1	Institutional Framework of China (Shanghai) Pilot Free Trade Zone (Hereinafter SFTZ)	1
1.1	The Starting Point for the Strategy of Establishing SFTZ	1
1.1.1	Being Proactive in Following the New Trends of Global Economic Governance	2
1.1.2	Being Proactive in Meeting New Demands and Obeying New Rules of International Trade and Investment.	2
1.1.3	Being Proactive in Creating New Advantages and Bonus Points of Promoting Development and Reform by Opening-up	3
1.1.4	Being Proactive in Undertaking China's New Missions and Strategies of Opening-up	3
1.2	New Trends and Features of Free Trade Zones in the World	4
1.2.1	1st Feature: From Trade in Goods to Trade in Goods and Services, with More Emphasis on Developing Trade in Services	4
1.2.2	2nd Feature: From Trade-Oriented to Both Trade-Oriented and Investment-Oriented, with More Emphasis on the Convenience and Liberalization of Investment.	5
1.2.3	3rd Feature: From Onshore Service to Both Onshore and Offshore Service, with More Emphasis on Offshore Service	6
1.2.4	4th Feature: From Freedom in Trade to the Linkage Mechanism of Freedom in Trade, Investment, and Finance, Adapting to New Rules of International Trade and Investment	6

1.3	Functional Orientation of SFTZ	7
1.3.1	Innovation in Modes of Trade	8
1.3.2	Innovation in Investment Openness.	8
1.3.3	Innovation in Offshore Service	9
1.3.4	Innovation in Governmental Management Service.	9
1.4	The System of SFTZ	10
1.4.1	Outside the Customs and Within the Boundary	10
1.4.2	A Management System of Trade in Service in Line with International Rules.	11
1.4.3	The Access System of Foreign Investment Based on Negative List Management	11
1.4.4	A More Efficient and Standardized System of Investment Management	12
1.4.5	A Flexible and Controllable System of Foreign Exchange Management	13
1.4.6	A Financial System in Line with Market-Oriented Global Financial Service	14
1.4.7	A Management System of Taxation in Line with International Practices	15
1.4.8	A Legal System in Line with International Rules	15
2	International Yardsticks of SFTZ	17
2.1	Openness in the Scope of Investment	18
2.1.1	Openness in the Service Industry	18
2.1.2	Negative List Management Model	18
2.1.3	Overseas Investment Management	25
2.2	Transformation and Upgrading of International Trade	31
2.2.1	Upgrading the International Trade.	31
2.2.2	International Shipping Service	33
2.3	Opening-up and Innovation in the Financial Sector.	36
2.3.1	Financial Liberalization	36
2.3.2	Financial Service Functions (Offshore Finance)	37
2.4	Legal and Efficient Government Administration	38
2.4.1	Government Administration System	38
2.4.2	Government Administration Method	38
2.4.3	Legal System	43
2.5	“Outside the Customs and Within the Boundary” in Customs Supervision	44
2.5.1	Customs Supervision Mode	45
2.6	The System Design of Taxation	48
2.6.1	Taxation Design	48

