

Contents

1. Views of the Moon from the Past.....	1
2. The Great Moon Hoax	11
Day 1	11
Day 2.....	20
Day 3.....	27
Day 4.....	33
Day 5.....	39
3. How the Moon Formed.....	45
Giant Impact Hypothesis (GIH).....	45
The Capture Theory.....	47
The Fission Theory	48
The Accretion Theory.....	48
The Georeactor Explosion Theory	50
The Big Splat Gets New Spin	53
Wandering Gas Giants and Lunar Bombardment	55
Lunar Paradox.....	62
Moon's Birth Is Rare.....	64
Moon Beams Used to Chemically Map Moon.....	65
4. Observing the Moon and Its Mystery Spots	75
A New Sight Every Night	75
The Best Times to Observe.....	76
Notable Surface Features	76
Plato	77
Reiner Gamma	82
The Aristarchus Plateau	90
Shackleton Crater.....	100
Compton-Belkovich Region.....	106
Cabeus	115

South Pole-Aitken Basin	119
Giordano Bruno	127
Ina	132
5. Water, Water Everywhere	137
Moon River	137
Missions and Programs to Find Water	143
A Possible Water Cycle on the Moon	146
Uses for Water on the Moon	148
Ownership of the Water	148
Regional Variations in Sources of Water	149
Solar Photons Driving Water from the Moon	150
Microwaves Could Extract Water from the Moon	152
How the Moon Produces Its Own Water	155
6. Shake and Quake Riddles	157
Blasts from the Past	157
Volcanic Structures on the Moon	162
Volcanic Activity Alive and Kicking...Barely	170
Whole Lot of Shaking Going On	172
New Computers Uncover Old Moonquakes	180
Repeating and Swarming Moonquakes	182
Is the Moon Still Tectonically Active?	184
Something Strange Triggering Moonquakes	188
Lunar Rock n' Roll	191
7. Waiter, There's Metal in My Moon Water!	193
New Mineral Proves Old Idea About Space	
Weathering	196
There's Gold in Them Thar Hills	200
Moon May Harbor Alien Minerals	203
Scientists Find Silver, Too	205
8. Strange Phenomena	209
Lunar Transient Phenomenon	209
Donut Craters	219
Tale of a Tail	226
Tale of Another Tail	230
Paved with Glass	234

Dark Shadows.....	241
Stranger Than Fiction	246
Sparks Fly	252
Mystery of the Moon Trees	254
The Moon Is a Harsh Mistress.....	258
What Makes Lunar Dust Sticky?.....	260
Artifacts on the Moon?.....	263
9. Surprising Discoveries	269
Radioactivity	269
The Lunar Atmosphere.....	274
Vanishing Magnetic Field	279
Sleeplessness.....	288
New Rock Stars.....	292
Our Incredible Shrinking Moon	293
How Fast Does Moon Dust Pile Up?.....	296
Solar Storms Sandblast the Moon's Surface.....	298
Crater Rays Point to New Lunar Time Scale	302
10. More Moon Mysteries.....	307
Is the Moon a Planet?.....	307
What If Earth Had No Moon?.....	311
A Hollow Moon?	317
Earth's Second Moon.....	320
The Lemon-Shaped Moon.....	328
Why Is the Moon Two-Faced?	332
Down the Lunar Rabbit Hole	339
New Origin for the Ocean of Storms	344
Moon Bumps.....	346
A Colorful World.....	348
Moon Still Hot Inside.....	351
Shooting Marbles at 16,000 Miles per Hour	353
Index	357

Modern Mysteries of the Moon

What We Still Don't Know About Our Lunar Companion

Foster, V.S.

2016, XIX, 363 p. 92 illus., 44 illus. in color.,

ISBN: 978-3-319-22120-5
