<b>1</b>	<b>Big Data—From Raw Data to Big Data</b>	<b>1</b>
1.1	Getting a Glimpse of Big Data	2
1.1.1	The Essence of Big Data	2
1.1.2	The Evolution of Big Data	3
1.2	The Value of Big Data	4
1.2.1	A Mass of Data: A Gold Mine Rather Than a Treasure Chest	4
1.2.2	Data Mining: A New Business Competence	5
1.3	The Application of Data Mining	6
1.3.1	A Boost to Financial Institutions	6
1.3.2	Big Data Application in the Pharmaceutical Industry	12
1.3.3	Alibaba's Secret to Success: Big Data	13
1.4	Entrepreneurs: How Far Away Are You from Big Data?	18
1.4.1	Will Big Data Support Cross-Sector Innovation?	18
1.4.2	How Should Small Companies Embrace Big Data?	19
1.4.3	You Have the Technology, but Do You Have the Talent?	20
1.4.4	Structural or Non-structural Data?	21
1.5	Conclusion	22
<b>2</b>	<b>Cloud Computing—From Offline Computing to Cloud Computing</b>	<b>23</b>
2.1	What Is the Cloud?	27
2.2	What Is New About the Cloud?	29
2.3	The DNA of Cloud Service	30
2.4	The Cloud in Business	34
2.4.1	Kingdee Helps Companies Look to the Clouds	34
2.4.2	Yonyou Seizes a Cloud Opportunity for Transition	35
2.4.3	AliCloud Propels Yu'E Bao Behind the Scenes	36

2.5	The Cloud in Our Lives . . . . .	36
2.5.1	Remote Collaboration: Cloud Office . . . . .	37
2.5.2	New Experience: Sound Cloud . . . . .	37
2.5.3	Massive Space: Cloud Storage . . . . .	38
2.6	The Future of the Cloud . . . . .	39
2.7	Conclusion . . . . .	42
<b>3</b>	<b>Platforms—From the One-Sided Market</b>	
	<b>to the One-Sided + Two-Sided Market . . . . .</b>	<b>43</b>
3.1	The Catalyst of Platforms: The Internet . . . . .	44
3.2	A Keyword of Platforms: Connection . . . . .	47
3.2.1	Platforms' Connection Goal: Becoming Multi-lateral and Diversified . . . . .	47
3.2.2	Connection Method: Interaction and Win-Wins . . . . .	50
3.3	Platform Advantages: The Ecosphere and Big Data . . . . .	51
3.3.1	The Systematic Advantage of Platforms: The Ecosphere . . . . .	52
3.3.2	The Platform's Twin: Big Data . . . . .	53
3.4	Three Factors in the Success of Platforms . . . . .	53
3.4.1	No Cost . . . . .	54
3.4.2	Openness . . . . .	56
3.4.3	Maximization of User Value . . . . .	57
3.5	How to Build a Successful Platform Enterprise . . . . .	58
3.6	Conclusion . . . . .	60
	Reference . . . . .	61
<b>4</b>	<b>Mobile Internet—From PC-Based Internet to PC-Based Internet</b>	
	<b>and Mobile Internet . . . . .</b>	<b>63</b>
4.1	PC Internet Versus Mobile Internet . . . . .	64
4.1.1	Huge Differences . . . . .	64
4.1.2	Catching up and Overtaking . . . . .	66
4.2	Integration and Collision . . . . .	73
4.2.1	The Integration of Mobile Terminals, PCs and E-consumer Terminals . . . . .	73
4.2.2	The Integration of the Industrial Chain . . . . .	73
4.2.3	The Integration Between Industrial Chains . . . . .	74
4.2.4	The Integration of Mobile Internet with Traditional Industries . . . . .	74
4.3	The New Journey from PC Internet to Mobile Internet . . . . .	77
4.3.1	Tencent: Back to Zero and Starting Anew . . . . .	77
4.3.2	Microsoft: Two Firsts . . . . .	78
4.3.3	Fighting for Control of the Traffic Gateway . . . . .	78
4.3.4	Mergers and Acquisitions that Define Territories . . . . .	80
4.4	The New Mobile Internet Thinking . . . . .	81
4.5	Conclusion . . . . .	82