3	A Comparison of FTZs in the World	53
3.1	An Overview of FTZs in the World	53
3.1.1	Basic Feature of FTZs.	53
3.1.2	The Changing Functions of FTZs	55
3.1.3	The System Design of FTZs	65
3.1.4	Major Policies of FTZs	68
3.2	The System of FTZs in Developed Countries (with USA as an Example)	70
3.2.1	FTZs in Developed Countries.	70
3.2.2	Features of FTZs in Developed Countries	70
3.2.3	The System Design of FTZs in Developed Countries.	72
3.2.4	The Administrative System of FTZs in Developed Countries.	73
3.2.5	Special Policies of FTZs in Developed Countries	74
3.3	The System Design of FTZs in Emerging Economies (with Dubai as an Example)	76
3.3.1	Development of FTZs in Emerging Economies.	76
3.3.2	Functional Features of FTZs in Emerging Economies.	77
3.3.3	The System Design of FTZs in Emerging Economies.	77
3.3.4	The Administrative System of FTZs in Emerging Economies.	78
3.3.5	Preferential Policies of FTZs in Emerging Economies.	78
3.4	The System Design of FTZs in Developing Countries (with Brazil as an Example)	79
3.4.1	Development of FTZs in Developing Countries	79
3.4.2	Functional Features of FTZs in Developing Countries.	80
3.4.3	The System Design of FTZs in Developing Countries.	81
3.4.4	The Administrative System of FTZs in Developing Countries.	82
3.4.5	Special Policies of FTZs in Developing Countries	83
3.5	The System of Governmental Administration in FTZs.	84
3.5.1	The Macroeconomic System of Governmental Administration	84
3.5.2	The FTZ's System of Governmental Administration	84
3.5.3	Basic Features of Governmental Administration of FTZs.	85
3.5.4	Cases of Governmental Administration in the World's Established FTZs	85

4	Financial Regulations of China (Shanghai) Pilot Free Trade Zone	91
4.1	Capital Account Liberalization	91
4.1.1	International Experience	91
4.1.2	Capital Account Liberalization in SFTZ	93
4.2	Interest Rate Liberalization	93
4.2.1	International Experience on Interest Rate Liberalization	94
4.2.2	Interest Rate Liberalization Reform in SFTZ	94
4.3	Reform on Foreign Exchange Management	95
4.3.1	International Experience on Exchange Rate Controls	95
4.3.2	The Reform of Foreign Exchange Management in SFTZ	96
4.4	The Development of Offshore Finance	97
4.4.1	International Experiences on Offshore Finance	97
4.4.2	Development of Offshore Finance in SFTZ	98
5	Investment and Supervision Systems in SFTZ	99
5.1	International Experience on Foreign Investment and Corporation Supervisions	99
5.1.1	Singapore's Supervisions on Foreign Investment and Enterprises	99
5.1.2	South Korea's Foreign Investment and Corporate Governance Practices	104
5.1.3	Hong Kong's Foreign Investment and Corporate Regulation Practices	106
5.1.4	America's Foreign Investment and Corporate Regulation Practices	108
5.1.5	Germany's Foreign Investment and Corporate Regulation Practices	112
5.1.6	Australia's Foreign Investment and Corporate Regulation Practices	114
5.2	Common Features of Foreign Investment and Corporate Regulation	119
5.2.1	Convenient to Start a Business	119
5.2.2	Relaxed Restrictions on Conducting Business	120
5.2.3	Focusing on Follow-up Management and Security Review	121
5.2.4	Building a Sound Legal Environment for Business	121
5.3	Foreign Investment and Corporate Regulation of SFTZ	122

5.4	Negative List Management Mode of Foreign Investment	123
5.4.1	Definition and Features of the Negative List	124
5.4.2	Overview on the Adoption of Negative List Approach.	124
5.4.3	Ways of Negative List Design	125
5.4.4	The Sectors Commonly Identified in Negative Lists	126
5.4.5	Negative List Case Study: NAFTA.	127
5.5	Antitrust and Security Review System of Foreign Investment (Taking the U.S. as an Example)	128
5.5.1	Overview of CFIUS	129
5.5.2	The Object of CFIUS's Review	129
5.5.3	Review Criteria of CFIUS	131
6	Tax System of SFTZ	133
6.1	Design Basis of the Tax System.	133
6.1.1	Building a Tax System in Line with International Practice	133
6.1.2	Trying for Piloting, Exploring Innovative Experiences for Deepening the Tax Reform	136
6.1.3	Forstering a Tax Environment in Line with New Businesses	137
6.2	Tax System that Boosts the Offshore Business.	139
6.2.1	International Comparison.	139
6.2.2	Domestic Status Quo	140
6.2.3	SFTZ Tax System Arrangements Related to Offshore Business	140
6.3	Tax System that Boosts Overseas Investment.	141
6.3.1	International Comparison.	142
6.3.2	Domestic Status Quo	151
6.3.3	The Tax Incentives for Overseas Equity Investment in SFTZ	153
6.4	A Tax System that Boosts the Headquarters Economy	153
6.4.1	International Comparison.	154
6.4.2	Domestic Status Quo	155
6.4.3	Taxation System in SFTZ that Boosts Headquarter-Related Economy	161
6.5	Tax System that Boosts the Emerging Service Industry.	162
6.5.1	International Comparison.	162
6.5.2	Domestic Status Quo	164
6.5.3	Taxation Arrangements for Promoting Emerging Service Industry	170

