Sara C. Folta, Alison G.M. Brown, and Jeffrey B. Blumberg	
<b>2 Public Health Benefits of Preventive Nutrition: Global Perspective</b> .....	25
Walter C. Willett	
<b>3 Nutritional and Dietary Supplements: Code or Concern</b> .....	47
Roger Clemens and Peter Pressman	
<b>4 The Trans Pacific Partnership: Global Nutrition at Risk</b> .....	63
Henry Greenberg and Stephanie Shiau	
<b>5 Nutrient Density and Health: How to Develop Global Nutrient Density Metrics</b> .....	71
Adam Drewnowski	
<b>6 The Influence of Polypharmacy on Nutrition</b> .....	83
Korinne M. Piccolo and Joseph I. Boullata	
<b>7 Diet–Gene Interactions: Haptoglobin Genotype and Nutrient Status</b> .....	115
Leah E. Cahill and Eric B. Rimm	

## Part II Cancer Prevention

<b>8 The Role of Diet and Nutrition in Lung Cancer</b> .....	133
Anthony J. Alberg and John M. Wrangle	
<b>9 Epigenetics of Endocrine Tumors in Women and Dietary Prevention</b> .....	153
Donato F. Romagnolo and Ornella I. Selmin	

<b>10</b>	<b>The Role of Nutrition and Diet in Prostate Cancer</b> .....	167
	Yin Cao, Lorelei Mucci, and Edward Giovannucci	
<b>11</b>	<b>Dietary Supplements and Cancer Risk: Epidemiologic Research and Recommendations</b> .....	183
	Rebecca L. Sedjo, Marian L. Neuhouser, and Cheryl L. Rock	
<b>12</b>	<b>Nonnutritive Components in Foods and Cancer Risk</b> .....	215
	Lauren E. Conlon and John W. Erdman Jr.	
 <b>Part III Cardiovascular Disease Prevention</b>		
<b>13</b>	<b>Diet Quality and Cardiovascular Disease Prevention</b> .....	245
	Janice L. Atkins and S. Goya Wannamethee	
<b>14</b>	<b><i>n</i>-3 and <i>n</i>-6 Fatty Acids Reduce Risk for Cardiovascular Disease</b> .....	255
	William S. Harris	
<b>15</b>	<b>Trans Fatty Acids: A Summary of the Evidence Relating Consumption to Cardiovascular Outcomes and the Efficacy of Prevention Policy to Reduce Levels in the Food Supply</b> .....	273
	Shauna M. Downs, Sarah Loehr, and Jason H.Y. Wu	
<b>16</b>	<b>Nutrition Aspects of Stroke Prevention</b> .....	297
	Katherine Patton and Mandy L. Corrigan	
<b>17</b>	<b>B Vitamins Influence Vascular Cognitive Impairment</b> .....	309
	Tammy M. Scott, Kristen E. D’Anci, and Irwin H. Rosenberg	
 <b>Part IV Diabetes and Obesity</b>		
<b>18</b>	<b>Childhood Obesity: New Paradigms on Susceptibility, Co-morbidities, and Interventions</b> .....	321
	Esther Granot	
<b>19</b>	<b>The Women’s Health Initiative: Lessons for Preventive Nutrition</b> .....	335
	Cynthia A. Thomson, Marian L. Neuhouser, and Shirley A.A. Beresford	
<b>20</b>	<b>Role of Fiber in the Prevention of Type 2 Diabetes</b> .....	371
	Mark L. Dreher	
<b>21</b>	<b>Nutrition Issues and Recommendations in the Management of Diabetes and Prediabetes in Older Adults</b> .....	399
	Barbara Stetson, Stephanie McDonough, and Sri Prakash Mokshagundam	
<b>22</b>	<b>The Effects of Diabetes and Obesity on the Skeleton</b> .....	425
	Jessica Furst, John P. Bilezikian, and Mishaela R. Rubin	
<b>23</b>	<b>Nutritional Concerns for Bariatric Surgery</b> .....	439
	Sue A. Shapses, Tara Mauro, and Robert E. Brolin	

<b>24</b>	<b>Composition, Production, Consumption, and Health Effects of Added Sugars</b> .....	457
	James M. Rippe and John S. White	
<b>25</b>	<b>Low Calorie Sweeteners and Weight Management</b> .....	481
	Danielle Greenberg, Richard Black, and Catherine Cioffi	
 <b>Part V Prevention of Major Disabilities: Geriatrics</b>		
<b>26</b>	<b>Diet, Osteoporosis, and Fracture Prevention: The Totality of the Evidence</b> .....	497
	Laura A.G. Armas and Robert P. Heaney	
<b>27</b>	<b>Optimizing Nutrition to Delay Age Related Macular Degeneration</b> .....	517
	Molly Schleicher, Elizabeth Whitcomb, and Allen Taylor	
<b>28</b>	<b>Micronutrients and Immunity in Older People</b> .....	531
	John D. Bogden and Donald B. Louria	
 <b>Part VI Prevention of Major Disabilities: Adults and Children</b>		
<b>29</b>	<b>Gastric Acid Secretions, Treatments, and Nutritional Consequences</b> .....	553
	Ronit Zilberboim and Adrienne Bendich	
<b>30</b>	<b>The Impact of Micronutrients on Inflammation and Health in Low- and Middle-Income Countries</b> .....	597
	Ian Darnton-Hill, Faruk Ahmed, and Samir Samman	
<b>31</b>	<b>HIV and Nutrition</b> .....	645
	Murugi Ndirangu and Kevin A. Sztam	
<b>32</b>	<b>Folic Acid During Pregnancy May Reduce the Risk of Certain Types of Severe Congenital Heart Defects: Time for Action?</b> .....	677
	Andrew E. Czeizel	
<b>33</b>	<b>Maternal Nutrition and Preterm Delivery</b> .....	705
	Theresa O. Scholl and Xinhua Chen	
<b>34</b>	<b>Linking Prenatal Nutrition to Adult Mental Health</b> .....	733
	David St. Clair and Ezra Susser	
 <b>Part VII Nutrition Transitions Around the World</b>		
<b>35</b>	<b>Nutritional Habits and Obesity in Latin America: An Analysis of the Region</b> .....	751
	Nicole Figari, Oscar Castillo, and Jaime Rozowski	
<b>36</b>	<b>Sodium Consumption in Southeast Asia: An Updated Review of Intake Levels and Dietary Sources in Six Countries</b> .....	765
	Maria Sofia Amarra and Geok Lin Khor	

<b>37 The Role of Food Security in Preventing the Rise of the Nutritional Double Burden in Low-Income Countries</b> .....	793
Andrew D. Jones	
<b>38 Role of the Food and Supplement Industries in Human Health</b> .....	807
Michael I. McBurney and Eric D. Ciappio	
<b>39 Supplementation: Its Evolving Role in Prevention</b> .....	823
Bruce P. Daggy and Francis C. Lau	
<b>40 The Role of Preventive Nutrition in Clinical Practice</b> .....	843
Atheer Yacoub and Wahida Karmally	
<b>Appendix A: Recommended Books and Websites</b> .....	865
<b>Appendix B: Other Relevant Volumes</b> .....	869
<b>Appendix C: Websites of Interest</b> .....	871
<b>Appendix D: Table of Contents from Editions 1 to 4 and Contents of Primary and Secondary Edition</b> .....	875
<b>Index</b> .....	893