<b>5</b>	<b>Software Defined Anything—From Software-Defined Hardware to Software Defined Anything</b>	<b>83</b>
5.1	Software-Defined Hardware	84
5.1.1	A Means of Transport or a Computer with Four Wheels?	86
5.1.2	GE's Bet on Software	86
5.1.3	Android Wear: A Software Platform for Wearable Devices	87
5.2	Software Is Pervading Industries	87
5.2.1	How Software Is Revolutionizing the Fast-Food Industry: "McDonald's on Your Smart Phone"	88
5.2.2	How Software Is Reshaping the Construction Industry: The All-Powerful BIM System	89
5.2.3	Software-Based Farm Management: Cloud, Big Data and Farmaron	90
5.2.4	How Software is Pervading the Finance Industry: Wolfram's Retirement Planning Calculator	92
5.3	Software-Defined Anything	93
5.3.1	The Internet: The Physical Basis for Software-Defined Anything	94
5.3.2	Software-Defined Anything Accelerates the Development of Cloud Computing, the Internet of Things and Big Data	96
5.4	The Path to Success in the "Software-Defined Anything" Era	98
5.4.1	The Verticalization of Software Companies	98
5.4.2	The "Virtualization" of Hardware Products	99
5.4.3	Have You Found the Right People?	100
5.4.4	Where Will the Investment Opportunities Be in the Future?	101
5.5	Conclusion	103
<b>6</b>	<b>Outsourcing and Crowdsourcing—From Building All-Round Capabilities to Outsourcing and Crowdsourcing</b>	<b>105</b>
6.1	Outsourcing and Crowdsourcing: Similar but Different	107
6.1.1	Links Between Outsourcing and Crowdsourcing	107
6.1.2	Outsourcing $\neq$ Crowdsourcing	108
6.2	Modern Service Outsourcing Driven by IT Innovations	109
6.3	Outsourcing: Why and How?	111
6.3.1	The Good News and the Bad News	111
6.3.2	Outsourcing Strategies	113
6.4	Crowdsourcing: A New Model of Innovation by All	114
6.4.1	The Value of Crowdsourcing	114
6.4.2	How to Benefit from Crowdsourcing	116
6.5	The Maker Movement: The Next Step After Crowdsourcing	119
6.6	Conclusion	121

## 7 Prosumer Economy—From Supply Chain

<b>to Prosumer Economy.</b>	123
7.1 The New Scenario of Demand in the Digital Age	124
7.1.1 Reflections on the Traditional Supply Chain	125
7.1.2 The Rise of the Demand Chain	126
7.1.3 The Changing Rules of the Game	127
7.2 Prioritizing User Demand	128
7.2.1 Qunar.com: No Model, but Demand	128
7.2.2 P&G: The Consumer is the Boss	129
7.2.3 Amazon: Standing in the Shoes of Customers	130
7.3 Consumer Demand: Seeing Past the Tip of the Iceberg	131
7.3.1 Observing in the Real Environment	132
7.3.2 Experience as a Customer	133
7.3.3 Precise Demand Prediction via Big Data	133
7.4 How to Create the Demand Chain	135
7.4.1 End Users, not just Direct Users	136
7.4.2 Long-Term Partnerships	136
7.4.3 Sharing Demand Information	137
7.4.4 Learning to Leverage Crowdsourcing	138
7.5 Lean Startups and the Demand Chain	138
7.5.1 Two Cases	139
7.5.2 Steps for Startups to Validate Customer Demand	140
7.5.3 Adapting and Adjusting	141
7.6 Conclusion	141

## 8 The Long Tail Market—From Economies of Scale to Economies of Scale and the Long Tail Market

<b>of Scale and the Long Tail Market.</b>	143
8.1 Learning About Long Tail Theory	144
8.1.1 The Golden Rule of the Industrial Age: Economies of Scale	144
8.1.2 The Rise of the Long Tail Theory: From Chandler to Dixit and Anderson	145
8.1.3 The Value of the Long Tail	146
8.2 Rethinking “20/80” and “80/20”	148
8.2.1 Is the 20/80 Principle Losing Its Meaning?	149
8.2.2 Is the Top 20 % in the Chart Meaningless?	150
8.2.3 Is the Long Tail Market Just the Segment Market?	151
8.3 The Forces that Foster the Long Tail Market	151
8.3.1 The Rise of Niche Demand	151
8.3.2 Reducing the Cost of Customized Manufacturing	151
8.3.3 Reducing the Cost of Sales	152
8.3.4 More Channels of Discovery	153
8.4 Long Tail + Blue Ocean	154
8.4.1 Long Tail Versus Blue Ocean	154
8.4.2 Lvmama: Capturing the Long Tail and Exploring the Blue Ocean	156

