

Preface

This LNEE volume contains the papers presented at the International Conference on Mobile and Wireless Technology (ICMWT2016) which was held in Jeju Island, South Korea, during May 23–26, 2016.

ICMWT2016 received over 100 paper submissions from various countries. After a rigorous peer-review process, 26 full-length articles were accepted for presentation at the conference. This corresponds to an acceptance rate was very low and is intended for maintaining the high standards of the conference proceedings.

ICMWT2016 will provide an excellent international conference for sharing knowledge and results in Mobile and Wireless Technology. The aim of the Conference is to provide a platform to the researchers and practitioners from both academia as well as industry to meet the share cutting-edge development in the field.

The primary goal of the conference is to exchange, share and distribute the latest research and theories from our international community. The conference will be held every year to make it an ideal platform for people to share views and experiences in Mobile and Wireless Technology related fields.

On behalf of the Organizing Committee, we would like to thank Springer for publishing the proceedings of ICMWT2016. We also would like to express our gratitude to the ‘Program Committee and Reviewers’ for providing extra help in the review process. The quality of a refereed volume depends mainly on the expertise and dedication of the reviewers. We are indebted to the Program Committee members for their guidance and coordination in organizing the review process, and to the authors for contributing their research results to the conference.

Our sincere thanks to the Institute of Creative Advanced Technology, Engineering and Science for designing the conference web page and also spending count-less days in preparing the final program in time for printing. We would also like to thank our organization committee for their hard work in sorting our manuscripts from our authors.

We look forward to seeing all of you next year at ICMWT.
