

Contents

PBG based Terahertz Antenna for Aerospace Applications.	1
1 Introduction.	1
2 Challenges in Terahertz Technology.	3
3 Trends in THz Space Communication Systems	3
4 Developments in THz Devices.	5
4.1 THz Sources	5
4.2 THz Detectors and Receivers.	7
4.3 THz Antennas	8
5 Terahertz Antenna Design.	10
5.1 Microstrip Patch Antenna	11
5.2 Performance Enhancement.	21
6 Conclusion	33
References	33
 Appendix A: Models of PBG based Microstrip Patch Antenna	 37
 Appendix B: Feeding Types for Microstrip Patch Antennas.	 41
 Appendix C: Multiobjective Particle Swarm Optimization	 43
 About the Book.	 47
 Author Index	 49
 Subject Index	 51

PBG based Terahertz Antenna for Aerospace
Applications

Choudhury, B.; Danana, B.; Jha, R.M.

2016, XXIII, 51 p. 39 illus. in color., Softcover

ISBN: 978-981-287-801-4
