

Contents

Part I Industrial Economics

The Application Research on Tourism Enterprise Implementing Precision Marketing in the Era of High-Speed Rail	3
Wu Yue	
Characteristics and Development of Information Industry and Its Impact on the Economy	9
Shan Chen	
Study on Differences of Operating-Asset Allocation of China’s State-Owned and Private Enterprises	19
Yang Wang and XiaoYe Liu	
Research on the Influence of Macroeconomic Factors on Consumer Finance Structure	27
Yang Wang, Linlin Du and Chenghai Zou	
Establish an International Market-Oriented Open Grain-Market System	35
Menggang Li and Shuqing Huang	
Present Status of Grain Production in China and Recommendations for Regional Development of Grain Production	43
Menggang Li and Yu Zhao	
High-Performance Composite Materials Industry Development Strategy Under Low-Carbon Economy.	51
Changjun He, Qingxin Meng and Hui Wang	
An Innovation Trajectory in an Emerging Industry Under a Strategic Niche-Management Perspective.	57
Huajun Li	

Chinese Railway Transportation's Spillover Effects on Industry	65
Yaodong Zhou, Xinyan Ou and Jianing Liu	
Part II Industrial Security	
Impact of Resources Constraint on Industrial Security:	
A Case Study of Japan	77
Dong Tong and Juan Li	
Integration of Construction Worker Safety in Design Through	
the Use of BIM	85
Jia Qi, Raja R.A. Issa and Shengyue Hao	
Security Impacts and Key Issues of Integration of REGs	
on Distribution System	91
Rui Li, Wei Wang and Lijie Xu	
Distinguishing Chinese Grain Safety from the Angle	
of Economy Ecologization	99
Menggang Li and Jicheng Zhang	
A Study of a Dynamic Early Warning Model to Determine	
Grain Security in China	107
Menggang Li and Kangning Zheng	
Research of China's Financial Safety Indicator	119
Xuemin Chen	
Research on the RMB Index from the Perspective of Financial	
Security	127
Zhanzhong Cao and Xuezhi Qin	
Research of Industrial Upgrading Basing on Industrial Technology	
Chain	135
Ruimin Xu	
Analysis of Formation Mechanism of Industrial Hollowing-Out	
in China	141
Zhengquan Li	
Analysis of the Changes of Drug Control Law in the People's	
Republic of China from the View of Medical Industry Security.	147
Lu Yu	
Impact of Industrial Development on the Spatial Structures	
in the Danube Region in Serbia	155
Slavka Zeković	

Value Exploration of Introducing the Theory and Technology of Economic Psychology into Research on Industry Security	161
Guangli Luo	

The Impact of Safety Climate on Safety Behavior for Drivers in High-Speed Railway Industry Using Safety Control as Mediator	171
Li Zhang and Yingqi Liu	

Part III Empirical Studies

Synergy Mechanism Research Based on the Integration of Beijing-Tianjin-Hebei Region	181
Shaoqing Tang, Yating Sui, Jianling Li and Jianbin Chen	

Empirical Analysis of Agricultural Exports Competitive of Henan Province	187
Mei Feng and Yafen Yan	

Research of the Technology–Organization–Service Synergetic Evolution Model in the Process of Service-Enhancement—A Case Study of the Haier Group	195
Qingtao Meng and Yusen Xu	

The Three Successful Metropolitan Area Rail Transit Modes—the Revelation for the Yangtze River Delta Region	201
Yingying Gai	

Integration of a Value Chain on Choice of Alliance or Acquisition: An Empirical Study of the Fast-Moving Consumer Goods Industry	209
Weike Zhou and Hai Wang	

Economic Effects of the Modern Information Service Industry in China: Evidence from Beijing	215
Fenfei Chen, Chenchen Wang and Yuan Ren	

How Did Lenovo Build Its Global Brand?	223
Jian Li	

Analysis of Monopoly Power in China's Civil Aviation Industry	231
Hongchang Li and Yaqi Cai	

Enlightenment on India and Japan Grain Safety Policy for China—A Case Study from a Macro Perspective	237
Ningshan Xu, Yuduo Lu and Haiteng Wang	

