

Preface

It is indeed a pleasure to receive overwhelming response from researchers of premier institutes of the country and abroad for participating in the 3rd International Conference on Advanced Computing, Networking, and Informatics (ICACNI 2015), which makes our endeavor successful. The conference organized by School of Computer Engineering, KIIT University, India during 23–25 June 2015 certainly marks a success toward bringing researchers, academicians, and practitioners in the same platform. We have received more than 550 articles and very stringently have selected through peer review 132 best articles for presentation and publication. We could not accommodate many promising works as we tried to ensure the quality. We are thankful to have the advice of dedicated academicians and experts from industry to organize the conference in good shape. We thank all people participating and submitting their works and having continued interest in our conference for the third year. The articles presented in the two volumes of the proceedings discuss the cutting edge technologies and recent advances in the domain of the conference.

We conclude with our heartiest thanks to everyone associated with the conference and seeking their support to organize the 4th ICACNI 2016.
