

# Contents

<b>1 Social Recognition in Annelids and the Evolution of Social Recognition and Cognitive Abilities by Sexual Selection. . . . .</b>	<b>1</b>
Maria Cristina Lorenzi, Stefania Meconcelli and Gabriella Sella	
<b>2 Individual Recognition in Stomatopods . . . . .</b>	<b>17</b>
Kristina Mead Vetter and Roy L. Caldwell	
<b>3 To What Extent Can Freshwater Crayfish Recognise Other Crayfish? . . . . .</b>	<b>37</b>
Blair W. Patullo and David L. Macmillan	
<b>4 Social Recognition in Hermit Crabs . . . . .</b>	<b>49</b>
Brian A. Hazlett	
<b>5 Social Behaviour and Recognition in Decapod Shrimps, with Emphasis on the Caridea . . . . .</b>	<b>57</b>
Solomon T.C. Chak, Raymond Bauer and Martin Thiel	
<b>6 Social Recognition in Amphipods: An Overview . . . . .</b>	<b>85</b>
Jan Beermann, Jaimie T.A. Dick and Martin Thiel	
<b>7 Social Recognition in the Arachnida . . . . .</b>	<b>101</b>
André Walter and Trine Bilde	
<b>8 Visual Recognition in Social Wasps . . . . .</b>	<b>125</b>
R. Cervo, A. Cini and S. Turillazzi	
<b>9 Nestmate Recognition in Eusocial Insects: The Honeybee as a Model System . . . . .</b>	<b>147</b>
Michael D. Breed, Chelsea N. Cook, Helen F. McCreery and Michael Rodriguez	

<b>10 Ontogeny of Nestmate Recognition in Social Hymenoptera . . . . .</b>	<b>165</b>
Lisa Signorotti, Rita Cervo and Patrizia d'Ettorre	
<b>11 Communication and Social Regulation in Termites. . . . .</b>	<b>193</b>
Anne-Geneviève Bagnères and Robert Hanus	
<b>12 Recognition and Family Life: Recognition Mechanisms in the Biparental Burying Beetle . . . . .</b>	<b>249</b>
Sandra Steiger	

Social Recognition in Invertebrates  
The Knowns and the Unknowns  
Aquiloni, L.; Tricarico, E. (Eds.)  
2015, XVI, 266 p. 34 illus., Hardcover  
ISBN: 978-3-319-17598-0
