
Contents

<i>Preface</i>	<i>vii</i>
<i>Contributors</i>	<i>xi</i>
Metabolism and Drug–Drug Interaction in Pregnant Mother/Placenta/Fetus.....	1
<i>Ali S. Faqi and Karsten A. Holm</i>	
Critical Periods of Development in Teratology	17
<i>Padmanabhan Rengasamy</i>	
Nonclinical Safety Assessment of Developmental and Reproductive Toxicology: Considerations for Conducting Fertility, Embryo–Fetal Development, and Prenatal and Postnatal Developmental Toxicology Studies	43
<i>Kevin H. Denny and Ali S. Faqi</i>	
A Developmental and Reproductive Toxicology Program for Chemical Registration	117
<i>Kamin J. Johnson, Bethany R. Hannas, Sue Marty, Carol L. Zablony, Jessica LaRocca, Nicholas Ball, and Amanda K. Andrus</i>	
The Influence of Environmental Contaminants and Lifestyle on Testicular Damage and Male Fertility	185
<i>Sellappan Selvaraju, Meritxell Jodar, and Stephen A. Krawetz</i>	
Effects of Chemicals on Mammary Gland Development.....	205
<i>Adam J. Filgo and Ali S. Faqi</i>	
Alternative Methods Used to Assess Potential Embryo–Fetal Developmental Risk of Pharmaceuticals	235
<i>Maia L. Green, Joshua T. Gamse, and Kimberly C. Brannen</i>	
Using the Alternative Model <i>C. elegans</i> in Reproductive and Developmental Toxicology Studies	261
<i>Daniel W. Ferreira, Yichang Chen, and Patrick Allard</i>	
High-Throughput Screens for Embryonic Stem Cells: Stress-Forced Potency–Stemness Loss Enables Toxicological Assays	279
<i>Quanwen Li, Yu Yang, Erica Loudon, Elizabeth E. Puscheck, and Daniel A. Rappolee</i>	
<i>Index</i>	313

Developmental and Reproductive Toxicology

Faqi, A.S. (Ed.)

2017, XII, 314 p. 24 illus., 17 illus. in color., Hardcover

ISBN: 978-1-4939-7206-7
