

# Contents

<b>1</b>	<b>Introduction</b>	1
1.1	Modal Predicates and Language	2
1.2	The Objects of Modal Ascriptions and Lewy's Argument	7
1.3	Modal Predicates and De Re Modality	11
1.4	Technical Prerequisites and Notation	12
1.4.1	Possible World Semantics	13
1.4.2	Arithmetic and Arithmetization	15
1.4.3	Fixed-Points and Monotone Operations	20
<b>2</b>	<b>Modality and Logic</b>	23
2.1	History and Beyond	23
2.2	Montague's Theorem and Modal Logic	31
2.2.1	A Classical Model for Truth	35
2.2.2	Models for Modalities Conceived as Predicates	42
2.2.3	Adequacy of the Predicate Approach to Modalities	47
2.3	Operators and Predicates	50
2.3.1	Predicates and Quantification	53
2.3.2	Operators, Quantification, and the Paradoxes of Indirect Discourse	56
2.3.3	Modalities, Reification and Self-reference	62
2.4	Conclusion	66
<b>3</b>	<b>Consistencies and Inconsistencies in Modal Logic</b>	69
3.1	Simple and Diagonal Modal Logic	70
3.1.1	Simple Modal Logic	71
3.1.2	Normal Modal Logic	74
3.1.3	Diagonal Modal Logic	78
3.1.4	Interpretations for DML	82
3.2	(In)Consistencies in Normal Modal Logic	90

3.3	(In)Consistencies in Non-normal Modal Logic . . . . .	94
3.3.1	(In)Consistencies in Classical Modal Logic . . . . .	95
3.3.2	Closure and Non-normal Modal Logic . . . . .	97
3.4	DML and $\omega$ -Inconsistency . . . . .	102
3.5	(In)Consistencies in Multimodal Logic . . . . .	106
3.5.1	Multimodal Logic and DML . . . . .	106
3.5.2	Inconsistencies in Multimodal Logic . . . . .	107
3.5.3	Consistencies in Multimodal Logic . . . . .	113
<b>4</b>	<b>Modality and Axiomatic Theories of Truth . . . . .</b>	<b>121</b>
4.1	Friedman-Sheard . . . . .	127
4.1.1	Modal Friedman-Sheard . . . . .	128
4.1.2	Modal Operator Logic and <i>MFS</i> . . . . .	134
4.1.3	The Kripke Reduction and <i>MFS</i> . . . . .	137
4.1.4	Modal Revision Semantics and <i>MFS</i> . . . . .	141
4.2	Kripke-Feferman . . . . .	149
4.2.1	Modal Extensions of Kripke-Feferman . . . . .	151
4.2.2	Modal Operator Logic and Modal Extensions of <i>KF</i> . . . . .	154
4.2.3	Modal Fixed-Point Semantics and <i>MKF</i> . . . . .	155
4.2.4	The Kripke Reduction and <i>MKF</i> . . . . .	166
4.3	<i>MFS</i> , <i>MKF</i> and Some Limitations of <i>MKF</i> . . . . .	171
<b>5</b>	<b>Conclusion . . . . .</b>	<b>175</b>
	<b>References . . . . .</b>	<b>177</b>
	<b>Author Index . . . . .</b>	<b>183</b>
	<b>Index . . . . .</b>	<b>187</b>
