

Contents

Part I Engineering Management

A Comparative Study on Retailer’s Refunding Strategies Considering Products Advance Selling	3
Gang Wang, Zhao-chao Dong and Zhi-bao Li	
Research on the Monopolist’ Repurchase and Remanufacture Decisions Based on Heterogeneous Consumer Considering Buy-Back Cost	15
Zhao-fang Mao, Xin-Xin Li and Wei Liu	
Study on the Exchange Rate Risk of China International Construction Enterprises	27
Quan Fan and Xing Bi	
Technology Diffusion and Acquisition Premium in M&A	35
Rui-ye Wan and Hong Zeng	
Coordinated Development Degree of County Socio-Economic System Prediction Based on GA-SVM	45
Jing Zhao, Ying Wang and Xing-hua Dang	
Quality Safety Risk Analysis on Children’s Car Safety Seat	53
Xia Liu, Qian Wu, He-liang Song and Ying Li	
Coupling Relationship Analysis of Economic Growth and Environmental Pollution in Western Region	63
Ling Lin, Qing-qing Cao and Zhong-li Zhou	
The Dynamic Analysis of R&D Competition Behavior of a Duopoly Under the Condition of Different Expectations	75
Dong-wei Huang, Yu-xia Fu and Shen-xin Yu	

Strategic Human Capital in Organization: Frontier Review, Prospective Commentary, and Guiding Framework	85
Long Xu, Su-ying Gao, Lu Zhang, Hong-feng Zhang, Hui Yu and Chun-ying Song	
Research on the Effects of the Fixed Asset Investment on the Nonperforming Loans Ratio	99
Guo-yi Li and Jing Sui	
Research on Real-Time Cost Control in Factory in IT Environment	109
Yu-xiang Pan, Er-shi Qi and Dan An	
Fuzzy Catastrophe Model of Project Selection Based on Strategy	117
Bao-long Wang, Cheng-long Wang and Yuan-tao Song	
Synergistic Factor Analysis of Production-City Integration	129
Shui-bin Jiang and Jiang Shen	
Analysis of Industry-University-Research Cooperation Organization.	137
Xiao-yu Ye and Ying Shen	
Application of TOPSIS Evaluation Method in the Cultivation of Scientific and Technological Achievements	145
Hui-ming Xu, Jing-hua Wang, Meng Zhang, Chun-jie Hou, Xi Chen and Jian-fei Ji	
A Study on Safety of Transportation System of Marine Dangerous Chemicals Based on Energy Concept	159
Jian-min Li, Shao-zhen Song, Ya-lin Diao and Wei Guan	
Empirical Study on Key Risk Factors of Project Bidding	171
Shu-qing Liu and Chun-hua Li	
A Game Analysis of Quality Supervision Over Rural Development Projects	185
Fu-jiang Sun	
Analysis on the Influence Factors of Construction Enterprise Synergistic Development Based on the Ecological Perspective	193
Chong Jia, Zhi-hong Wang and Dong-mei Feng	
Study on the Extended Management Methods of Outsourcing Research Projects of Enterprises	201
Qian-long Yu, Lin Chen and Lei Sun	
Evaluating Agricultural Catastrophe Risk in Guangdong Province . . .	207
Lei Xu	

Research of Data Resource Description Method Oriented Provenance	215
Yan-peng Zhao, Chao-fan Dai and Xiao-yu Zhang	
Study on the Support System of Safety Hidden Hazards Warning and Countermeasures for Main Ventilator in Coal Mine.	225
Xiao-yan Gong, Xin Gao and Yu-xuan Xue	
Enterprise Service Bus Based on OSGi	233
Wei Huang, Bao-cheng Sun, Ming-di Xu, Heng Zhao and Ying-song Hu	
Robust Design for Remanufacturing Logistics Network Based on Stochastic Programming	247
Hui Zheng, Wei Zhang and Jun-yu Wang	
Lateral Replenishment Strategy for Chain Supermarket Fresh Agricultural Products Inventory Optimization	259
Guang-shu Xu, Z.L. Song, S.J. Piao, H.F. Zhang and X.W. Zhang	
Part II Value Engineering	
Study on the BP Neural Network Evaluation Model of Employability	273
Pei-lin Chen, Wei Cheng and Ting-ting Fan	
Study on the Application of Genetic Algorithm Based BP Neural Network Model in Field of Cross Selling	283
Pei-lin Chen, Wei Cheng and Ting-ting Fan	
The Design of Floating Magnetic Pendulum-Driven Robot Fish Diving and Counterweight	295
Hong-xiu Zhu, Da-feng Zhu, Tie-lei Zhao, Zi-hang Gao, Ying-ying Zhong, Ye He, Yong Wang, Jia-tong Liu and Li-jun Wang	
College Students' Life Satisfaction Evaluation Based on Structural Equation Model	303
Xiao-yan Gu and Xin-ru Pan	
Research on Rural Infrastructure Project Management of Baohe Village in Beijing of China	311
Jun-qi Hou and Yun-jiao Duan	
Owner Oriented Integration Management of Large General Hospital Construction Projects.	317
Yu-cheng Pang and Li Shi	

