

# Contents

<b>1</b>	<b>Introduction.</b>	<b>1</b>
1.1	An Emerging Interest in Observational Astronomy	1
1.2	John Tebbutt and Astronomical History	9
1.3	About This Book: What to Include and What to Exclude?	18
	References	23
 <b>Part I Pre-European Astronomy in The Pacific</b>		
<b>2</b>	<b>The Skies Over Aotearoa/New Zealand: Astronomy from a Maori Perspective</b>	<b>33</b>
2.1	Introduction	33
2.2	Source Limitations: The Nature of the Evidence	34
2.3	The Initial Settlement of Aotearoa/New Zealand and the Origin of Maori Astronomy	38
2.4	The World of the Maori Astronomer	41
2.5	The Creation of the Maori Universe	42
2.6	Celestial Objects and Events, and Documentation of Maori Astronomical Knowledge	44
2.6.1	Introduction	44
2.6.2	The Sun	44
2.6.3	The Moon	49
2.6.4	The Planets	51
2.6.5	Comets	55
2.6.6	Meteors and Meteorites	58
2.6.7	Stars and Asterisms	63
2.6.8	Variable Stars	68
2.6.9	Nebulae	73
2.6.10	The Milky Way and the Magellanic Clouds	74

2.7	The Astronomy-Meeting House Connection, and Astronomical Motifs in Maori Rock Art . . . . .	76
2.7.1	Meeting Houses and Astronomy . . . . .	77
2.7.2	Are There Astronomical Motifs in Maori Rock Art? . . . . .	78
2.8	Maori Concepts of Time . . . . .	79
2.9	Concluding Remarks . . . . .	84
	References . . . . .	85
<b>3</b>	<b><i>Mahutonga</i>: Did Proto-Polynesian Astronomers Record the Supernova of AD 185? . . . . .</b>	<b>89</b>
3.1	Introduction . . . . .	89
3.2	H.M. Stowell and <i>Mahutonga</i> . . . . .	90
3.3	Identifying <i>Mahutonga</i> . . . . .	93
3.3.1	Introduction . . . . .	93
3.3.2	Eta Carinae . . . . .	93
3.3.3	A Nova . . . . .	95
3.3.4	A Supernova . . . . .	96
3.4	Concluding Remarks . . . . .	99
	References . . . . .	102
 <b>Part II Cook Voyage Astronomy and New Zealand</b>		
<b>4</b>	<b>Astronomy on Cook's First Voyage: Mercury Bay and Queen Charlotte Sound, 1769–1770 . . . . .</b>	<b>107</b>
4.1	Introduction . . . . .	107
4.2	Planning for the Expedition . . . . .	112
4.2.1	Introduction . . . . .	112
4.2.2	Finding a Suitable Vessel . . . . .	112
4.3	The Astronomers . . . . .	114
4.3.1	Introduction . . . . .	114
4.3.2	Lieutenat James Cook (1728–1779) . . . . .	115
4.3.3	Charles Green (1734–1771) . . . . .	118
4.4	The Instruments . . . . .	123
4.4.1	Introduction . . . . .	123
4.4.2	Securing Celestial Positions: The Telescopes, Quadrants and Sextants . . . . .	127
4.4.3	Keeping Track of Time: The Clocks . . . . .	132
4.5	The Astronomical Observations . . . . .	135
4.5.1	Introduction . . . . .	135
4.5.2	Coastal Mapping and the Transit of Mercury . . . . .	136
4.6	Concluding Remarks . . . . .	142
	References . . . . .	143

