Contents

Fundamentals of Power Systems 1
Binayak Banerjee, Dilan Jayaweera and Syed Islam

Modelling and Simulation of Power Systems 15
Binayak Banerjee, Dilan Jayaweera and Syed Islam

Micro Grid Planning and Operation 29
Binayak Banerjee, Dilan Jayaweera and Syed Islam

A Preliminary Study on Conversion Efficiency Improvement of a Multi-junction PV Cell with MPPT 49
Narottam Das, Hendy Wongsodihardjo and Syed Islam

Grid Integration of Renewable Energy Systems 75
Binayak Banerjee, Dilan Jayaweera and Syed Islam

Technical Challenges, Security and Risk in Grid Integration of Renewable Energy 99
Duong Quoc Hung, Md Rakibuzzaman Shah and N. Mithulananthan

Dynamic Modelling, Simulation and Control of a Commercial Building Microgrid 119
Lasantha Meegahapola and Duane Robinson

Probabilistic Methods Applied in Power and Smart Grids 141
Yingliang Li and Dilan Jayaweera

Planning and Operational Challenges in a Smart Grid 153
Zafar Ali Khan and Dilan Jayaweera

Applied Research in Energy Storage 179
Andreas Helwig
