

Contents

Part I Introduction

- 1 The Evolution of Gibbons and Siamang 3**
Ulrich H. Reichard, Claudia Barelli, Hirohisa Hirai
and Matthew G. Nowak
- 2 The Role of Historical and Fossil Records in Predicting
Changes in the Spatial Distribution of Hylobatids 43**
Helen J. Chatterjee
- 3 Locomotion and Posture in Ancestral Hominoids Prior
to the Split of Hylobatids 55**
Matthew G. Nowak and Ulrich H. Reichard
- 4 The Fossil Record and Evolutionary History of Hylobatids 91**
Terry Harrison
- 5 Hylobatid Evolution in Paleogeographic and Paleoclimatic
Context 111**
Ulrich H. Reichard and Michelle M. Croissier

Part II Gibbon and Siamang Phylogeny

- 6 Unique Evolution of Heterochromatin and Alpha
Satellite DNA in Small Apes 139**
Akihiko Koga and Hirohisa Hirai
- 7 Phylogeny and Classification of Gibbons (Hylobatidae) 151**
Christian Roos

Part III Evolution of Gibbon and Siamang Morphology and Locomotion

- 8 Why Is the Siamang Larger Than Other Hylobatids? 169**
Ulrich H. Reichard and Holger Preuschoft

9	Gibbons to Gorillas: Allometric Issues in Hominoid Cranial Evolution	185
	Erin R. Leslie and Brian T. Shea	
10	The Torso-Orthograde Positional Behavior of Wild White-Handed Gibbons (<i>Hylobates lar</i>)	205
	Matthew G. Nowak and Ulrich H. Reichard	
11	Selective Value of Characteristic Size Parameters in Hylobatids. A Biomechanical Approach to Small Ape Size and Morphology	229
	Holger Preuschoft, K.-H. Schönwasser and Ulrich Witzel	
Part IV Gibbon and Siamang Cognition		
12	Hand Manipulation Skills in Hylobatids	269
	Jacqueline M. Prime and Susan M. Ford	
13	The Evolution of Technical Intelligence: Perspectives from the Hylobatidae	291
	Clare L. Cunningham, James R. Anderson and Alan R. Mootnick	
14	Communication and Cognition of Small Apes	313
	Katja Liebal	
15	Gibbon Songs: Understanding the Evolution and Development of This Unique Form of Vocal Communication	349
	Hiroki Koda	
	Erratum to: Phylogeny and Classification of Gibbons (Hylobatidae) . . .	E1
	Christian Roos	
	Index	361

Evolution of Gibbons and Siamang

Phylogeny, Morphology, and Cognition

Reichard, U.H.; Hirai, H.; Barelli, C. (Eds.)

2016, VII, 366 p. 60 illus., 18 illus. in color., Hardcover

ISBN: 978-1-4939-5612-8
