

# Contents

## Invited Lectures

On the Morality of Teaching Students IT Crime Skills. . . . .	3
<i>Martin S. Olivier</i>	
Teaching Informatics in North America: Jugglers Wanted . . . . .	22
<i>Bob Travica</i>	

## Assessment Methods

A Comparison of E-Assessment Assignment Submission Processes in Introductory Computing Courses . . . . .	35
<i>Melisa Koorsse, Marinda Taljaard, and André P. Calitz</i>	
Assessing Programming by Written Examinations . . . . .	43
<i>Ken Halland</i>	
Criteria for Evaluating Automated Grading Systems to Assess Microsoft Office Skills . . . . .	51
<i>Melisa Koorsse, André P. Calitz, and Jaco Zietsman</i>	
Towards a Generic DSL for Automated Marking Systems . . . . .	59
<i>Fritz Solms and Vreda Pieterse</i>	

## Instruction Methods

Code Pathfinder: A Stepwise Programming E-Tutor Using Plan Mirroring . . .	69
<i>Mark S. Durrheim, Abejide Ade-Ibijola, and Sigrid Ewert</i>	
Flipping a Course on Computer Architecture . . . . .	83
<i>Hussein Suleman</i>	
Effective Integration of a Student Response System in An Undergraduate Computer Science Classroom: An Active-Engagement Instructional Strategy . . . . .	95
<i>Fani Moses Radebe and Liezel Nel</i>	
Teaching Operating Systems: Just Enough Abstraction . . . . .	104
<i>Philip Machanick</i>	

## New Curricula

CS and IS Alumni Post-Graduate Course and Supervision Perceptions. . . . .	115
<i>André P. Calitz, Jean Greyling, and Arthur Glaum</i>	

Introducing Health Informatics as an Elective Module in an Information  
Systems Honours Degree: Experiences from Rhodes University . . . . . 123  
*Greg Foster and Jane Nash*

Towards an Interdisciplinary Master’s Degree Programme in Big Data  
and Data Science: A South African Perspective . . . . . 131  
*Linda Marshall and Jan H.P. Eloff*

**Social Skills**

Reflections on a Community-Based Service Learning Approach  
in a Geoinformatics Project Module . . . . . 143  
*Serena Coetzee and Victoria Rautenbach*

Which Are Harder? Soft Skills or Hard Skills? . . . . . 160  
*Vreda Pieterse and Marko van Eekelen*

**Various Experiences**

A Case Study in the Use of the Five Step Peer Evaluation Strategy to  
Improve a First Year Computer Literacy Course: An Exercise  
in Reflective Evaluation Practice . . . . . 171  
*Mosiuo Tsietsi*

Enterprise Resource Planning Teaching Challenges Faced by Lecturers  
in African Higher Education Institutions . . . . . 179  
*Khadija M. Mahanga and Lisa F. Seymour*

Grit and Growth Mindset Among High School Students in a Computer  
Programming Project: A Mixed Methods Study . . . . . 187  
*Delia Kench, Scott Hazelhurst, and Femi Otulaja*

**Author Index** . . . . . 195

ICT Education

45th Annual Conference of the Southern African  
Computer Lecturers' Association, SACLA 2016, Cullinan,  
South Africa, July 5-6, 2016, Revised Selected Papers  
Gruner, S. (Ed.)

2016, XVI, 195 p. 28 illus., Softcover

ISBN: 978-3-319-47679-7