<b>5</b>	<b>Astronomy on Cook's Second Voyage: Dusky Sound and Queen Charlotte Sound, 1773–1774</b>	149
5.1	Introduction	149
5.2	The Astronomers	152
5.2.1	Introduction	152
5.2.2	William Bayly (1737–1810)	152
5.2.3	William Wales (1734–1798)	154
5.3	The Instruments	155
5.3.1	Introduction	155
5.3.2	Securing Celestial Positions: The Telescopes, Quadrants and Sextants	157
5.3.3	Keeping Track of Time: The Clocks, Watches and Chronometers	160
5.3.4	Protecting the Equipment: The Tent Observatories	165
5.4	Pinpointing the Extremities of the South Island	166
5.5	Concluding Remarks	182
	References	183
<b>6</b>	<b>Astronomy on Cook's Third Voyage: Queen Charlotte Sound, 1777</b>	187
6.1	Introduction	187
6.2	The Astronomers	189
6.2.1	Introduction	189
6.2.2	Captain James Cook (1728–1779)	190
6.2.3	William Bayly (1737–1810)	192
6.2.4	James King (1750–1784)	192
6.3	The Instruments	194
6.3.1	Introduction	194
6.3.2	Securing Celestial Positions: The Telescopes, Quadrants and Sextants	194
6.3.3	Keeping Track of Time: The Clocks, Watches and Chronometers	195
6.3.4	Protecting the Equipment: The Tent Observatories	198
6.4	Refining the Location of Queen Charlotte Sound	198
6.5	Concluding Remarks	200
	References	202

### **Part III Fundamental Astronomy: Of Telescopes and Observatories**

<b>7</b>	<b>The ‘Cook’ Gregorian Telescope in the Museum of New Zealand Te Papa Tongarewa</b>	<b>207</b>
7.1	Introduction	207
7.2	The Telescope	207
7.3	The Chain of Ownership	209
7.4	The Cook Attribution	219
7.5	Concluding Remarks	223
	References	224
<b>8</b>	<b>Stephen Carkeek, the Wellington Time Ball, and New Zealand’s Oldest Surviving Observatory</b>	<b>227</b>
8.1	Introduction	227
8.2	Stephen Carkeek: A Biographical Sketch	230
8.3	The Wellington Time Ball	231
8.4	Astronomy at Featherston	234
8.5	New Zealand’s Oldest Surviving Observatory	239
8.5.1	Its Condition in 1994	239
8.5.2	Its Condition in 2014	240
8.6	Concluding Remarks	243
	References	245
<b>9</b>	<b>The Historic Astronomical Observatories in the Wellington Botanic Garden: A Brief Introduction</b>	<b>249</b>
9.1	Introduction	249
9.2	The Colonial Observatory	250
9.3	The Dominion Observatory	255
9.4	The Thomas King Observatory	259
9.5	The Wellington City Observatory (Aka the ‘Green Tin Shed’)	260
9.6	The Carter Observatory	262
9.7	Concluding Remarks	265
	References	267
<b>10</b>	<b>The Thames Observatories of John Grigg</b>	<b>271</b>
10.1	Introduction	271
10.2	John Grigg: A Biographical Sketch	272
10.3	Telescopes and Observatories	274
10.4	Astronomical Observations	280
10.5	Other Astronomical Activities	283
10.6	Concluding Remarks	286
	References	288

<b>11 The Wanganui Refractor and Its Remarkable English</b>	
<b>Equatorial Mounting</b> . . . . .	293
11.1 Introduction . . . . .	293
11.2 The English History of the Telescope . . . . .	294
11.3 The New Zealand History of the Telescope . . . . .	301
11.3.1 Transfer to New Zealand . . . . .	301
11.3.2 Role of the Telescope in Recreation and Research . . .	306
11.4 Concluding Remarks . . . . .	309
References . . . . .	310
<b>12 Joseph Ward: Pioneer New Zealand Telescope-Maker</b> . . . . .	315
12.1 Introduction . . . . .	315
12.2 Joseph Ward: A Biographical Sketch . . . . .	317
12.3 Ward Telescopes . . . . .	318
12.4 The Ward Legacy . . . . .	329
12.5 Concluding Remarks . . . . .	332
References . . . . .	333
<b>13 From Crossley to Carter: The Life and Times of an Historic</b>	
<b>Cooke Refractor.</b> . . . .	337
13.1 Introduction . . . . .	337
13.2 The Crossley Connection . . . . .	338
13.3 The Meeanee Years . . . . .	346
13.4 The 'Green Tin Shed' . . . . .	352
13.5 The Carter Connection . . . . .	355
13.6 Problems Associated with Cooke Photovisual Objectives. . . . .	360
13.7 Concluding Remarks . . . . .	362
References . . . . .	364
<b>Part IV Transits of Venus: The Quest for the Astronomical Unit</b>	
<b>14 The 1874 and 1882 Transits of Venus: An Overview</b> . . . . .	371
14.1 Introduction . . . . .	371
14.2 The 1874 Transit . . . . .	372
14.2.1 Introduction . . . . .	372
14.2.2 Observations of the Transit . . . . .	372
14.3 The 1882 Transit . . . . .	387
14.3.1 Introduction . . . . .	387
14.3.2 Observations of the Transit . . . . .	387
14.4 Discussion . . . . .	410
14.5 Concluding Remarks . . . . .	415
References . . . . .	416

