List of Figures	XIX
List of Tables	XXII
List of Acronyms	XXIII

1 Introduction	1
1.1 Research Questions	3
1.2 Thesis Outline	4

Part I Fundamentals

2 Information Retrieval for Young Users	9
2.1 Basics of Information Retrieval	9
2.2 Aspects of Child Development Relevant for Information Retrieval Tasks	23
2.3 User Studies and Evaluation	29
2.4 Discussion	35
3 State of the Art	39
3.1 Children's Information-Seeking Behaviour	39
3.2 Existing Algorithms and User Interface Concepts for Children	49
3.3 Existing Information Retrieval Systems for Children	54
3.4 Summary and Discussion	58

Part II Studying Open Issues

4 Usability of Existing Search Engines for Young Users	65
4.1 Assessment Criteria	66
4.2 Results	70

4.3	Summary and Discussion	76
5	Large-scale Analysis of Children’s Queries and Search Interactions	79
5.1	Dataset	79
5.2	Results	80
5.3	Summary and Discussion	83
6	Differences in Usability and Perception of Targeted Web Search Engines between Children and Adults	87
6.1	Related Work	89
6.2	User Study	92
6.3	Study Results	96
6.4	Summary and Discussion	108
 Part III Tackling the Challenges		
7	Search User Interface Design for Children	115
7.1	Conceptual Challenges and Possible Solutions	115
7.2	Knowledge Journey Design	120
7.3	Evaluation	124
7.4	Voice-Controlled Search: Initial Study	131
7.5	Summary and Discussion	137
8	Addressing User Diversity	141
8.1	Evolving Search User Interface	142
8.2	Adaptation of a Search User Interface towards User Needs ..	147
8.3	Evaluation	155
8.4	Knowledge Journey Exhibit	166
8.5	Summary and Discussion	173
9	Supporting Visual Searchers in Processing Search Results	175
9.1	Related Work	175
9.2	Character Concept	178

9.3	Webpage Mapping by Children	181
9.4	Search Result Visualisation with Characters	188
9.5	User Study	193
9.6	Summary and Discussion	198

Part IV Conclusion and Outlook

10	Conclusion	203
10.1	Summary	203
10.2	Contributions	205
10.3	Directions for Future Research	208
11	Open Research Issues	211
11.1	Search History for Young Users	211
11.2	Child-focused Ranking	212
11.3	Collaborative IR for Children	213
11.4	Cognitive Modeling of Information Search	214

Part V APPENDIX

A	User Study Documents	219
A.1	Eye-tracking User Study	220
A.2	Usability Evaluation of Knowledge Journey	227
A.3	Voice-Controlled Search User Interfaces	232
A.4	Evolving Search User Interface	236
A.5	Search Result Visualisation with Characters	242
B	Characteristics of Participants	257
B.1	Eye-tracking User Study	257
B.2	Usability Evaluation of Knowledge Journey	258
B.3	Voice-Controlled Search User Interfaces	259
B.4	Evolving Search User Interface	260
B.5	Search Result Visualisation with Characters	261

References	263