6.6	Innovative Institutional Arrangements of Tax Collection and Administration	171
6.6.1	International Comparison	171
6.6.2	Domestic Status Quo	172
6.6.3	Innovative Institutional Arrangements of Tax Collection in SFTZ	172
7	Offshore Business of the China (Shanghai) Pilot Free Trade Zone	175
7.1	Basic Functions and Development Trend of International Offshore Trade (Finance) Business	175
7.1.1	Features of Offshore Trade and Triangle Trade	175
7.1.2	Background and Reason for the Emergence of Offshore Trade	177
7.1.3	Basic Functions of Offshore Trade	178
7.1.4	Trend for the Current Offshore Trade	179
7.2	Strategic Necessity for Free Trade Zone to Develop Offshore Trade (Finance)	181
7.2.1	Strategic Necessity	181
7.2.2	Strategic Urgency	183
7.3	Strategic Feasibility of Launching Offshore Trade (Finance) in FTZ	184
7.3.1	Strategic Feasibility	184
7.3.2	Constraints that Need Removing	187
7.4	Institutional Arrangement for Offshore Trade (Finance) in FTZ	188
7.4.1	Establishing a Lax and Manageable Foreign Exchange Settlement Regime	188
7.4.2	Establishing an Attractive and Competitive Taxation Regime	189
7.4.3	Possessing Innovative Offshore Finance Capabilities That Supports Offshore Trade Financing and Settlement	189
7.4.4	Building a Fast, Efficient, Convenient, and Safe Trade Facilitation Mechanism	190
7.4.5	Having a Team of High-End Cross-Disciplinary Talents that Masters the International Norms of Global Investment and Finance Is Needed	190
7.5	Encourage Offshore Finance Growth Through Offshore and International Trade	190
7.5.1	Offshore Trade and International Trade Need the Support of Offshore Finance	191
7.5.2	Priorities in Pursuing Offshore Finance Development Relying on Offshore Trade and International Trade	192

8	China (Shanghai) Pilot Free Trade Zone and Government Reform	195
8.1	International Trends in Government Administrative Reform	195
8.1.1	Administrative Reforms Aim to Create a Business-Friendly Environment	195
8.1.2	Ensuring a Liberalized and Convenient Trade and Investment Environment Becomes a Centerpiece for Constructing a Global Enabling Trade Environment	201
8.1.3	A Mature and Sound Legal Environment Is an Important Precondition for Achieving Trade Investment Liberalization and Convenience	202
8.2	International Lessons to Be Learnt from	203
8.2.1	Creating a Relaxed and Equal Market Entry Environment	203
8.2.2	Implement a Convenient and Standardized Corporation Establishment Procedure	206
8.2.3	Build an Efficient Market Environment Oversight Mechanism	208
8.2.4	Formulate Sound Trade Facilitation Measures	211
8.2.5	Explore the Wide Application of E-Administration	213
8.3	Institutional Arrangement of the Free Trade Zone	215
8.3.1	Negative List Investment Management	215
8.3.2	Foreign Investment Access Recordation Mechanism	216
8.3.3	Reform of the Commercial Registration System	216
8.4	Free Trade Zone Will Promote Administrative Reform and Innovation	218
8.4.1	Value Regulation-Based Monitoring	218
8.4.2	Value Market Monitoring	219
8.4.3	Value Institutional Innovation	219
8.4.4	Value Monitoring After and During the Transactions	219
8.4.5	Value Innovation in Administrative Environment	220
9	SFTZ and Headquarters Economy	221
9.1	New Trends of MNC's International Strategy	221
9.1.1	New Changes of MNC's Global Strategic Layout	221
9.1.2	New Changes of MNC's Global Investment Rules	222
9.1.3	New Changes of MNC's Development Strategy	223

