
Contents

Part I Underlying Principles in the Assessment and Treatment of Muscular Injuries of the Posterior Leg

1 Anatomy of the Leg	3
Julia C. Bisschops and Mark E. Lavallee	
2 Physiology of Skeletal Muscle	13
Scott N. Drum, Ryan Weatherwax and J. Bryan Dixon	
3 Structure and Organization of Skeletal Muscle	27
J. Bryan Dixon, Scott N. Drum and Ryan Weatherwax	
4 Pathophysiology of Skeletal Muscle Injury	35
Andrew Swentik	
5 Neurophysiology of Musculoskeletal Pain	49
Erich N. Ottem	

Part II Assessment of Muscular Injuries in the Posterior Leg

6 Clinical Assessment of the Posterior Leg	63
J. Bryan Dixon and Christopher Robert Faber	
7 Imaging and Tests for Posterior Lower Leg	81
Eric P. Sturos and J. Bryan Dixon	

Part III Treatment of Muscular Injuries in the Posterior Leg

8 Acute Injuries in the Posterior Leg	93
Stephen M. Simons and Jeremy L. Riehm	
9 Sub-acute and Chronic Injuries in the Posterior Leg	99
Stephen M. Simons and Christopher C. Jordan	

10 Surgical Treatment of Posterior Leg Injuries.....	111
Zachary C. Leonard	
11 Rehabilitation of Injuries in the Posterior Leg.....	121
John Baldea, Manoj K. Dhariwal, Brock McMillen, Casey Chrzastowski, Stacey M. Hall, Jordana Weber, Conan Von Chittick, Premod John and Morhaf Al Achkar	
12 Special Population Considerations in the Treatment of Posterior Leg Injuries.....	141
Ryan R. Woods and Jeffrey S. Brault	
13 Complementary Medicine Practices for Muscular Injuries of the Posterior Leg.....	153
Bo M. Rowan [†] and J. Bryan Dixon	
Index.....	169

Muscular Injuries in the Posterior Leg

Assessment and Treatment

Dixon, J.B. (Ed.)

2016, XII, 172 p. 46 illus., 33 illus. in color., Hardcover
