
Contents

Part I What Is the Point of Architecture Evaluation?

1 Why Architecture Evaluation? 3

2 What Is the Background of Architecture? 11

3 What Is Architecture Evaluation? 21

4 How to Perform an Architecture Evaluation? 35

Part II How to Evaluate Architectures Effectively and Efficiently?

5 How to Perform the Driver Integrity Check (DIC)? 49

6 How to Perform the Solution Adequacy Check (SAC)? 59

7 How to Perform the Documentation Quality Check (DQC)? 73

8 How to Perform the Architecture Compliance Check (ACC)? 83

9 How to Perform the Code Quality Check (CQC)? 95

Part III How to Apply Architecture Evaluation in Practice?

10 What Are Example Cases of Architecture Evaluation? 107

11 How to Engage Management in Architecture Evaluation? 127

12 How to Acquire Architecture Evaluation Skills? 137

13	How to Start and Institutionalize Architecture Evaluation?	141
14	What Are the Key Takeaways of Architecture Evaluation?	147
	About Fraunhofer IESE.	149
	Bibliography	151