9.2	Considerations and Policy Demands from MNC's	
	Headquarters	224
9.2.1	Key Elements and Core Indicators of MNC's	
	Regional Headquarters	224
9.2.2	Differentiated Demands for Different Types	
	of Headquarters	227
9.3	Policies and System Bottlenecks of Encouraging MNC's	
	Headquarters	228
9.3.1	Opening-up Access	229
9.3.2	Tax System	229
9.3.3	Business Environment	230
9.4	Driving Effect on Headquarters Economy of SFTZ	231
9.4.1	Driving the Accelerated Agglomeration	
	of Headquarter Institutions	231
9.4.2	Industry Expansion of Headquarters Economy	231
9.4.3	Further Business Expansion of Headquarters	
	Economy	232
9.5	The System to Boost Headquarters Economy of SFTZ	233
9.5.1	Further Opening-up of Services and Expanded	
	Agglomeration of Headquarters Economy	233
9.5.2	APOP Implementation and Asia-Pacific Operator	
	Headquarters	233
9.5.3	Optimization of Differentiated Support Policies	
	and Promotion of Business Upgrading	
	of Headquarter Institutions	233
9.5.4	Further Taxation Innovation for the Agglomeration	
	of Headquarters	234
9.5.5	Reform of Foreign Company Management	
	and Better Government Services	235
9.5.6	Optimization of Supporting System and Soft	
	Development Environment of Headquarters	
	Economy	235
10	SFTZ and "The Four Centers of Shanghai"	237
10.1	Industrial Innovation, Transformation and Upgrading	237
10.1.1	Focusing on the Intelligent Manufacturing, Green	
	Energy and Digital Services, and Selectively Grab	
	the Development Commanding Height	
	of the Strategic Emerging Industries	237
10.1.2	Selectively Achieving the Technological	
	Breakthroughs and Application Innovation Around	
	the New Generation of Information Technology,	
	New Energy Technology, Green Low Carbon	
	Technology, New Material and Biotechnology,	
	and Other Key Fields	239

10.1.3	Focusing on Supporting the Production, Organization and Technological Model Innovation of MNCs in Shanghai and Big Municipal Enterprise Groups, and Pay Attention to Promoting the Agglomeration the “Micro MNCs”	240
10.1.4	Promoting the Manufacturing Enterprises to Realize the Development Transformation of “R&D and Sales in Shanghai and Production Outside of Shanghai”, and Shape the New Competitive Advantages of the Industrial Chain	241
10.1.5	Based on the In-depth Application and Broad Penetration of the Information Technology, Lead the New Industry, New Format and New Model Innovation of the Service Economy Through the Platform Economy	242
10.1.6	Integrating into Globalization with More Proactive Opening-up Strategy and Participate in the Technical Development, Standard Setting and Strategic Division of Labor of the New Industrial Revolution.	243
10.1.7	Building the New Generation of Personalized, Intelligent, Networked and Low-Carbon Smart City Unit and Strengthen the In-depth Integration of IT and Urbanization	244
10.1.8	Creating “Bonuses” of the Institutional Reform and Innovation, and Form the Internal Mechanism and the External Environment Industry Adapting to the New Industrial Revolution Developments	246
10.2	Functional and Institutional Innovation of the International Financial Center.	247
10.2.1	The Market-Oriented Interest Rate Reform Will Be Steadily Promoted, and the Position of SHIBOR as the Benchmark Interest Rate Will Be Consolidated	247
10.2.2	The Capital Account Convertibility Pilots Will Be Promoted Steadily and the RMB Cross-Border Investment and Financing Center Will Be Built	248
10.2.3	Accelerating Liberalization of Financial Markets and Building More International Financial Markets	249
10.2.4	Great Efforts Will Be Made to Attract More Headquarter-Type Functional Financial Institutions to Settle in Shanghai and to Level up Financial Services in Shanghai.	250