<b>15 Refining the Astronomical Unit: Queenstown and the 1874 Transit of Venus . . . . .</b>	<b>421</b>
15.1 Introduction . . . . .	421
15.2 Instrumentation . . . . .	422
15.3 Queenstown, and the New Zealand Observing Party . . . . .	427
15.4 Observations and Results . . . . .	434
15.5 Discussion . . . . .	437
15.6 Concluding Remarks . . . . .	440
References . . . . .	441
 <b>Part V Stunning Spectacles: Eclipses, Comets and Meteor Showers</b>	
<b>16 The 1885 Total Solar Eclipse: An Amazing Public Spectacle . . . . .</b>	<b>447</b>
16.1 Introduction . . . . .	447
16.2 Coronal and Chromospheric Science Prior to the 1885 Eclipse . . . . .	448
16.3 Scientific Observations of the 1885 Eclipse . . . . .	451
16.4 Popular Astronomy and the 1885 Eclipse . . . . .	457
16.4.1 Astronomical Spectacles in the Years Leading up to the Eclipse . . . . .	457
16.4.2 The Media and the 1885 Eclipse . . . . .	461
16.5 Concluding Remarks . . . . .	476
References . . . . .	476
 <b>17 John Grigg, and the Genesis of Cometary Astronomy in New Zealand . . . . .</b>	<b>481</b>
17.1 Introduction . . . . .	481
17.2 Comets . . . . .	484
17.2.1 Introduction . . . . .	484
17.2.2 Discoveries . . . . .	484
17.2.3 Observations of Other Comets . . . . .	495
17.2.4 Comets and Astronomical Photography . . . . .	497
17.3 Discussion . . . . .	498
17.4 Concluding Remarks . . . . .	504
References . . . . .	505
 <b>18 C.J. Westland and Comet C/1914 S1 (Campbell): A Forgotten Episode in New Zealand Cometary Astronomy . . . . .</b>	<b>509</b>
18.1 Introduction . . . . .	509
18.2 C.J. Westland: A Biographical Sketch . . . . .	510
18.3 Comet Campbell-Westland-Lunt . . . . .	515

18.4	Discussion. . . . .	517
18.4.1	Naming Conventions. . . . .	517
18.4.2	Anti-Tails . . . . .	518
18.4.3	Nucleus Splitting and C/1914 S1 (Campbell) . . . . .	519
18.4.4	Westland's Pioneering Efforts in Astronomical Photography. . . . .	519
18.5	Concluding Remarks . . . . .	520
	References . . . . .	521
<b>19</b>	<b>A Catholic Approach to Astronomy: The Remarkable Record of Ronald A. McIntosh. . . . .</b>	<b>523</b>
19.1	Introduction. . . . .	523
19.2	Ronald Alexander McIntosh: A Biographical Sketch. . . . .	524
19.3	Meteor Research . . . . .	526
19.3.1	Introduction . . . . .	526
19.3.2	The Stationary Radiant Controversy . . . . .	530
19.3.3	The Eta Aquarid Radiant. . . . .	531
19.3.4	The Search for New Southern Showers . . . . .	531
19.3.5	Fireball Tracking and Reporting . . . . .	533
19.3.6	The Heights of Meteors. . . . .	535
19.3.7	The Accuracy of Meteor Shower Radiants . . . . .	536
19.3.8	The Velocities of Meteors and Fireballs. . . . .	537
19.3.9	Meteor Path Lengths. . . . .	539
19.3.10	The Sequel . . . . .	540
19.4	Binocular and Telescopic Astronomy . . . . .	540
19.4.1	Introduction . . . . .	540
19.4.2	The Moon . . . . .	541
19.4.3	Jupiter. . . . .	543
19.4.4	Comets . . . . .	545
19.4.5	Other Observations . . . . .	548
19.5	Other Astronomical Interests and Activities . . . . .	551
19.5.1	The History of New Zealand Astronomy . . . . .	551
19.5.2	Popular Astronomy. . . . .	552
19.5.3	Founding of the Auckland Observatory . . . . .	554
19.5.4	Involvement in Astronomical Societies . . . . .	556
19.6	Concluding Remarks . . . . .	557
	References . . . . .	558

