

Table of Contents

1.	Introduction	13
2.	Literature Review	19
2.1	The Acceptance of Sport in the Health System	20
2.1.1	Health and Sport in Systems Theory.....	21
2.1.2	Expansion of the Health System	23
2.1.3	Positive Acceptance of Sport as a Health-Medium	25
2.1.4	The Role of Sport within Health-Strategies.....	28
2.2	Summary of the Literature Review, Desiderata, Next Steps	33
3.	Theoretical Framework	35
3.1	Defining Health, Physical Activity, Sport and Their Relationship	35
3.1.1	Health.....	36
3.1.2	Physical Activity	38
3.1.3	Sport.....	39
3.1.4	Physical Exercise.....	41
3.1.5	Physical Inactivity	42
3.1.6	Fitness.....	43
3.1.7	‘Double Ambiguity’ in the Relationship between Physical Activity and Health.....	43
3.2	Preliminary Theoretical Choices.....	45
3.2.1	Constructivism as an Epistemological Position.....	46
3.2.2	Systems Theory as a Theoretical Framework.....	48
3.2.3	The Relationship between Theory and Empiricism.....	50
3.3	Health and Sport Systems.....	51
3.3.1	Function Systems in Systems Theory	51
3.3.2	Health and Sport as Function Systems.....	55
3.3.3	Characteristics of Function Systems	56
3.3.4	Functions of Health and Sport Systems	57
3.3.5	Binary Codes of Health and Sport Systems	59

3.3.6	Programmes of Health and Sport Systems.....	61
3.3.7	Organisations of Health and Sport Systems.....	63
3.3.8	Roles in Health and Sport Systems	66
3.4	Relationships between Sport and Health Systems	67
3.4.1	Relationships between Systems in the Systems Theory	67
3.4.2	Different Relationships between the Sport and the Health Systems	71
3.4.2.1	Qualification of Sport in the Health System's Communications	71
3.4.2.2	Disqualification of Sport in the Health System's Communication	75
3.5	Governance in the Promotion of Physical Activity	80
3.5.1	Governance in Systems Theory	80
3.5.2	Problems and Chances of Governance.....	83
3.5.3	Super-Experts as a Premise of Governance	86
3.5.3.1	The WHO as a Super-Expert in the Promotion of Physical Activity	87
3.6	Summary of the Theoretical Framework, First Results, Next Steps	91
4.	Methodology.....	95
4.1	Comparison and Sampling	95
4.1.1	Objective and Logic of Comparison	97
4.1.2	Number of Case Studies	98
4.1.3	Framework and Sampling of the Case Studies	100
4.2	Choice of the Documents	103
4.2.1	Logic Behind the Choice of the Documents	103
4.2.2	List and Description of the Documents per Case Study	105
4.2.3	French Documents.....	106
4.2.4	German Documents.....	107
4.2.5	Italian Documents.....	108
4.3	Document Analysis	110
4.3.1	Mixed Methods.....	110
4.3.2	Integration of the Methods	112
4.3.3	Mixed Methods in Content Analysis	114
4.3.4	Quantitative Content Analysis	116
4.3.5	Strategies to Ensure the Rigour in Quantitative Content Analysis.....	118
4.3.6	Qualitative Content Analysis	118
4.3.7	Strategies to Ensure the Rigour in Qualitative Content Analysis.....	120
4.3.8	Step by Step Explanation of Content Analysis Proceedings	122

4.4	Test of the Design.....	125
4.4.1	The ‘Global Strategy on Diet, Physical Activity and Health’	126
4.4.2	Analysis of the ‘Global Strategy on Diet, Physical Activity and Health’	128
4.5	Summary of the Methodology and Next Steps	132
5.	Empirical Analysis of the Case Studies.....	137
5.1	‘What is the Recommended Dose of PA?’	138
5.1.1	Distribution of the Recording Units	140
5.1.2	Results per Population Segment.....	141
5.1.3	Results per Characteristic of PA	142
5.1.4	Reflection on the Results.....	143
5.2	‘What Role Do the Sport Organisations Have?’	144
5.2.1	Distribution of the Recording Units	145
5.2.2	Results of the Analysis	146
5.2.3	Reflections on the Results	148
5.3	‘For Which Reasons is Sport Delegitimised as a Medium of Health?’	149
5.3.1	Distribution of the Recording Units	150
5.3.2	Results of the Analysis	151
5.3.3	Reflection on the Results.....	153
5.4	‘How Sound are the Key Concepts?’	154
5.4.1	Definitions and Uses of Key Concepts	155
5.4.2	Ambiguity Related to the Dose of PA	156
5.4.3	Reflections on the Results	160
5.5	Comparison of the Case Studies.....	161
5.5.1	Results of the analysis	162
5.5.2	Reflections on the Results	168
5.6	Summary of the Empirical Results and Discussion.....	170
6.	Concluding Remarks.....	173
	Bibliography.....	181

The Role of Sport in Health-Related Promotion of
Physical Activity

The Perspective of the Health System

Michelini, E.

2015, XI, 198 p. 27 illus., Softcover

ISBN: 978-3-658-08187-4