10.2.5	Relaxing the Private Capital Access and Accelerating the Development of Various Private Financial Institutions	250
10.2.6	Construction of Offshore RMB Centers for Mutual Development with Onshore Centers	251
10.2.7	Accelerating Development of the RMB Clearing System and Building a Sound and Modernized Financial Infrastructure System.	251
10.2.8	Improving the Financial Legislation and Tax Credit System and Optimizing the Financial Development Environment	252
10.3	Functional and Institutional Innovation of International Shipping Center	253
10.3.1	Construction Progress of the International Shipping Center	253
10.3.2	International Shipping Center to Support China's Economic Transformation and Upgrading	256
10.3.3	Pilot to Innovatively Explore Policies About Functions of the International Shipping Center	258
10.3.4	Develop the Shipping Finance in a Leap-over Manner	265
10.4	Function and System Innovation of the International Trade Center.	270
10.4.1	Speeding up Promoting the System Innovation of CSPFTZ and Forming the New System Policy Advantages for Building the International Trade Center.	270
10.4.2	Making Innovative Breakthroughs in Policies Related with the Offshore Trade and Building the International Trade Demonstration Area	271
10.4.3	Deepening the Innovative Piloting of Opening the Service Industry and Building the Service Trade Function Innovation Area	272
10.4.4	Vigorously Develop Offshore Finance and Collaboratively Promote Financial Reforms and Functional Innovations Related to Trade	273
10.4.5	Accelerating Reforms of the Port Customs Clearance Mode and Creating Piloting and Demonstration Areas of Trade Facilitation.	274
10.4.6	Making Innovative Breakthroughs in Import Trade Mechanism and Policies and Accelerating the Construction of the Innovation Demonstration Areas for National Import Trade.	275

10.4.7	Strengthening the Innovation of Government Services and Policies, and Taking the Lead to Build the Institutional Environment Adapting to the Agglomeration Development of New Types of Trade Forms	276
10.4.8	Innovatively Develop the “Smart Trade” Mode and Promote the In-depth Integration of Trade and Information	277
11	China (Shanghai) Free Trade Zone One-Year Review	279
11.1	Four Institutional Breakthroughs Achieved by the SFTZ	279
11.1.1	Investment Management Innovation	280
11.1.2	Revise the Trade Supervision and Management Mechanism	281
11.1.3	Explore Innovations in the Financial Institution	282
11.1.4	Making Changes to the Interim and Ex-post Regulation	283
11.2	Four Reform Achievements Made by the SFTZ	284
11.2.1	SFTZ Is Creating a New Level of Openness that Fuels Reform Further, Becoming a New High Ground for National Reform	284
11.2.2	SFTZ Has Made the Service Industry More Open and Raised the Level of Openness Significantly on a National Level	286
11.2.3	An Institutional Framework that Adopts International Norms Is Basically Formed, Providing Experience for China to Engage in International Trade and Investment that Require Higher Standards.	286
11.2.4	A Number of Creative Practices Are Gained that Are Replicable and Feasible, Which Help Facilitate a New Wave of Opening up and Reform	287
11.3	The SFTZ Has Been Widely Praised by Foreign and Domestic Enterprises	289
11.3.1	The SFTZ’s Principle of More Openness Is Fully Acknowledged by Enterprises	289
11.3.2	A More Friendly and Relaxing Business Environment Created by the SFTZ Is Fully Acknowledged by Enterprises	290
11.3.3	The SFTZ’s Bold Attempts at Innovation Are Positively Regarded by Enterprises	290
11.3.4	Financial Innovations Initiated by the SFTZ Are Highly Praised by the Enterprises	291