## Part VI Other Notable Astronomers and Their Activities

<b>20</b>	<b>Great Comets, and Wellington's Earliest European Astronomers</b>	565
20.1	Introduction	565
20.2	The Great Comets of 1843 and 1844–1845	566
20.3	Observations of the Two Great Comets from Wellington	567
20.3.1	Comet C/1843 D1	567
20.3.2	Comet C/1844 Y1	569
20.4	Discussion	573
20.4.1	Who Was Wellington's First Resident European Astronomer	573
20.4.2	The Curious Case of James Henry Marriott: Was He Really New Zealand's First Professional Telescope-Maker?	575
20.4.3	Astronomy in the Classroom: The Case of the Grace Academy	579
20.4.4	The (Almost) Invisible Joseph Hurley	580
20.5	Concluding Remarks	580
	References	581
<b>21</b>	<b>Henry Severn: Thames' Talented Transitory Astronomer</b>	585
21.1	Introduction	585
21.2	Henry Severn: A Biographical Sketch	586
21.3	Astronomical Activities	589
21.3.1	Introduction	589
21.3.2	The 1874 Transit of Venus and Other Astronomical Observations	589
21.3.3	Educating the Public in Science and Astronomy	592
21.4	The Sequel	593
	References	594
<b>22</b>	<b>John Grigg, and His Pioneering Astronomical Photography</b>	597
22.1	Introduction	597
22.2	John Grigg: Astronomical Photographer	599
22.2.1	Introduction	599
22.2.2	Solar Photography	601
22.2.3	Lunar Photography	603
22.2.4	Cometary Photography	604
22.2.5	Stellar Photography	606

22.3	Discussion. . . . .	607
22.3.1	International Trends . . . . .	607
22.3.2	The Development of Astronomical Photography in New Zealand . . . . .	612
22.4	Concluding Remarks . . . . .	622
	References . . . . .	623
 <b>Part VII Opening a New Window on The Universe: Early New Zealand Radio Astronomy</b>		
<b>23</b>	<b>Dr Elizabeth Alexander and the Mysterious 'Norfolk Island Effect' . . . . .</b>	<b>629</b>
23.1	Introduction. . . . .	629
23.2	Elizabeth Alexander: A Biographical Sketch . . . . .	630
23.3	Investigating the 'Norfolk Island Effect' . . . . .	634
23.4	Discussion. . . . .	641
23.4.1	The Australian CSIR Division of Radiophysics Solar Research Program . . . . .	641
23.4.2	The New Zealand Sequel. . . . .	643
23.5	Concluding Remarks . . . . .	647
	References . . . . .	649
<b>24</b>	<b>John Bolton, Gordon Stanley, Bruce Slee and the Riddle of the 'Radio Stars' . . . . .</b>	<b>653</b>
24.1	Introduction. . . . .	653
24.2	Early Observations of 'Radio Stars': The New Zealand Connection . . . . .	654
24.3	Discussion. . . . .	661
24.3.1	From 'Radio Stars' to Discrete Sources . . . . .	661
24.3.2	The Enigma of Cygnus-A . . . . .	663
24.3.3	Media and Public Interest in the 'Radio Stars' Project . . . . .	664
24.3.4	Later Developments in Non-solar Radio Astronomy in New Zealand . . . . .	666
24.4	Concluding Remarks . . . . .	667
	References . . . . .	668
	<b>Index . . . . .</b>	<b>673</b>
