

Contents

1	Identification of the Problem	1
1.1	Introduction	1
1.2	Statement of the Problem	3
1.3	Objectives of the Research	3
1.3.1	General Objective	3
1.3.2	Specific Objectives	4
1.4	Rationale	4
1.5	Methodology	5
1.6	Theoretical Background of the Study	6
1.7	Limitations of the Study	7
1.8	Review of Literature	8
	References	11
2	The Teesta River and Its Basin Area	13
2.1	The Teesta River and Its Basin Area	13
2.1.1	The Origin of the Teesta River and Its Present Status in Bangladesh	13
2.1.2	The Spatio-physical Nature of the Study Area	14
2.1.3	A Brief Description on Geomorphic and Hydrological Characteristics of the Teesta River	15
2.2	Water Use Systems at the Downstream of the Teesta River	16
2.2.1	The Irrigation and Water Delivery System of the Dalia Barrage	16
2.2.2	Increasing Trend of Agricultural Production After Starting of the Dalia Barrage Project in Bangladesh	17
2.2.3	Total and Marginal Productivity Under the Dalia Target Area	17

2.3	Sharing of the Teesta Water	22
2.3.1	General Features of the Two Barrages on the Teesta River: Dalia and Gazoldoba	22
2.3.2	Disastrous Effects on Agricultural Production in Bangladesh Caused by the Gazoldoba Barrage	24
2.3.3	Severity of the Problem at Dalia: Major Concerns Published in Various Media	27
2.3.4	Severity of the Problem at Dalia: Major Concerns Published in Various Media (up to August 2015)	29
	References	42
3	The Field Survey: A Comparative Socio-economic Survey on the Dalia and Gazoldoba Areas	45
3.1	Introduction	45
3.2	Locale	46
3.3	Methodology, Data Collection, Data Analysis and Limitations . . .	46
3.4	Results and Discussions	47
3.4.1	General Information	47
3.4.2	Socio-economic Status	48
3.4.3	Environmental Status	56
3.4.4	Opinions of the Officials and Beneficiaries of the Teesta Barrages (Dalia and Gazoldoba)	59
3.5	Summary of the Field Survey	63
3.5.1	Summary of the Field Survey on the Dalia Target Area . . .	63
3.5.2	Summary of the Field Survey on the Gazoldoba Target Area	65
3.5.3	A Follow-up Field Survey on the Gazoldoba Target Area 2002–2007	66
3.5.4	Another Follow-up Field Survey on the Gazoldoba Target Area 2010–2014	70
3.6	Significance of the Study	82
3.7	Conclusion	83
	References	83
4	Indicators and Principles of International Water Sharing	85
4.1	General Principles of Transboundary Freshwater Sharing	85
4.1.1	Legal Principles	85
4.1.2	Right Based Principles	86
4.1.3	Economic Principles	88
4.2	Indicators Influencing the Teesta Water Issue	89
4.2.1	Environmental Indicators	89
4.2.2	Economic Indicators	90
4.2.3	Social Water Stress Index Indicators	90
4.2.4	Territorial and Political Indicators	90
4.2.5	Institutional Indicators	91
4.2.6	Other Indicators of Transboundary Water Conflicts	91
	References	92

5	Different Approaches to International Water Sharing Issue	93
5.1	Legal Approach to International and Bilateral Water Sharing	93
5.1.1	Some Examples of Peaceful International Water Sharing . .	93
5.1.2	Legal Liability of India for Extraterritorial Damages Caused by the Gazoldoba Barrage	95
5.2	Geo-political Approach	97
5.2.1	Administrative Commitment, Cooperation and Signing Treaty or Agreement	97
5.2.2	Joint River Commission (JRC) Meetings and Commitments on Teesta Water Sharing	97
5.3	Economic Approach	98
5.3.1	Economic Criteria as Basis for Peaceful Water Sharing . .	98
5.3.2	Principles of Beneficial Use	99
5.3.3	Principles of Optimal Allocation	100
5.3.4	An Optimal Approach to the Sharing of Teesta Water in Dry Season	101
5.3.5	Welfare Maximisation	101
	References	102
6	Bilateral Water Sharing Model	105
6.1	Mathematical Approach to Water Sharing	105
6.1.1	Skeleton of the Model	105
6.1.2	A Solution to the Model Under Cooperative Condition . . .	107
6.1.3	Specific Equations	108
6.1.4	Negotiation Points, Measurement of Loss Incurred by the Upstream Withdrawal and Diversion of Dry Season's Teesta Water	111
6.2	Simulation Model	113
6.2.1	Equations	113
6.2.2	Cases for Simulation	119
6.2.3	Results of Simulation	119
6.3	Possible Alternative Water Allocation Policy	128
	References	128
7	Recommendations	129
7.1	Policy Recommendations	129
7.1.1	An Optimal Solution to Dry-Season Water Sharing Problem	129
7.1.2	Establishing a Special Economic Block	130
7.2	Conclusion	132

Appendices	135
Appendix 1: Meaning of Technical Words Used	135
Appendix 2: Location Maps and Various Data Sheets	137
Appendix 3	151
Appendix 3.1: Pictures of the Dry Teesta River at Dalia, Bangladesh	151
Appendix 3.2: Pictures of the Teesta River and Story of Being Dried Up at Dalia, Bangladesh (Satellite Images: Source-Internet)	154
Appendix 3.3: Flash Floods of the Teesta River in Rainy Season, Bangladesh	158
Appendix 3.4: Loss of Crops, Environmental Ruins and Biodiversity	161
Appendix 3.5: Meeting, Conferences and Treaty Signing Efforts on the Teesta River Sharing Issue Between India and Bangladesh	165
References	169

Water Use and Poverty Reduction

Islam, M.F.

2016, XXIX, 171 p. 71 illus., 64 illus. in color., Hardcover