Predicting Technical Communication Between Teams in GPD Project Related Redesign Components	327
Sonia Kherbachi and Qing Yang	
Research of Distribution Center Site Selection Based on Fuzzy Analytic Hierarchy Process	335
Yi-hong Cheng and San-yuan Zhou	
Study on Innovation and Driving Mechanism of Internet Finance	343
Hu-bin Jin and Cheng-hu Zhang	
Research on Cost Management of Real Estate Project Construction Phase Based on Value Engineering: The Observatory World Project of China State Construction Property Company as an Example.	351
Huan-wu Yin, Hui-jiang Yang and Hui-jie Gao	
Analysis on Cost Management Application of Value Engineering at Design Phase of Real Estate Projects.	361
Huan-wu Yin, Hui-jiang Yang and Hui-jie Gao	
Research on Application of Value Engineering in Optimization Design in the International EPC Project	373
Yan-fang He and Zi-cheng Tao	
Application of Value Engineering in Urban Planning Practice—3 Cases at Different Levels	383
Jian-feng Xu, Yang Lu and Ling Huang	
Research on the Key Factors of Urban Gas Repair Operation Based on Analytic Hierarchy Process	393
Xia-xi Li, Cui-mei Li, Qian Yan and Ya-hui Wang	
The Efficiency of Supply Chain Technology Estimation Model Based on Malmquist Productivity Parametric Decomposition Approach.	401
Heng-shan Zong, Guo-zhu Jia and Yang Cheng	
Research on the Optimization of Parts Processing System Based on Queuing Theory and Value Engineering	417
Ying-wei Cui and Hai-bo Li	
An Attention-Based View of Internet Business Platform Service Value	427
Xue-qing Wang and Li-ming Chen	
Integrated Planning with Value Engineering for Call Centers Equipment and Workforce Capacity Expansions	437
Hong-xun Wang, Yi-bo Wang and Xiao Shang	

An Introduction of Application of Value Engineering in Beijing-Tianjin-Heibei Traffic Integration.	451
Han-po Hou, Bei-bei Wang and Wei Yao	
Improvement of the “Bottom-up” Approach in Value Engineering	461
Zhi-wei Jiang, Hua-yan Yu and Xue-song Wang	
Development of Chinese Bonded Logistics Parks and Tax Policy Analysis	469
Suo-quan Zhang, Nian-qing Wang and Yan-jie Shu	
The Layout Optimization Model and Algorithm of Logistics Park Potential.	479
Guo-wen Ren and Ying-jie Huang	
The Control and Application of the Overbooking Strategy—Empirical Research on Air China	489
Shou Li, Lun Li and Chen-xiao Zhao	
The Impact of FDI on the Income and Income Gap of Urban Residents	495
Shuo Li and Lun Li	
Study on the Strategies of Target Cost Management in the Supply Chain of Aeronautic Complex Product	501
Hang-hang Chen and Li-xin Pan	
The Research About the Effect of Straw Resources on the Economic Structure of Jilin Province.	511
Wei-dong Xi, Yu-tao Sun, Guan-fang Yu and Ya-qing Zhang	
Information Conflicts, Ambivalence, and the Judgment of Nonprofessional Investors	519
Mao-ran Meng, Li-xin Pan and Ling-ling Tan	
Research on Performance Evaluation of Tourism Management Professionals Training.	531
Shan-shan Lv and Yan-zhang Gu	
The Risk Assessment Method and Application of Aviation Subcontract Base on Three-Dimensional Evaluation Model.	539
Si-jia Zhu and Xin Liu	
Research on Constructing the Information Platform of Customs	547
Ning Ding	
Research on Cross-Border Trade e-Commerce Taxation—A Case Study of the Diamond Industry	559
Ning Ding and Yan Wang	

