Conditions	7
1.2.2	Land Use in the Study Area	7
1.3	Habitat Types in the Arid and Semiarid Regions	8
	References	11
2	Methodology for Biodiversity (Flora and Fauna) Study	13
2.1	Plant Biodiversity and Phytosociological Study	13
2.1.1	Duration of Survey	13
2.1.2	Field Equipments	16
2.1.3	Methods Used	18
2.1.4	Collection Methods	19
2.1.5	Herbarium Preparation	21
2.1.6	Data Analysis	21
2.1.7	Diversity Indices	22
2.2	Phytoplankton Study Materials and Methods	24
2.2.1	Phytoplankton Preservation	24
2.2.2	Brief Procedure for Phytoplankton Study	24
2.3	Animal Biodiversity	25
2.3.1	Fauna Survey and Study of Insects	25
2.3.2	Spider Collection Methods	32
2.3.3	Study of Vertebrates	32
2.4	Zooplankton Survey and Monitoring	35
	References	35

3 Plant Biodiversity	39
3.1 Phytosociological Study	39
3.2 Phenology (Leaf Flushing, Flowering, Fruiting, Leaf-Fall) of the Species	64
3.2.1 Phenology of the Trees	64
3.2.2 Phenology of Shrubs	64
3.3 Diversity Study of the Region	68
3.3.1 Shannon–Wiener Index (Alpha Diversity).	68
3.3.2 Beta-Diversity	70
3.3.3 Simpson’s Diversity Indices	71
3.4 Traditional Ecological Knowledge (TEK) Related to Use of Plant Biodiversity	73
3.5 Plants with Other Economic Values in the Study Area	97
3.5.1 Timber Yielding Plants	99
3.5.2 Plant Species for Fuel Wood.	100
3.5.3 Plant Species Used as Fodder	100
3.5.4 Edible Species.	102
3.5.5 Plants Used in Oral Hygiene.	104
3.5.6 Other Uses	104
3.6 Phytoplankton	105
3.7 Description of Plant Species from the Semiarid Region, Karnataka, India, in Alphabetical Family-Wise	107
References	243
4 Animal Biodiversity	245
4.1 Introduction	245
4.2 Invertebrates	249
4.2.1 Butterflies.	255
4.2.2 Vertebrates	259
4.3 Species Description	267
References	352
5 Status of Biodiversity as per IUCN, IWPA, and CITES in Studied Semiarid Region, Karnataka, India.	353
5.1 Introduction	353
5.2 Biodiversity of Study Region	353
5.3 Major Threats to Biodiversity	354
5.4 International Union for Conservation of Nature (IUCN)	354
5.4.1 Conservation Status of Plant Species in Study Region (as per IUCN categories)	356
5.4.2 Conservation Status of Animal Species in the Study Region (as per IUCN categories).	356

5.5	Indian Wildlife Protection Act (IWPA)	358
5.5.1	Fauna Listed Under IWPA from Study Area	359
5.6	The Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES)	359
5.6.1	Species Listed Under CITES from the Study Area	360
5.7	Conservation Methods	361
	References	376
6	Remote Sensing and GIS in Understanding the Landscape Dynamics	377
6.1	Introduction	377
6.2	Materials and Methods	378
6.2.1	Georectification	379
6.2.2	Image Subset	379
6.2.3	Image Enhancement	380
6.2.4	Generation of Vector Layers	380
6.2.5	Classification	383
6.3	Results	384
6.3.1	Land Use/Land Cover from 1973 to 2008	385
	References	389
7	Conclusion and Recommendations	391
7.1	Conservation and Multiplication of Multipurpose Tree Species	392
7.2	Development and Demonstration of Agroforestry Models in the Region	393
7.3	Development of Bird Sanctuary	394
7.4	Conservation of Wild Animals	394
7.5	Carrying Capacity of Grazing Areas/Rangelands for Sustainable Landscape Development	395
7.6	Drinking Water Supply Through Pipeline	395
7.7	Awareness Programs About the Importance of Semiarid Region Under Changing Climate	396
	Reference	396
	Bibliography	397

Biodiversity of Semiarid Landscape
Baseline Study for Understanding the Impact of Human
Development on Ecosystems
Nautiyal, S.; Bhaskar, K.; Khan, Y.D.I.
2015, XXII, 398 p. 87 illus., 83 illus. in color., Hardcover
ISBN: 978-3-319-15463-3
