

# Contents

## **Part I Disease Forms and Animal Models of Hypophosphatasia**

- 1 Clinical Forms and Animal Models of Hypophosphatasia . . . . . 3**  
Jean Pierre Salles
- 2 Molecular Genetics of Hypophosphatasia  
and Phenotype-Genotype Correlations . . . . . 25**  
Etienne Mornet
- 3 Genetically Modified Mice for Studying TNAP Function . . . . . 45**  
Sonoko Narisawa

## **Part II Expression and Regulation of TNAP in the Central Nervous System**

- 4 Tissue-Nonspecific Alkaline Phosphatase in the Developing  
Brain and in Adult Neurogenesis . . . . . 61**  
Herbert Zimmermann and David Langer
- 5 Rediscovering TNAP in the Brain: A Major Role in Regulating  
the Function and Development of the Cerebral Cortex . . . . . 85**  
Caroline Fonta, Pascal Barone, Laia Rodriguez Martinez  
and László Négyessy
- 6 The Retinal TNAP . . . . . 107**  
Orsolya Kántor, Dorottya Cserpán, Béla Völgyi, Ákos Lukáts  
and Zoltán Somogyvári

<b>7</b>	<b>Tissue Non-specific Alkaline Phosphatase (TNAP) in Vessels of the Brain . . . . .</b>	<b>125</b>
	Barbara Deracinois, Anne-Marie Lenfant, Marie-Pierre Dehouck and Christophe Flahaut	

### **Part III TNAP Functions in the Nervous System**

<b>8</b>	<b>What Can We Learn About the Neural Functions of TNAP from Studies on Other Organs and Tissues? . . . . .</b>	<b>155</b>
	José Luis Millán	
<b>9</b>	<b>TNAP, an Essential Player in Membrane Lipid Rafts of Neuronal Cells . . . . .</b>	<b>167</b>
	Myriam Ermonval, Florence Baychelier and Caroline Fonta	
<b>10</b>	<b>Signal Transduction Pathways of TNAP: Molecular Network Analyses . . . . .</b>	<b>185</b>
	László Négyessy, Balázs Györffy, János Hanics, Mihály Bányai, Caroline Fonta and Fülöp Bazsó	
<b>11</b>	<b>Vitamin B-6 Metabolism and Interactions with TNAP . . . . .</b>	<b>207</b>
	Stephen P. Coburn	
<b>12</b>	<b>Tetramisole and Levamisole Suppress Neuronal Activity Independently from Their Inhibitory Action on Tissue Non-specific Alkaline Phosphatase in Mouse Cortex . . .</b>	<b>239</b>
	Lionel G. Nowak, Benoît Rosay, Dávid Czégé and Caroline Fonta	
<b>13</b>	<b>TNAP and Pain Control . . . . .</b>	<b>283</b>
	Sarah E. Street and Nathaniel A. Sowa	

### **Part IV TNAP in Neurological Disorders**

<b>14</b>	<b>Neurological Symptoms of Hypophosphatasia . . . . .</b>	<b>309</b>
	Takeshi Taketani	
<b>15</b>	<b>Recombinant Enzyme Replacement Therapy in Hypophosphatasia. . . . .</b>	<b>323</b>
	Christine Hofmann, Franz Jakob, Lothar Seefried, Birgit Mentrup, Stephanie Graser, Horacio Plotkin, Hermann J. Girschick and Johannes Liese	

<b>16 Neurogenetic Aspects of Hyperphosphatasia in Mabry Syndrome. . . . .</b>	<b>343</b>
David E.C. Cole and Miles D. Thompson	
<b>17 The Role of Tissue Non-specific Alkaline Phosphatase (TNAP) in Neurodegenerative Diseases: Alzheimer's Disease in the Focus . . . . .</b>	<b>363</b>
Katherine A.B. Kellett and Nigel M. Hooper	
<b>18 TNAP Plays a Key Role in Neural Differentiation as well as in Neurodegenerative Disorders . . . . .</b>	<b>375</b>
Miguel Diaz-Hernandez, Felix Hernandez, Maria Teresa Miras-Portugal and Jesús Avila	
<b>Index . . . . .</b>	<b>387</b>

Neuronal Tissue-Nonspecific Alkaline Phosphatase  
(TNAP)

Fonta, C.; Negyessy, L. (Eds.)

2015, XXII, 395 p. 58 illus., 37 illus. in color., Hardcover

ISBN: 978-94-017-7196-2
