Foreword	V
Acknowledgments	VII
Abstract	XIII
Zusammenfassung	XIV
List of Figures	XV
List of Tables	XVII
1 Introduction: Heterogeneity and Macroeconomics	1
2 Can Monetary Policy Delay the Reallocation of Capital?	7
Abstract	7
2.1 Introduction	8
2.2 Review of related literature	11
2.3 The model	13
2.3.1 Households	14
2.3.2 Production	15
2.3.3 Zero cut-off profit condition	16
2.3.4 Aggregation	16
2.3.5 Welfare analysis	19
2.4 The long-run steady state	20
2.5 The central bank	22
2.6 Numerical simulations	25

2.6.1	Monetary policy with $r^* < \mathfrak{r}$	26
2.6.2	Monetary policy with $r^* > \mathfrak{r}$	28
2.7	Conclusion	29
Appendices		31
2.A	Structural breaks in the US real interest rates	31
2.B	Proofs	32
2.B.1	Proof of Proposition 1	32
2.B.2	Proof of Proposition 2	37
2.B.3	Proof of Proposition 4	38
2.C	Optimization by the social planner	40
3	Business Cycles and Monetary Policy with Productivity Het-	
	erogeneity	43
	Abstract	43
3.1	Introduction	44
3.2	Review of related literature	47
3.3	The model	49
3.3.1	Input good production	50
3.3.2	Intermediate and final good production	51
3.3.3	Aggregation	53
3.3.4	Free entry and zero cut-off productivity condition	54
3.3.5	Total output	57
3.3.6	Households and preferences	57
3.3.7	Wage setting and labor supply	60
3.3.8	The central bank	61
3.3.9	Parametrization of the technology distribution	62
3.3.10	Equilibrium and model dynamics	62
3.4	Model estimations	63
3.4.1	Calibration of parameters	63

3.4.2	Impulse responses	66
3.4.3	Second moments	69
3.5	Some notes on monetary policy	71
3.6	Conclusion	73
Appendices		75
3.A	Linearized model	75
3.B	OLS-regression for the Taylor rule	77
3.C	Impulse response functions following a monetary shock	78
4	What Determines Price Changes and the Distribution of Prices?	
	Evidence from the Swiss CPI.	79
	Abstract	79
4.1	Introduction	81
4.2	Review of related literature	83
4.3	Data description and descriptive statistics	86
4.3.1	The data	86
4.3.2	Constructed variables	87
4.3.3	Descriptive statistics	89
4.4	Econometric results	93
4.4.1	Methodology	93
4.4.2	Pricing at the extensive margin	94
4.4.3	Pricing at the intensive margin	99
4.4.4	The VAT	103
4.4.5	Endogeneity issues	104
4.4.6	Additional robustness checks	106
4.5	Price dispersion	107
4.6	Conclusion	110
Appendices		112

4.A	IV regressions	112
4.B	Additional robustness checks	121
4.B.1	Reduced time frame	121
4.B.2	Results with censored data	127
4.B.3	Estimations for separated product groups	132
Bibliography		155