Part IV Special Session on Cultural Industry

Research on the Current Status of the Cultural Industry Organization in China and Development Countermeasures	247
Li Xiao	
Study on the Government Regulation of Chinese Cultural Industry in the Times of Globalization	255
Liwen Han	
Competitiveness Evaluation of Culture Industry in Four Provinces of Central China	261
Lin Yu, Changjiang Li and Long Wang	
Electronic Commerce—Great Impetus for Exhibition Boom	269
Yujuan Jia	
Analysis of the Current Status of Development of the Cultural Industry in China	277
Xiaofei Liu	
Countermeasures for Maintaining Security of the Cultural Industry	285
Xiaofei Liu	

Part V Special Session on National Economy

A Study on Strategic Evaluation Index System of Chinese-Enterprise Transformation and Upgrading Based on ISO26000 Embedding in the GVC	295
Chen Lv, Hanchuan Lin and Fei Wang	
A Pilot Study on Chinese Flower Industry Cluster	303
Zi Feng and Bijun Xu	
Discussion of Investment Analysis Method in the New Round of the China Stock Bull Market	311
Zhaoyu Qiu	
Market Power and Scale Economies of the Electricity Industry: Comparison Before and After the Reform	319
Jing Wang and Yaodong Zhou	
Problems and Countermeasures of PPP Mode in China	327
Xuejing Hou and Yanzhang Wang	
Study of the Effect of Private Enterprises to Absorb the Employment of Guangdong	335
Mengchen Li	

Models, Risks, and Regulations of P2P Lending in China	341
Baolin Ma and Zheyi Wen	

Part VI Special Session on Finance Group

Studies on Capital-Buffer Mechanism of China's Commercial Banks from the Perspective of Liquidity.	351
Shaofeng Yuan, Yun Zeng and Wang Jing	

The Impact of Interest Rates on Bank Risk-Taking: A Comparison Between State-Owned Banks and Joint-Stock Banks in China.	359
Shun-Ho Chu, Wenjie Yang and Jie Hu	

Potential and Challenges of Carbon Finance Development in China	367
Xiaoming Hu	

Part VII Special Session on International Economics and Trade

A Comparative Study on International Competitiveness of Iron and Steel Industry of Four Asian Countries	377
Weida He and Zhifeng Lin	

Dynamic Evolution of the Influence Factors of the Development of Electronic Banking Business in Local Commercial Banks of Underdeveloped Areas.	383
Wei Chen, Wenli Li and Jian Zhang	

Research on the Effects of Trade Openness on Employment in China	389
Wenjing Wang	

Part VIII Others

The Concept of Defining Home Care for the Aged Services Based on the Connotation and Extension in China	399
Mingxiu Cao	

Research on Controlling Measures of Overcapacity	407
Mei Feng and Kehui Yu	

Optimal Types of Traffic Sensors Located in a Stochastic Network: A Bi-Level Programming Model	415
Qiubo Zhang	

The Characteristics of Traffic Congestion from the Perspective of Spatial Structure, Urbanization, and Motorization in Chongqing	423
Chengfeng Huang, Yin Ding, Yuanyuan Zhang and Zheng Shen	

Integrated Allocation-Management Evaluation System for Public Housing	439
Yanxia Zhao and Fei Wang	
Traffic-Congestion Problem from a Time-Space Conversion Perspective	445
Shen Yan and Tian Zhang	
Business Model Innovation of Enterprises Based on the Bottom of Pyramid (BoP) Market Strategy	457
Xudong Fan and Yuduo Lu	
Analyzing Concepts of Crisis Management, Crisis Public Relations, and Crisis Communication Based on the Perspective of Management	465
Rui Yu	
The Opportunities and Challenges that Chinese Traditional Energy Enterprise Confront While Exploiting the Geothermal Resources	469
Qingxi Li	
A New Method of Production: Peer Production	477
Xiangdong Pan	
Research on Development Countermeasures for New Energy Vehicles in China	485
Jinsong Zhang, Ze Zhu, Jie Shen and Minghao Yan	
Research on Safe Evacuation Simulation of University Students' Dormitory Buildings Based on Pathfinder	493
Jing Zhao and Shouxin Song	
Erratum to: Economic Effects of the Modern Information Service Industry in China: Evidence from Beijing	E1
Fenfei Chen, Chenchen Wang and Yuan Ren	

Proceedings of 2015 2nd International Conference on
Industrial Economics System and Industrial Security
Engineering
