<b>1</b>	<b>Introduction</b>	<b>1</b>
1.1	Background	1
1.2	Research Method and Data	3
1.2.1	Research Method	3
1.2.2	Research Data	4
1.3	Research Ideas and Contents	6
1.4	Contributions	8
	References	10
<b>2</b>	<b>Research Development of Theories and Empirics of Factor Income Distribution</b>	<b>11</b>
2.1	Measurement Issues of the Labor's Share of Income	12
2.2	Methods for Measuring the Labor's Share of Income	14
2.2.1	Treatment on the Net Taxes on Production	14
2.2.2	Distribution of Labor and Capital in Proprietors' Income	15
2.2.3	Adjustment of the Labor's Share Through Employment Numbers	17
2.2.4	Methods for Distinguishing Raw Labor and Human Capital	18
2.3	Theories of Determination of the Labor's Share of Income in Autarky	20
2.3.1	Early Theoretical Studies About Determination of the Labor's Share of Income	20
2.3.2	The Relationship Between the Labor's Share of Income and the Capital Output Ratio	25
2.3.3	The Impact of Technological Progress on the Labor's Share of Income	27
2.3.4	The Impacts of Imperfect Competition on the Labor's Share of Income	30

2.3.5	The Impacts of Labor Heterogeneity on the Labor's Share of Income . . . . .	32
2.4	The Deterministic Theory of Labor's Share of Income Under Economic Globalization . . . . .	34
2.4.1	The Labor's Share of Income in the Neoclassical Trade Model. . . . .	34
2.4.2	Trade in Intermediate Inputs and the Labor's Share of Income. . . . .	35
2.4.3	Foreign Direct Investment and the Labor's Share of Income. . . . .	37
2.5	The Deterministic Theory of Labor's Share of Income During Economic Transition . . . . .	39
2.5.1	The Evolution of Labor's Share of Income in the Post Modernization. . . . .	39
2.5.2	The Movement of the Labor's Share of Income in Dual Economy . . . . .	40
2.6	The Empirical Analysis of the Determination of the Labor's Share of Income . . . . .	41
2.6.1	The Dispute About Stability of Labor's Share of Income . . . . .	41
2.6.2	The Structural Factors of the Labor's Share of Income. . . . .	42
2.6.3	The Determinist Factors of the Labor's Share of Income. . . . .	46
2.7	Inspiration of Current Studies and Future Direction . . . . .	52
	References . . . . .	55
<b>3</b>	<b>Structure Factors in the Movements of Labor Income Share: Comparison Analysis of Income Approach of GDP and Flow of Funds Account of China . . . . .</b>	<b>59</b>
3.1	Introduction . . . . .	59
3.2	The Movements of Total Labor's Share of Income and Its Modifications . . . . .	61
3.3	Structural Factors of Sectoral Change of the Labor's Share of Income . . . . .	63
3.4	The Volatility of the Labor's Share of Income and Its Decomposition . . . . .	68
3.4.1	The Comparison of Volatility of the Labor's Share of Income. . . . .	68
3.4.2	Decomposition of Volatility of the Labor's Share of Income. . . . .	69
3.5	Conclusion and Policy Implications . . . . .	72
	References . . . . .	74

