Contents

Part I Background

1 Introduction 3
References 5

2 Background of the Agricultural Power Supply Situation in India and Andhra Pradesh 7
2.1 History of the Indian Power Sector 7
2.2 Structure of the Power Sector in India 8
2.3 The Vicious Circle of Agricultural Power Supply 12
References 16

3 Strategies and Existing Projects 19
3.1 Recent and Ongoing Projects in India 19
3.1.1 Public and State-Level Projects 20
3.1.2 Foreign Development Cooperation Projects 21
3.1.3 Research and Development Projects 21
3.1.4 Community-Driven Projects 22
3.1.5 Summary 24
3.2 Discussion of Various Implementation Strategies 25
3.2.1 Low-Cost Versus High-Cost Solutions. 25
3.2.2 Technical Solutions and Institutional Requirements 26
References 29

4 Technical Background 31
4.1 Introduction 31
4.2 Electricity Infrastructure 32
4.2.1 Generation 32
4.2.2 Transmission 33
4.2.3 Distribution 34

4.3 Agricultural Pumpsets 35
4.4 Power Factor and Capacitors 36
References 37

Part II Pilot Project

5 Introduction 41

6 Project Overview 43
6.1 Partners 43
6.2 Pilot Project Region 46
6.3 Aims and Stakeholders 48
6.4 Technical Approach 50
6.5 Social Approach 50
Reference 52

7 Project Steps in Detail 53
7.1 Preparation and Planning Phase 53
7.1.1 Rationale for Choice of Intervention 53
7.1.2 Selection of Feeders 55
7.1.3 Social Survey 56
7.1.4 Technical Survey 66
7.2 Implementation Phase 67
7.2.1 Initial Capacitor Selection 68
7.2.2 Farmer Awareness-Raising Meetings 68
7.2.3 Capacitor Installation 69
7.2.4 Establishing Farmer Committees 71
7.2.5 Cooperation with CESS 72
7.2.6 Major Issues of Phase I 74
7.3 Evaluation Phase 75
7.3.1 Rationale 75
7.3.2 Technical Evaluation Methods 76
References 79

8 Results 81
8.1 Evaluation Results 81
8.1.1 Pumpset and DTR Measurement Results 81
8.1.2 Marginal Abatement Cost Analysis 83
8.2 Observations from the Field 88
8.2.1 Social Implementation 88
8.2.2 Technical Implementation 89
Reference 89

9 Upscaling Potential 91
9.1 Regional Upscaling 91
9.2 Technical Upscaling 92
9.3 Business Models for Upscaling 92
9.4 Political Upscaling 92

10 Conclusions and Outlook 95

Appendix I: Technical Parameters 97

Appendix II: Technical Questionnaire 101

Appendix III: DTRC Constitution and Minutes of Meetings 105

Appendix IV: Letter of Agreement to Join DTRC 117
