

Contents

Part I In Darwin's Footsteps: Historical Issues

- 1 Sexual Selection: Why Does it Play Such a Large Role in the *Descent of Man*?** 3
Michael Ruse
- 2 Utility vs Beauty: Darwin, Wallace and the Subsequent History of the Debate on Sexual Selection**..... 19
Thierry Hoquet and Michael Levandowsky
- 3 Darwin on the Proportion of the Sexes and General Fertility: Discovery and Rejection of Sex Ratio Evolution and Density-Dependent Selection** 45
Michel Veuille
- 4 Sexual Selection in the French School of Population Genetics: Claudine Petit (1920–2007)** 65
Jean Gayon

Part II Current Challenges

- 5 Sexual Selection: Is Anything Left?** 85
Joan Roughgarden
- 6 Standing On Darwin's Shoulders: The Nature of Selection Hypotheses** 103
Patricia Adair Gowaty
- 7 Sexual Selection: The Logical Imperative** 119
Geoff A. Parker and Tommaso Pizzari
- 8 Selfish Genetic Elements and Sexual Selection** 165
Nina Wedell and Tom A. R. Price

9 Preference, Rationality and Interindividual Variation: The Persisting Debate About Female Choice	191
Frank Cézilly	
10 Reaction Norms of Sex and Adaptive Individual Flexibility in Reproductive Decisions	211
Malin Ah-King and Patricia Adair Gowaty	
Part III Prospects: Animal Aesthetics?	
11 The Role of Sexual Autonomy in Evolution by Mate Choice	237
Richard O. Prum	
12 The Riddle of Attractiveness: Looking for an 'Aesthetic Sense' Within the Hedonic Mind of the Beholders	263
Michel Kreutzer and Verena Aebischer	
13 Aesthetics and Reinforcement: A Behavioural Approach to Aesthetics	289
Shigeru Watanabe	

Current Perspectives on Sexual Selection

What's left after Darwin?

Hoquet, T. (Ed.)

2015, XXIII, 307 p. 22 illus., 5 illus. in color., Hardcover