11.4	Problems and Difficulties Facing the SFTZ	291
11.4.1	The SFTZ and the Sino-US and Sino-Europe Bilateral Investment Treaty (BIT) Isn't Well Connected, Which Has Damaged the Role of the SFTZ as a Experimental Field for Trade Rules Related to BIT	291
11.4.2	Negative List Is Still not Compatible with International Norms in Terms of Form, Content and Access Qualifications, Which Requires Further Improvement.	292
11.4.3	The Limited Space of the SFTZ Has Hindered the Implementation of Many Open Policies	293
11.4.4	Institutional Innovations Lack Overall Design, Which Damages the Impact of These Efforts	293
11.4.5	Institutional Innovation Alone Cannot Quench the Thirst, but Government Agencies Need to Meet the Practical Needs of Enterprises.	294
11.4.6	Institutional Innovations Are Still Constrained. Breakthroughs Can Be Made in Theory and Practice.	295
11.4.7	Spillover Effect Is Lacking, Which Requires Further Efforts to Strengthen It	296
11.4.8	Institutional Innovations and Openness that Conform to International Norms Should Receive More Attention. The Role of the SFTZ as a Pioneering Ground Should Be Strengthened.	297
11.5	The FTZ's Strategy of Deepening the Reform and Opening up Process	298
11.5.1	The FTZ Needs to Catch up with the New Changes of International Trade and Investment Rules. It Should Facilitate the Opening up and Reform Process	298
11.5.2	Insights Gained Through the FTZ Should Be Categorized and Expanded to Other Areas.	301
11.5.3	Actively Expand the FTZ	302
11.5.4	Further Reduce and Complete the Negative List.	304
11.5.5	Promote the Financial Innovation and Open-up Actively and Stably	306
11.5.6	Further Expand the Open-up of Services Industry.	308
11.5.7	Explore and Establish the Taxation System in Line with the International Conventions	309

11.5.8	Innovate and Consummate the Supervisory System in the FTZ.	310
11.5.9	Improve the Legal Systems in the FTZ	312
11.5.10	Build a Sound Credit System in the FTZ.	313
12	Strategic Planning of China (Shanghai) Pilot Free Trade Zone. . .	315
12.1	Institutional Innovation in SFTZ	315
12.1.1	The Realization of Institutional Innovation.	315
12.1.2	Success in Reform and Opening-up	316
12.2	Focus of Deepening Institutional Innovation in SFTZ	318
12.2.1	Coordination Between Institutional Innovation in SFTZ and the 13th Five-Year Plan	318
12.2.2	Institutional Innovation in SFTZ Should Be Closer to High-Standard Rules of International Investment and Trade	319
12.2.3	Institutional Innovation in SFTZ Should Develop a Favorable Environment for Service Economy	320
12.2.4	Institutional Innovation in SFTZ Should Have a Coordinated and Synergic Mechanism	320
12.2.5	Institutional Innovation in SFTZ Should Stress Market and Enterprise.	321
12.3	The Target of Deepening Institutional Innovation in SFTZ	321
12.3.1	Three Transformations.	322
12.3.2	Radiation Effect and Spillover Effect.	322
12.3.3	Breakthrough in Institutional Innovation	323
12.4	Ways to Deepen Institutional Innovation in SFTZ	323
12.4.1	Establish the Administrative Mode of Negative List Conforming to the Negotiation Needs of Sino-US Investment Agreement.	323
12.4.2	Build a System of Trade Facilitation Conforming to International Rules	324
12.4.3	Explore Institutional Innovation in Interim and Ex-post Supervision	324
12.4.4	Financial Supervision Following New Financial Opening-up	325
12.4.5	Improve Market Access System in SFTZ.	325
12.4.6	Establish a Tax System that Encourages Overseas Equity Investment and Offshore Business	326
12.4.7	Further Improve the Legal Framework of SFTZ.	326
12.4.8	Further Improve the Social Credit System in SFTZ	326

