

# Contents

|          |  |    |
|----------|--|----|
| <b>1</b> | <b>Introduction</b>  | 1  |
|          | References   | 4  |
| <b>2</b> | <b>The Pioneer Anomaly and Thermal Effects in Spacecraft</b> | 5  |
| 2.1      | General Background   | 5  |
| 2.2      | New Physics Proposals  | 10 |
| 2.2.1    | Scalar Field   | 11 |
| 2.2.2    | Scalar-Tensor-Vector Gravity                                 | 12 |
| 2.3      | Point-Like Source Method                                     | 16 |
| 2.3.1    | Motivation   | 16 |
| 2.3.2    | Radiative Momentum Transfer                                  | 17 |
| 2.3.3    | Test Cases   | 18 |
| 2.3.4    | Reflection Modelling: Phong Shading                          | 23 |
| 2.4      | Pioneer Thermal Model  | 24 |
| 2.4.1    | Geometric Model  | 24 |
| 2.4.2    | Order of Magnitude Analysis                                  | 26 |
| 2.4.3    | Heat Conduction  | 27 |
| 2.4.4    | Thermal Radiation Model                                      | 27 |
| 2.4.5    | Power Supply   | 32 |
| 2.5      | Results and Discussion                                       | 33 |
| 2.5.1    | Baseline Results   | 33 |
| 2.5.2    | Parametric Analysis  | 35 |
| 2.5.3    | Time Evolution   | 37 |
| 2.6      | Conclusion   | 39 |
|          | References   | 39 |
| <b>3</b> | <b>Cassini Gravitational Experiments</b>                     | 43 |
| 3.1      | General Background   | 43 |
| 3.2      | Cassini Thermal Model  | 45 |
| 3.2.1    | Geometric Model  | 45 |
| 3.2.2    | Order of Magnitude Analysis                                  | 46 |

|          |  |           |
|----------|--|-----------|
| 3.2.3    | Thermal Radiation Model . . . . .  | 48        |
| 3.2.4    | Power Supply . . . . .   | 50        |
| 3.3      | Results and Discussion . . . . .   | 51        |
| 3.3.1    | Baseline Scenarios . . . . .   | 51        |
| 3.3.2    | Parametric Analysis . . . . .  | 53        |

|          | <b>Appendix A: Full Results for Point-Like Source Test Cases . . . . .</b> | <b>85</b> |

Trajectory Anomalies in Interplanetary Spacecraft  
A Method for Determining Accelerations Due to Thermal  
Emissions and New Mission Proposals

Francisco, F.

2015, XVII, 87 p. 27 illus., 3 illus. in color., Hardcover

ISBN: 978-3-319-18979-6