Research on Schedule Risk Management of Interdisciplinary Complex Giant System	567
Jia Lei, Wan-hua Qiu, Chang-hong Ding and Wen-feng Yuan	
Research on the Application of Internet Financial Integration in China Ping An (Group)	573
Ji-qiu Xiao and Miao Yu	
Study of Chinese Luxury Import Tax Revenue-Taking Luxury Bags for Example	581
Chang-hu Liu, Ming-lu Xu and An-qi Zhang	
An Empirical Research on C2C Purchase Intention Based on Mobile Social Networking Service	591
Guo-wen Ren and Dan-dan Yuan	
Institutional Norms for Place Branding and Its Effect on Corporate Involvement Behavior	599
Wei-hong Zhao and Fan Zhang	
Study on Influential Factors of Agricultural Eco-place Brand Competitiveness	611
Wei-hong Zhao and Hui-long Zhang	
Dimensions and Formation Mechanism of Customer-Based Place Brand Equity	621
Wei-hong Zhao and Yu-dong Zhang	
The Strategy of E-Commerce Platform Based on the Perspective of Resource Orchestration: A Case Study of Haier	629
Nan Yang, Tao-hua Ouyang, Jing-bo Hu and De-lin Zeng	
Analysis on the Effect of Straw Resources in Jilin Province Based on Multi-objective Programming	639
Hong-jing Zhang, Ya-qing Zhang and Yu-tao Sun	
Index Spot Futures Arbitrage Based on Contingent Claim Analysis	649
Chao Wang and Yi Cui	
Effect Evaluation of the Whole Bidding Based on Analytic Hierarchy Process	661
Ying-wei Cui and Hui-min Li	
Study on Extensional Evaluation of Excavation Engineering Project Management Performance on OWA Operator	675
Hui Guang and Fei Ren	

A Brief Discussion on Blue Ocean Strategy of the Farm Product Electronic Business Under the Booming O2O Pattern	685
Jun Ma	
Cost Control System Building Based on Government Investment Construction Project	695
Zhen-quan Wu, Fang Liu and Xiao-yun Xu	
Preferential Mode of Import Tariff in Context of E-Commerce Cross-Border Trade	707
Shuo-quan Zhang, Ying-hui Xia and Yan-jie Shu	
Application of SPSS in EIQ Analysis	717
Xiao-juan Yang and San-yuan Zhou	
Research on Gray Fuzzy Risk Assessment in Water Transportation of Dangerous Goods	725
Xiao-li Zhao	
Supplier Selection Decision-Making Model Based on Entropy and Its Application in the Large Aircraft Project	733
Chang-hong Ding, Wen-feng Yuan, Meng Zhao and Wan-hua Qiu	
Study of Fund Performance Evaluation Based on Insurance Costs . . .	743
Xin-an Fan	
Entropy-Based ERP System Selection Model Study	751
Xiao-yan Gu and Meng-xiao Wang	
Application of DEA in the Value Optimization Study of China Listed Media Companies	761
Hui-chen Jiang and Shan-cun Liu	
Research on Prediction of Transmission and Transformation Project Cost Index Based on ARIMA and Exponential Smoothing Models.	771
Dong-xiao Niu and Fu-yu Hua	
Analysis of Countermeasures Negotiation Process Based on Resource Acquisition	781
Jian-fen Yan, Yong-gui Shi and Shi-meng Ma	
Research on Enterprise Innovation Behavior and Model of Regional Industry Cluster in Hebei Province	791
Shi-meng Ma, Yong-gui Shi and Hai-xia Li	
Research on the Current Situation and Innovation Mode of Land Transfer in Hebei Province Under the Background of “Internet +”	803
Hai-xia Li, Yong-gui Shi and Shi-meng Ma	

Corporate Ethics and Ethical Judgment of Earnings Management—Psychological Safety as Mediator. 813
Xiao-xu Zhang

The Case-Based Reasoning Evaluating Model of Coal Resource Mining Right with Unknown Attribute Strength Function. 823
Shao-hui Zou, Yan-yan Yuan and Jin-suo Zhang

Research on the Effectiveness of Intellectual Capital in Driving the Market Value of China Listed Companies—Taking Communication and Other Related Equipment Industries for Example 833
Hui-chen Jiang and Shan-cun Liu

Practice and Innovation of Engineering Construction Project Management. 841
Ge-ping Wang, Zhen-quan Wu and Tao Wang

A Research on the Integrated Value Management of PPP Project Based on Hall’s Three Dimensional Structure. 849
Guo-zong Zhang, Jin-hua Wang, Yong-hua Wang and Wan-hua Qiu

The Exploration of Project Management Enterprise Standard to Enhance the Enterprise Value 859
Tao Wang, Ge-ping Wang, Su-ping Zhu and Ying-chun Zhu

Research and Application of Integrated Quality System for Large-Scale Complex Equipment Manufacturing 871
Cheng Li

Research on High-End Manufacturing Innovation and Development Way Based on Cloud Computing 881
You-cheng Shan, Chao Lv, Qiu-ye Zhang and Xin-yu Tian

Proceedings of the 22nd International Conference on
Industrial Engineering and Engineering Management
2015

Innovation and Practice in Industrial Engineering and
Management (Volume 2)

Qi, E.; Shen, J.; Dou, R. (Eds.)

2016, XIV, 888 p. 180 illus., 96 illus. in color., Hardcover

ISBN: 978-94-6239-176-5