12.4.9	Study Changes in International Rules of Investment and Trade, and Get Ready for Full-Swing Integration	327
12.4.10	Replicate and Apply SFTZ's Institutional Innovation in More Places	327
13	A Globalized SFTZ and the "Four Centers" Initiative in 2020	329
13.1	Achievements of Shanghai's "Four Centers" Initiative.	329
13.1.1	International Financial Center Has Made New Progress in Innovation and Openness	329
13.1.2	Soft Environment of Shanghai as an International Shipping Center Achieved New Breakthroughs	330
13.1.3	A Stronger Center of Global Trade	332
13.1.4	Shanghai's Growing Significance as an International Economic Center	333
13.2	The Overall Evaluation of Shanghai's "Four Centers".	335
13.2.1	The Fastest Growing International Financial Center.	335
13.2.2	International Shipping Center with a Strong Late-Mover Advantage	335
13.2.3	Shanghai's Status as an International Trade Center Has Risen Significantly	336
13.2.4	Greatest Potential of Becoming an International Economic Center	336
13.3	The Functional Bottlenecks of Shanghai's "Four Centers".	337
13.3.1	Two Breakthroughs Are Required for the International Financial Center.	338
13.3.2	Two Breakthroughs Required for the International Shipping Center	339
13.3.3	International Trade Center Functions Need to Be Enhanced	339
13.3.4	Function-Building of the International Economic Center Calls for Suitable Environment.	340
13.4	Innovation in SFTZ Leads the Way for "Four-Centers" Development	341
13.4.1	Promote the Openness of "Four Centers" to Participate in Global Competition at a Higher Level	341
13.4.2	Deepen the Understanding of the Basic Goals and Requirements of "Four Centers" Initiative	342
13.4.3	Deepen Institutional Innovation and Function Expansion for the "Four Centers" in SFTZ	343
13.4.4	Improve Service Functions as a RMB Global Center by Pushing the Globalization of RMB.	344

13.4.5	Promote Transformation and Upgrading of the International Trade Center by Building a Domestic and Cross-Border Trade Integration Platform	345
13.4.6	Enhance the Soft Power of the International Shipping Center	347
13.4.7	Optimize the Business Environment to Enhance the Capacity of International Economic Center	347
13.4.8	Accelerate the Construction of an Innovation Center with Global Influence	348
13.5	The Coordination Between Financial Innovation in SFTZ and Building Shanghai into an International Financial Center	349
13.5.1	Financial Innovation and Opening-up in SFTZ Made New Progress	349
13.5.2	SFTZ's Financial Reform in Coordination with International Financial Center Construction	349
14	New Patterns of Global Governance and China's Strategy of Free Trade Zone	353
14.1	CSPFTZ's Role in the National Strategy of the Belt and Road Initiative	353
14.1.1	Development Status and Resources Along One Belt and One Road	353
14.1.2	Advantages of Shanghai to Be Geared to "One Belt and One Road" National Initiatives	357
14.1.3	Implementation Path for the Shanghai to Be Geared to "One Belt and One Road" National Initiatives	362
14.2	CSPFTZ's Role in Serving the National Strategy of the Yangtze River Economic Belt	374
14.2.1	Shanghai's Strategic Positioning in Building the Yangtze River Economic River Belt	374
14.2.2	Shanghai's Strategic Approach to Fueling the Development of the Yangtze River Economic Belt	376
14.2.3	How Can Shanghai Contribute to the Development of the Yangtze River Economic Belt?	378
14.3	New Trends of Major International Investment and Trade Governance	389
14.3.1	New Structural Features in Rules of International Investment and Trade	389
14.3.2	Principle, Scope and New Trends	391
14.3.3	Negotiation Trends of Major Rules and Prediction of Their Influence on China	392

14.4	New Changes in International Investment and Trade Rules	397
14.4.1	Core Content, Change Direction and Development Trend of BIT	397
14.4.2	Core Content, Change Direction and Development Trend of TPP	399
