

Contents

| | |
|--|----------|
| 1 Thermal Processing in the Food Industry. An Introduction | 1 |
| Maria Micali and Marco Fiorino | |
| 1.1 Introduction to Thermal Processes for the Production of Safe Foods | 1 |
| 1.2 The Safety of Foods | 3 |
| 1.3 Food Preservation | 3 |
| References | 4 |
| 2 Thermal Processing in Food Industries and Chemical Transformation | 7 |
| Maria Micali and Marco Fiorino | |
| 2.1 Introduction to Food Preservation Methods. High-Temperature Systems | 8 |
| 2.1.1 Pasteurisation: General Features | 9 |
| 2.1.2 Sterilisation: General Features. | 11 |
| 2.2 Cold Preservation | 12 |
| 2.2.1 Cold Storage: Different Preservation Techniques | 13 |
| 2.3 Non-thermal Food Preservation Methods | 17 |
| 2.3.1 Modified Atmosphere Packaging Technologies | 19 |
| 2.3.2 Controlled Atmosphere Storage Techniques | 23 |
| 2.3.3 Vacuum Packaging and Hypobaric Packaging Systems | 24 |
| 2.3.4 Smart and Intelligent Packaging Systems | 25 |
| 2.3.5 High-Pressure Treatment | 27 |
| 2.3.6 Irradiation | 28 |
| 2.3.7 Superchilling | 28 |
| 2.4 Traditional Preservation Techniques. | 28 |
| 2.4.1 Preservation with Traditional Additives and Pretreatments | 29 |
| 2.4.2 Other Traditional and Modern Preservation Techniques | 32 |
| References | 37 |

| | |
|---|-----------|
| 3 Undesired Chemical Alterations and Process-Related Causes. The Role of Thermal Control and the Management of Thermal Machines. | 41 |
| Marco Fiorino and Salvatore Parisi | |
| 3.1 Introduction to Chemical and Physical Modifications of Foods in the Modern World | 42 |
| 3.2 Undesired Chemical Alterations and Thermal Processing Management | 46 |
| 3.3 Thermal Processing Parameters and Chemistry of Foods. | 48 |
| 3.3.1 Reduction of Hydric Amounts and Possible Damages After Cooking | 48 |
| 3.3.2 Hydrolysis of Proteins, Carbohydrates and Fatty Molecules | 50 |
| 3.3.3 Demolition of Nutrients. Maillard Reactions and Other Mechanisms | 50 |
| References | 51 |

The Chemistry of Thermal Food Processing Procedures

Micali, M.; Fiorino, M.; Parisi, S.

2016, VI, 54 p. 3 illus., 2 illus. in color., Softcover

ISBN: 978-3-319-42461-3
