

Contents

Hydrogeology of Plains	1
1 Plains	1
1.1 Alluvial Plains	4
1.2 Hydrogeological Behaviour	10
2 Coastal Plains	21
3 Methods and Techniques for Hydrogeological Studies	22
3.1 Background Data Collection	22
4 Hydrogeological Survey	27
4.1 Pumping Tests	28
4.2 Hydrogeological Exploration	29
4.3 Hydrogeological Mapping	34
5 Hydrochemistry	43
5.1 Drivers of Groundwater Chemical Composition	44
5.2 Salt Provided by the Rocks	45
5.3 Evolution	46
6 Vulnerability	47
6.1 Definition	47
6.2 Methods	48
6.3 How to Choose the Appropriate Method	57
6.4 A Comparison of the Methods	60
6.5 Cartographic Representation	61
6.6 Final Vulnerability Remarks	71
References	72