<b>4</b>	<b>Unbalanced Economic Growth and Uneven National Income</b>	
	<b>Distribution</b> . . . . .	75
4.1	Introduction . . . . .	75
4.2	Labor's Share of Income in National Income Distribution. . . . .	77
4.2.1	Dealing with Net Taxes on Production. . . . .	78
4.2.2	Division and Revision of Proprietors' Income . . . . .	79
4.2.3	Movement of Labor's Share of Income Since Reform and Opening up. . . . .	81
4.3	Dividing National Income into Raw Labor and Human Capital . . . . .	82
4.4	Extended MRW Growth Model. . . . .	87
4.5	Distribution Pattern Along the Unbalanced Growth Path. . . . .	90
4.6	Conclusions and Policy Implications . . . . .	92
	Appendix . . . . .	94
	References . . . . .	102
<b>5</b>	<b>Estimation and Analysis of Movements of Real Labor's Share of Income</b> . . . . .	105
5.1	Introduction . . . . .	105
5.2	Current Estimation of the Labor's Share of Income and Its Limitation . . . . .	106
5.2.1	The Data Sources of Estimating the Labor's Share of Income . . . . .	106
5.2.2	Current Estimation Method of the Labor's Share of Income . . . . .	108
5.2.3	Limitation of Estimating the Labor's Share of Income . . . . .	108
5.3	Distinguish the Nominal and Real Labor's Share of Income . . . . .	110
5.3.1	Theoretical Model . . . . .	110
5.3.2	Estimation of the Nominal and Real Labor's Share of Income in China . . . . .	112
5.3.3	Estimating Provincial Nominal and Real Labor's Share of Income . . . . .	114
5.3.4	Discussion About the Change of the Real Labor's Share of Income and U-Shape Turning Point . . . . .	117
5.4	Conclusion and Policy Implication. . . . .	120
	References . . . . .	121
<b>6</b>	<b>Decomposition and Mechanism of Movement of China's Labor's Share of Income</b> . . . . .	123
6.1	Introduction . . . . .	123
6.2	Decomposing the Change of the Labor's Share of Income . . . . .	125
6.2.1	Decomposition Equations of the Change of Labor's Share of Income . . . . .	125
6.2.2	Decomposing the Change of Labor's Share of Income in China . . . . .	126
6.2.3	Decomposing Provincial Labor's Share of Income. . . . .	130

6.3	The Theoretical Mechanism of the Change of Labor's Share of Income . . . . .	133
6.3.1	The Theoretical Model of Labor's Share of Income and Its Expansion . . . . .	133
6.3.2	Variables and Theoretical Hypothesis. . . . .	136
6.4	The Empirical Analysis of the Change of the Labor's Share of Income in China . . . . .	139
6.4.1	Econometric Results of the Level Equations . . . . .	139
6.4.2	Econometric Results of the Difference Equations. . . . .	143
6.5	Conclusion and Policy Implication. . . . .	147
	References . . . . .	149
<b>7</b>	<b>Change of Trade Mode and Decrease of Labor's Income Share: Empirical Evidence from China's Industrial Sector . . . . .</b>	<b>151</b>
7.1	Introduction . . . . .	151
7.2	Industrial Differences and Decomposition of Labor's Share of Income. . . . .	153
7.2.1	Industrial Differences of Chinese Labor's Share of Income. . . . .	153
7.2.2	Decomposing Labor's Share of Income Within the Industrial Sector. . . . .	155
7.2.3	Robustness Test from Input–Output Table . . . . .	157
7.3	Empirical Model and Data Description . . . . .	159
7.3.1	Trans-Log Cost Function Model . . . . .	159
7.3.2	Explanatory Variables and Data Description . . . . .	160
7.4	Empirical Results and Discussion . . . . .	163
7.4.1	Empirical Results . . . . .	163
7.4.2	Robustness Test . . . . .	165
7.4.3	Discussion of Empirical Results . . . . .	166
7.5	Conclusion and Policy Implications . . . . .	168
	Appendix . . . . .	169
	References . . . . .	179
<b>8</b>	<b>Firm Heterogeneity, Ownership Structure and Labor's Share of Income . . . . .</b>	<b>181</b>
8.1	Introduction . . . . .	181
8.2	Theoretical Model . . . . .	184
8.3	Data and Statistical Facts . . . . .	188
8.4	Empirical Model, Variables and Estimation Methods . . . . .	192
8.5	Empirical Tests and Discussion . . . . .	195
8.6	Conclusion and Policy Implication. . . . .	199
	Appendix . . . . .	201
	References . . . . .	202

**9 Conclusions and Policy Implications of this Book . . . . . 205**

9.1 Main Conclusions . . . . . 207

9.2 Policy Implications . . . . . 210

9.3 Future Direction of Study . . . . . 212

References . . . . . 213

**Bibliography . . . . . 215**

Labor's Share of Income

Another Key to Understand China's Income Inequality

Zhou, M.

2016, XIX, 218 p. 25 illus. in color., Hardcover

ISBN: 978-981-10-0172-7
