

Contents

Permittivity and Permeability Tensors for Cloaking Applications.	1
1 Introduction	1
2 Basic Concept of Permeability and Permittivity Tensors	2
3 Permeability and Permittivity Tensor for Quadric Cylinders	6
3.1 Permittivity and Permeability Tensor for Circular Cylindrical Cloaking Shell	6
3.2 Permittivity Tensor for Elliptic Cylindrical Cloaking Shell.	8
3.3 Permittivity Tensor for Hyperbolic Cylindrical Cloaking Shell.	13
3.4 Permittivity Tensor for Parabolic Cylindrical Cloaking Shell.	15
4 Quadric Surfaces of Revolutions	20
4.1 Permittivity Tensor for Spherical Cloaking Shell	20
4.2 Permittivity Tensor for Conical Cloaking Shell	22
4.3 Permittivity Tensor for Prolate Spheroidal Cloaking Shell.	26
4.4 Permittivity Tensor for Oblate Spheroidal Cloaking Shell	29
4.5 Permittivity Tensor for Cloaking Shell of General Paraboloid of Revolution (GPOR) Shape.	33
5 Permittivity Tensor for Cloaking Shell of Ogive Structure.	38
6 Conclusion	40
References	42
Appendix A: Spatial Metric Derivations for Right Circular Cylinder	45
Appendix B: Spatial Metric Derivations for Elliptic Cylinder	47
Appendix C: Spatial Metric Derivations for Hyperbolic Cylinder.	49

Appendix D: Spatial Metric Derivations for Parabolic Cylinder	51
Appendix E: Spatial Metric Derivations for Sphere	53
Appendix F: Spatial Metric Derivations for Cone	55
Appendix G: Spatial Metric Derivations for Prolate Spheroid	57
Appendix H: Spatial Metric Derivations for Oblate Spheroid	59
Appendix I: Spatial Metric Derivations for GPOR	61
Appendix J: Spatial Metric Derivations for Ogive	63
About the Book	67
Author Index	69
Subject Index	71

Permittivity and Permeability Tensors for Cloaking
Applications

Choudhury, B.; Reddy, P.V.; Jha, R.M.

2016, XX, 71 p. 21 illus. in color., Softcover

ISBN: 978-981-287-804-5