8.4.3	Avoiding the Major Markets, Seizing the Blue Ocean Market, and Heading for Bigger Markets . . . . .	157
8.5	Achieving Success with the Long Tail . . . . .	158
8.5.1	Making the Long Tail Longer . . . . .	158
8.5.2	Reducing Costs as Much as Possible . . . . .	158
8.5.3	The Integration of the Short Head and the Long Tail. . . . .	159
8.6	Conclusion . . . . .	159
<b>9</b>	<b>Digital Finance-From Traditional Finance to Digital and Internet Finance. . . . .</b>	<b>161</b>
9.1	Traditional Finance: Challenged by Cross-Sector Innovations. . . . .	162
9.1.1	Alipay: The First to Shake up the Financial World . . . . .	163
9.1.2	Internet Companies Aggressively Moving into Financial Sector . . . . .	166
9.2	Supply Chain Finance . . . . .	167
9.3	P2P Online Financing Platforms . . . . .	169
9.4	Traditional Finance Transforms into Digital Finance to Fight Cross-Sector Rivals . . . . .	171
9.4.1	Industrial and Commercial Bank of China (ICBC): The Leading Giant of Banking Digitalization . . . . .	173
9.4.2	Financial Institutions Trying to Catch up. . . . .	173
9.5	Transboundary Collaboration Between Traditional Finance and Internet Finance. . . . .	174
9.5.1	Becoming Partners Rather Than Enemies . . . . .	174
9.5.2	Digital Finance Is an Effective Way to Realize Inclusive Finance . . . . .	178
9.6	Digital Finance. . . . .	183
9.6.1	Capitalizing on Big Data, Cloud Computing, Platforms and Mobile Internet to Promote Financial Innovation. . . . .	183
9.6.2	No Time to Waste: Catching up with the Advancement of “Technology Forecasting and Financial Innovation” . . . . .	186
9.6.3	Changing Traditional Financial Business Management with Internet Thinking . . . . .	188
9.7	Conclusion . . . . .	190
<b>10</b>	<b>The O2O Model—From Online/Offline to the O2O Model . . . . .</b>	<b>191</b>
10.1	Online Versus Offline. . . . .	192
10.1.1	The Offline Model: Challenged by e-Commerce. . . . .	192
10.1.2	The Online Model: Still Rising, But Unable to Completely Replace the Offline Model . . . . .	192
10.2	Online and Offline Integration: Easier Said Than Done . . . . .	194
10.2.1	Online Businesses Test the Water in the Offline Market . . . . .	194
10.2.2	Offline Businesses Move Online . . . . .	195
10.2.3	Are the Two Models Compatible? . . . . .	196

10.3	The O2O Closed-Loop: A Model Worth Exploring . . . . .	197
10.3.1	O2O Closed-Loop: Why It Emerged? . . . . .	197
10.3.2	O2O Closed-Loop: Constituents . . . . .	198
10.3.3	O2O Closed-Loop: Who Are the Competitors? . . . . .	201
10.4	The O2O Closed-Loop in Our Lives . . . . .	203
10.4.1	The O2O Closed-Loop: Accelerating the Transformation of the Lifestyle Industry . . . . .	203
10.4.2	O2O Closed-Loop: Boosting the Development of Smart Business Districts . . . . .	205
10.5	Are You Ready for O2O? . . . . .	207
10.5.1	Do You Know Users' Pain Points? . . . . .	208
10.5.2	Do You Know Where Your Users Are? . . . . .	208
10.5.3	Where Is Your Weakness? . . . . .	211
10.6	Conclusion . . . . .	212
<b>11</b>	<b>Seizing Innovation Opportunities . . . . .</b>	<b>213</b>
11.1	Identifying the Trends and Seizing the Opportunities . . . . .	214
11.1.1	Imagination: The Most Wonderful Quality of Human Beings . . . . .	214
11.1.2	Encouraging Tomorrow's Technological Innovations Based on Technology Development Forecast . . . . .	214
11.1.3	Re-examining the Significance of Mastering the Hype Cycle . . . . .	215
11.1.4	Gartner's Top 10 Strategic Technology Trends for 2015 . . . . .	216
11.1.5	Identification of Business Trends Cannot Be Separated from the Prediction of Technological Innovation Trends . . . . .	217
11.2	Making Integrated Use of Business Trends . . . . .	217
11.3	New Trends in the Manufacturing Sector: Industry 4.0 . . . . .	220
11.4	New Trends in Multinational Operation and Investment: Is Innovation Getting More Attention? . . . . .	222
11.4.1	Why Did Huawei Set up a Research and Development Center in Israel? . . . . .	222
11.4.2	Why Did Russia Plan to Build the Next Silicon Valley? . . . . .	222
11.4.3	Why Did Tesla Open up Its Patents and Technologies to Its Competitors? . . . . .	223
11.5	Can the O2O Model Broaden Our Horizons? . . . . .	223
11.6	Conclusion . . . . .	225
	<b>Postscript . . . . .</b>	<b>227</b>
