## Part I Social Participation and Mobility

<b>Design and Evaluation of a Second Screen Communication and Gaming Platform to Foster Teleparticipation of the Socially Isolated Elderly. . . . .</b>	<b>3</b>
Jakob Doppler, Gernot Rottermann, Sabine Sommer, Johannes Pflegerl and Peter Judmaier	

<b>Designing and Introducing an Activity Motivating Mobile Web App Platform for Seniors . . . . .</b>	<b>15</b>
Christian Lins, Melina Frenken, Luca Halder and Andreas Hein	

<b>Model-Based Approach for Posture and Movement Classification in Working Environments . . . . .</b>	<b>25</b>
Christian Lins, Sebastian M. Müller and Andreas Hein	

## Part II Sensor Data Analysis

<b>Continuous Geriatric Assessments Supported by a Mobile Service Robot: Movement Analysis . . . . .</b>	<b>37</b>
Melvin Isken and Andreas Hein	

<b>Inferring Multi-person Presence in Home Sensor Networks. . . . .</b>	<b>47</b>
Sebastian M. Müller, Enno-Edzard Steen and Andreas Hein	

## Part III Acceptance Factors and Barriers

<b>Implementing Data Protection and Information Security in AAL . . . . .</b>	<b>59</b>
Oliver Stutz, Sascha Todt, Sven Venzke-Caprarese, Susanne Boll, Wilko Heuten and Torben Wallbaum	

**Part IV Human-Computer Interaction**

<b>Development and Evaluation of an Assistive Workstation for Cloud Manufacturing in an Aging Society . . . . .</b>	<b>71</b>
---	-----------

T. Linner, J. Güttler, C. Georgoulas, A. Zirk, E. Schulze and T. Bock

<b>UCH Goes EAL4—The Foundation of an Eco System for Ambient Assisted Living: ISO/IEC 15408 Common Criteria Based Implementation of the ISO/IEC 24752 Universal Control Hub Middleware . . . . .</b>	<b>83</b>
--	-----------

Jochen Britz, Jan Alexandersson and Werner Stephan

<b>Ethical and Legal Aspects of an AAL System Supporting Night Care in Residential Care . . . . .</b>	<b>97</b>
---	-----------

Marjo Rauhala, Paul Panek, Katharina Werner and Walter Fuchs

**Part V Social Participation and Communication**

<b>Design and Implementation of a Concept for Two-Way Exchange and Network Building of Professionals from Different Working Fields Within the Context of AAL . . . . .</b>	<b>111</b>
--	------------

Melanie Heußner, Birte Löffler and Ludger Schmidt

<b>Chat-Machine: An Approach to a New Intergeneration Social Device for Elderly People . . . . .</b>	<b>123</b>
--	------------

D. Orradre, S. Heuer, L. Jungmann, C. Becker and C. Klotz

**Part VI Basic Technologies, The Future of Technology**

<b>A Novel Interface for Intuitive Control of Assistive Robots Based on Inertial Measurement Units . . . . .</b>	<b>137</b>
--	------------

Nina Rudigkeit, Marion Gebhard and Axel Gräser

Ambient Assisted Living

8. AAL-Kongress 2015, Frankfurt/M, April 29-30. April, 2015

Wichert, R.; Klausning, H. (Eds.)

2016, X, 146 p. 62 illus., 10 illus. in color., Hardcover
