

Contents

Radar Cross Section of Dipole Phased Arrays with Parallel Feed Network	1
1 Introduction	1
2 Formulation for the RCS of Parallel-Fed Dipole Antenna Array.	3
2.1 Scattering at the Sum and Difference Arms of First Level Couplers	7
2.2 Scattering at the Sum and Difference Arms of Second Level Couplers	14
3 Simulation Results	26
3.1 Dipole Element with Finite Length.	26
3.2 Dipole Element with Finite Length and Radius	26
3.3 Finite Length Dipole Array with Actual Reflection Coefficients.	27
3.4 Inclusion of Mutual Coupling Effect into RCS Formulation.	30
3.5 Effect of Array Configuration on RCS of Dipole Array	39
3.6 Effect of Load Termination	41
4 Conclusion	47
References	49
Appendix A: Impedances at the Coupler Ports: Two-Port Analogy . . .	51
Appendix B: Coupling and Transmission Coefficients for the Couplers of Parallel Feed Network	55
About the Book	59
Author Index	61
Subject Index	63

Radar Cross Section of Dipole Phased Arrays with
Parallel Feed Network

Singh, H.; Sneha, H.L.; Jha, R.M.

2016, XXI, 63 p. 38 illus., 37 illus. in color., Softcover

ISBN: 978-981-287-783-3
