

# Contents

## **Part I Impacts of Urbanization on Hydrological Processes and Mitigation Measures**

<b>Impact of Slope and Vegetation on Hydrological Processes . . . . .</b>	<b>3</b>
Achintyamugdha S. Sharma, Dipankar Das, Kumari Koustuvee, Bhupali Dutta, Ruchika Agarwala, Sagar Sen, Dhrubajyoti Thakuria and Arup K. Sarma	
<b>Impact of Total and Effective Imperviousness on Runoff Prediction . . .</b>	<b>23</b>
Sahoo Sanat Nalini and P. Sreeja	
<b>Issues of Urban Drainage—Present Status and the Way Forward . . . .</b>	<b>29</b>
Kapil Gupta	
<b>Optimal Allocation of Ecological Management Practices in a Hilly Urban Watershed . . . . .</b>	<b>35</b>
Banasri Sarma and Arup K. Sarma	

## **Part II Remote Sensing and GIS Applications in Urban Hydrology**

<b>Surface Runoff Depth by SCS Curve Number Method Integrated with Satellite Image and GIS Techniques . . . . .</b>	<b>51</b>
Thiyam Tamphasana Devi and Yashwant Baskar Katpatal	
<b>Study on the Impact of Land Use Changes on Urban Hydrology of Cochin, Kerala, India . . . . .</b>	<b>69</b>
Archana M. Nair, Lekshmi Mohanlal, C.R. Ayishath Nabeela, T.D. Aneesh and Reji Srinivas	
<b>Flood Plain Characterization of a River in Lower Assam Using Digital Elevation Model Data . . . . .</b>	<b>83</b>
Diganta Barman and Arup K. Sarma	

### **Part III Ground and Subsurface Water Hydrology of Urban Areas**

<b>Coastal Aquifer Management Models: A Comprehensive Review on Model Development</b> . . . . .	95
Rajib K. Bhattacharjya and Triptimoni Borah	
<b>Linked Optimization Model for Groundwater Monitoring Network Design</b> . . . . .	107
Deepesh Singh and Bithin Datta	
<b>Suction–Water Content Relationship for Hill Soil of North-East India.</b> . . . .	127
C. Malaya and S. Sreedeeep	
<b>Ground Water Management—Sustainability and Methodology</b> . . . . .	135
Vishwajit Anand and Sumit Kumar	
<b>Water Supply System Planning by Artificial Groundwater Recharge from Rooftop Rainwater Harvesting</b> . . . . .	145
Sirajul Islam and Bipul Talukdar	

### **Part IV Application of Computational and Numerical Models in Urban Hydrology**

<b>Two-Dimensional Numerical Model for Urban Drainage System</b> . . . . .	163
Sudarshan Patowary and Arup K. Sarma	
<b>Need of Two-Dimensional Consideration for Modelling Urban Drainage</b> . . . . .	175
Hriday Mani Kalita and Arup K. Sarma	
<b>Modeling Well Level Fluctuations as Seismograph</b> . . . . .	183
Prerna Agrawal, Shweta Khemani, N.P. Dewangan and Amit Mishra	
<b>Flow Analysis in Compound Channel Considering Momentum Transfer Mechanism</b> . . . . .	193
Thappeta Suresh Kumar and Arup K. Sarma	
<b>Optimal Reservoir Operation with Environmental Flows for Ranganadi Hydroelectric Project in Arunachal Pradesh</b> . . . . .	209
Mudo Puming and Ram Kailash Prasad	

### **Part V Soft Computing Techniques in Urban Hydrology**

<b>Analysis of Water Distribution Network Using Epanet and Vertex Method</b> . . . . .	227
P. Sivakumar and Ram Kailash Prasad	

<b>Applications of Wavelet Transform Technique in Hydrology—A Brief Review . . . . .</b>	<b>241</b>
Khandekar Sachin Dadu and Paresh Chandra Deka	
<b>ANN and ANFIS Modeling of Failure Trend Analysis in Urban Water Distribution Network . . . . .</b>	<b>255</b>
Libi P. Markose and Paresh Chandra Deka	
<b>Effects of Data Pre-processing on the Prediction Accuracy of Artificial Neural Network Model in Hydrological Time Series . . . . .</b>	<b>265</b>
Aniruddha Gopal Banhatti and Paresh Chandra Deka	
<b>Urban Water Consumption Estimation Using Artificial Intelligence Techniques . . . . .</b>	<b>277</b>
H.J. Surendra and Paresh Chandra Deka	
 <b>Part VI Socio-economic Aspects and Role of Society in Urbanization Impacts</b>	
<b>Estimating Sustainable Carrying Capacity of Flood Prone Hilly Urban Areas . . . . .</b>	<b>289</b>
Arup K. Sarma, Banasri Sarma and Subhasish Das	
<b>A Perceptual Analysis of Living Environment and Academic Performance of Geography Students, Benue State University, Makurdi, Nigeria . . . . .</b>	<b>305</b>
Irene D. Mngutyo and Benjamin Mngutyo	
<b>Empowering Community for River Basin Management . . . . .</b>	<b>323</b>
Bhaskar Chandrakar, N.P. Dewangan, Suraj Verma and Amit Mishra	
<b>Effect on Migrants Due to Urbanization: A Study of Slum Area in New Delhi . . . . .</b>	<b>331</b>
Simona Sarma and Bhaswati Choudhury	
<b>Role of Urban Local Bodies and Opportunities in Municipal Solid Waste Management . . . . .</b>	<b>341</b>
Waikhom Roshan Singh and Ajay S. Kalamdhad	
<b>Economic Evaluation of Transportation Project: A Case Study of Ferry System for IIT Guwahati . . . . .</b>	<b>353</b>
Abegaonkar Amit Anantrao, A. Mani Venkat Sai Kumar and A.K. Maurya	
<b>Author Index . . . . .</b>	<b>365</b>
<b>Subject Index . . . . .</b>	<b>367</b>

Urban Hydrology, Watershed Management and  
Socio-Economic Aspects

Sarma, A.K.; Singh, V.P.; Kartha, S.A.; Bhattacharjya,  
R.K. (Eds.)

2016, XIV, 370 p. 136 illus., 99 illus. in color., Hardcover

ISBN: 978-3-319-40194-2
