1 Introduction.....	1
Eamonn M. Mcalea, Finbarr Murphy, and Martin Mullins	
Part I Regulatory, Social and Legal Challenges	
2 Nanomaterial and Nanotechnology Firms: A Typology	9
Anthony Carroll, Martin Mullins, Finbarr Murphy, Eamonn M. Mcalea, and Karena Hester	
3 Governance of Nanotechnology: Context, Principles and Challenges	29
Steven M. Hankin and Sheona A. K. Read	
4 Integrating the Social Impacts into Risk Governance of Nanotechnology	51
Vrishali Subramanian, Elena Semenzin, Alex Zabeo, Danail Hristozov, Ineke Malsch, Peter Saling, Toon Van Harmelen, Tom Ligthart, and Antonio Marcomini	
5 International Cooperation on Nanosafety Between Europe and Latin America	71
Ineke Malsch, Martina Lindorfer, Isabella Wagner, and Maria Lima-Toivanen	
6 Nanoeducation for Industry and Society	93
Ineke Malsch, Dorota Rutkowska-Zbik, Albert Duschl, Martin Himly, Thomas Zadrozny, Costas Kiparissides, Olga Kammona, Moshe Talesnik, Yoel Rothschild, David Rosenberg, Bartlomiej Szafran, Paula Queipo Rodriguez, and Iseult Lynch	
7 Nanotort Liability at Common Law	117
Karena Hester	

Part II Risk Assessment and Management

8 INSCX Exchange: The Hub Approach to Self-regulation in Support of Risk Governance, Assurance, and Transfer.....	137
Charles McGovern	
9 In Support of the Inclusion of Data on Nanomaterials Transformations and Environmental Interactions into Existing Regulatory Frameworks.....	145
Iseult Lynch and Robert Gregory Lee	
10 Applying Safety by Molecular Design Concepts to Nanomaterials Risk Management.....	171
Anna L. Costa	
11 A Bayesian Regression Methodology for Correlating Noisy Hazard and Structural Alert Parameters of Nanomaterials	197
Eamonn M. Mcalea, Finbarr Murphy, and Martin Mullins	
12 Organisational Risk Management of Nanomaterials Using SUNDS: The Contribution of CENARIOS®	219
Tobias Widler, Christoph Meili, Elena Semenzin, Vrishali Subramanian, Alex Zabeo, Danail Hristozov, and Antonio Marcomini
