1	Introduction	1
2	Business Model Research Agenda Positioning: Conceptual Frameworks, Functions, Benefits, Rationale, Dynamics, Performance, and Economic Feasibility	5
2.1	A Brief History of the Origin and Rise of the Business Model Concept	5
2.2	The Evolution of the ICT Exponential Growth and Influence of the Business Model	21
2.3	The Influence of Technology on the Creation of New Business Models	22
2.4	The Commonality and Difference Between Business Models and Strategies	22
2.5	Research Methodology Aims and Approaches	26
2.5.1	The Main Features and Strengths of the Longitudinal Design Research and Study	26
2.5.2	The Main Features and Advantages of the Meta-analysis Method	27
2.6	Desperately Seeking Definition: Identity Crisis of the Business Model	28
2.6.1	The Key Reasons for the Underdevelopment, Fragmentation, Incompleteness, Ambiguity, and Lack of a Unified Framework of the Business Model Concept	30
2.7	A Longitudinal Analysis of the Business Models’ Conceptual Frameworks, Functional Dimensions, and Modeling Principles . . .	31
2.8	The Multidisciplinary, Critical, Systematic, and Conceptual Research Framing of BMs’ Configured Dimensions and Semantics	34

2.8.1	Toward a Unified, Systematic, Integrative, Holistic, and Comprehensive BM Framework	38
2.8.2	The Synthesized Conceptual Framework	39
2.8.3	The Need for a Business Model Conceptual Framework	39
2.9	Guidelines to Develop a Consensus for the Business Model	40
2.10	Framing Future Trends of Business Model Research Agenda . . .	41
2.11	The Importance of Successful Business Model	46
2.12	The Benefits of the Business Model Framework	48
2.13	Major Challenges and Constraints in Understanding, Studying, and Adopting Business Models	49
2.14	Major Purposes of a Business Model	49
2.15	Major Objectives for Investigation on Business Models	50
2.16	Functions of a Business Model	50
2.17	Determining Factors of a Business Model's Wealth Potential . . .	51
2.18	Assessing the Economic Feasibility of a Business Model	51
2.19	Measuring the Performance of a Business Model	51
2.20	The Evaluation and Assessment of Business Models	52
2.21	The Business Model Logic and Organizational Usage	53
2.22	The Positioning of the Business Model Concept Within Organizations	53
2.23	Two Basic Components of the Business Model	54
2.24	Business Model Maturity Stages	54
2.25	The Benefits of Novel Business Model	54
2.26	The Need for a New Business Model	54
2.27	Main Reasons for Changing Business Model	55
2.28	Strategies for Reinventing Business Model	55
2.29	Methodology of Business Model design	56
2.30	Conceptual Differences Between Design Rationale of "Business Modeling" and "Process Modeling"	56
2.31	The Importance of Business Actors' Positioning Within the Dynamic Business Models' Framework	57
2.32	Conclusions	58
