<b>1</b>	<b>New Developments and Decision-makings in Production and Retailing</b>	<b>1</b>
1.1	Production and Retail Operations	1
1.1.1	New Developments in Manufacturing	1
1.1.2	New Developments in Retailing	2
1.2	Previous Studies on Decision-making Problems in Production and Retailing	3
1.2.1	Production Planning	4
1.2.2	Production Scheduling	4
1.2.3	Assembly Line Balancing	6
1.2.4	Sales Forecasting	7
1.3	Techniques for Decision-making Problems in Production and Retailing	8
1.3.1	Techniques for Production Optimization Problems	8
1.3.2	Techniques for Sales Forecasting Problems	10
1.4	Summary	10
	References	10
<b>2</b>	<b>Fundamentals of Intelligent Decision-Making Techniques</b>	<b>19</b>
2.1	Computational Intelligence Techniques: A Brief Overview	19
2.1.1	What Is CI?	20
2.1.2	Why Do We Need CI?	20
2.1.3	Classification of CI Techniques	21
2.2	Evolutionary Computation	22
2.2.1	Optimum-Seeking Mechanism of Evolutionary Computation Techniques	23
2.2.2	Brief Introduction to Genetic Algorithm	24
2.2.3	Brief Introduction to Evolution Strategy	25
2.2.4	Brief Introduction to Harmony Search	26
2.2.5	Brief Introduction to Memetic Algorithm	27

2.3	Feedforward Neural Networks . . . . .	28
2.3.1	Brief Introduction to FNNs . . . . .	29
2.3.2	Backpropagation Networks . . . . .	31
2.3.3	Extreme Learning Machine Networks . . . . .	32
2.4	Summary . . . . .	33
	References . . . . .	34
<b>3</b>	<b>An Intelligent Optimization Model for Order Scheduling at Plant Level . . . . .</b>	<b>37</b>
3.1	Introduction. . . . .	37
3.2	Problem Statement . . . . .	39
3.2.1	Problem Description and Assumptions . . . . .	39
3.2.2	Notations . . . . .	40
3.2.3	Mathematical Model. . . . .	41
3.3	Uncertain Completion and Beginning Times . . . . .	43
3.3.1	Completion Time of Production Process . . . . .	43
3.3.2	Beginning Time of Production Process . . . . .	43
3.4	Genetic Algorithm-Based Intelligent Optimization Approach for Order Scheduling Problem . . . . .	44
3.4.1	Representation . . . . .	45
3.4.2	Initialization . . . . .	46
3.4.3	Fitness and Selection . . . . .	46
3.4.4	Genetic Operators . . . . .	47
3.4.5	Termination Criterion . . . . .	49
3.5	Experimental Results and Discussion . . . . .	49
3.5.1	Experiment 1: Order Scheduling with Uncertain Processing Time. . . . .	50
3.5.2	Experiment 2: Order Scheduling with Uncertain Order . . . . .	54
3.5.3	Experiment 3: Order Scheduling with Uncertain Arrival Times . . . . .	55
3.6	Conclusions . . . . .	56
	Appendix . . . . .	57
