

# Contents

<b>Editor biographies</b>	<b>ix</b>
<b>Abbreviations</b>	<b>xi</b>
<b>1 Introduction</b>	<b>1</b>
<i>David Perry</i>	
References	2
<b>2 Overview of anticoagulants</b>	<b>3</b>
<i>David Perry</i>	
Warfarin	3
Heparin	4
Direct IIa (thrombin) inhibitors	6
Direct oral Xa inhibitors	7
Laboratory tests in patients on direct oral anticoagulant agents	9
Perioperative management of patients on direct oral anticoagulant agents	14
Direct oral anticoagulant agents: summary of pharmacokinetic properties	14
References	15
<b>3 Thromboprophylaxis in medical patients</b>	<b>17</b>
<i>David Perry</i>	
Introduction	17
Risk factors and risk assessment models in medical patients	18
Thromboprophylaxis clinical trials in medical patients	19
Who should not receive thromboprophylaxis?	24
Which drugs?	25
Direct oral anticoagulants for the prevention of venous thromboembolism in medical patients	25
References	25
<b>4 Introduction to thromboprophylaxis in surgical patients</b>	<b>29</b>
<i>David Warwick</i>	
Achieving a balance	29
Guidelines	31
References	32
	v

<b>5</b>	<b>Thromboprophylaxis in orthopedic surgery</b>	<b>33</b>
	<i>David Warwick</i>	
	The risk in orthopedic surgery	33
	Guidelines in orthopedic surgery	33
	Mechanical prophylaxis	34
	Pharmacological methods	34
	Particular aspects of chemical thromboprophylaxis	39
	Recommendations for specific orthopedic procedures	41
	References	43
<b>6</b>	<b>Thromboprophylaxis in cancer surgery</b>	<b>47</b>
	<i>David Gozzard and David Perry</i>	
	Pathophysiology	47
	Epidemiology	48
	Antithrombotic agents in cancer thromboprophylaxis	49
	The clinical approach to cancer thromboprophylaxis	50
	Recommendations	51
	References	52
<b>7</b>	<b>Thromboprophylaxis in other types of surgery</b>	<b>55</b>
	<i>David Gozzard and David Perry</i>	
	Neurological surgery	55
	Urological surgery	59
	Cardiothoracic surgery	60
	Gynecological surgery	63
	Patients with mechanical heart valves	63
	References	65
<b>8</b>	<b>Thromboprophylaxis in pregnancy</b>	<b>67</b>
	<i>David Perry</i>	
	Risk factors for venous thromboembolic disease in pregnancy	69
	Women on long-term anticoagulation	74
	Thrombophilia in pregnancy	75
	Antiphospholipid syndrome	75
	Monitoring of low molecular weight heparins in pregnancy	76

Commencing thromboprophylaxis	77
Regional anesthesia	77
Pharmacological thromboprophylaxis in pregnancy: agents	78
Mechanical thromboprophylaxis	79
References	80
<b>9 Venous thromboprophylaxis in children</b>	<b>81</b>
<i>Timothy Nokes</i>	
Introduction	81
Risk for venous thromboembolism in specific clinical settings	85
Guidelines and recommendations	86
References	93
<b>10 Thromboprophylaxis in cancer patients</b>	<b>97</b>
<i>Jennifer R Eads and Alok A Khorana</i>	
Introduction	97
Risk assessment	98
Outpatient thromboprophylaxis	101
Inpatient thromboprophylaxis	105
Summary	106
Acknowledgements	107
References	107
<b>11 Travel-related thrombosis</b>	<b>111</b>
<i>Mohammed M Khan and Henry G Watson</i>	
Introduction	111
Incidence of travel-related venous thromboembolism	111
Mechanism of travel-related venous thromboembolism	113
Thromboprophylaxis in long distance travel	113
Measures to reduce the risk of travel-related thrombosis	116
Summary	116
References	116

Handbook of Thromboprophylaxis

Perry, D.; Warwick, D. (Eds.)

2016, XIII, 118 p. 12 illus., 2 illus. in color., Softcover

ISBN: 978-3-319-21147-3
