# Contents

<b>1</b>	<b>Introduction to the Landscapes and Landforms of Italy .....</b>	<b>1</b>
	Mauro Soldati and Mauro Marchetti	
<b>Part I Physical Environment</b>		
<b>2</b>	<b>The Great Diversity of Italian Landscapes and Landforms: Their Origin and Human Imprint .....</b>	<b>7</b>
	Mauro Marchetti, Mauro Soldati, and Vittoria Vandelli	
<b>3</b>	<b>Outline of the Geology of Italy.....</b>	<b>21</b>
	Alfonso Bosellini	
<b>4</b>	<b>The Climate of Italy .....</b>	<b>29</b>
	Simona Fratianni and Fiorella Acquaotta	
<b>5</b>	<b>Morphological Regions of Italy.....</b>	<b>39</b>
	Paola Fredi and Elvidio Lupia Palmieri	
<b>Part II Landscapes and Landforms</b>		
<b>6</b>	<b>The Glaciers of the Valle d'Aosta and Piemonte Regions: Records of Present and Past Environmental and Climate Changes .....</b>	<b>77</b>
	Marco Giardino, Giovanni Mortara, and Marta Chiarle	
<b>7</b>	<b>Landscapes of Northern Lombardy: From the Glacial Scenery of Upper Valtellina to the Prealpine Lacustrine Environment of Lake Como .....</b>	<b>89</b>
	Irene Bollati, Manuela Pelfini, and Claudio Smiraglia	
<b>8</b>	<b>The Adamello-Presanella and Brenta Massifs, Central Alps: Contrasting High-Mountain Landscapes and Landforms.....</b>	<b>101</b>
	Alberto Carton and Carlo Baroni	
<b>9</b>	<b>Large Ancient Landslides in Trentino, Northeastern Alps, as Evidence of Postglacial Dynamics.....</b>	<b>113</b>
	Alberto Carton	
<b>10</b>	<b>The Dolomite Landscape of the Alta Badia (Northeastern Alps): A Remarkable Record of Geological and Geomorphological History .....</b>	<b>123</b>
	Mauro Marchetti, Alessandro Ghinoi, and Mauro Soldati	
<b>11</b>	<b>The Vajont Valley (Eastern Alps): A Complex Landscape Deeply Marked by Landsliding .....</b>	<b>135</b>
	Alessandro Pasuto	
<b>12</b>	<b>Karst Landforms in Friuli Venezia Giulia: From Alpine to Coastal Karst.....</b>	<b>147</b>
	Franco Cucchi and Furio Finocchiaro	

---

<b>13</b>	<b>The Tagliamento River: The Fluvial Landscape and Long-Term Evolution of a Large Alpine Braided River.....</b>	157
	Nicola Surian and Alessandro Fontana	
<b>14</b>	<b>Lake Garda: An Outstanding Archive of Quaternary Geomorphological Evolution .....</b>	169
	Carlo Baroni	
<b>15</b>	<b>Geomorphological Processes and Landscape Evolution of the Lagoon of Venice .....</b>	181
	Aldino Bondesan	
<b>16</b>	<b>The Po Delta Region: Depositional Evolution, Climate Change and Human Intervention Through the Last 5000 Years.....</b>	193
	Marco Stefani	
<b>17</b>	<b>Landscapes and Landforms Driven by Geological Structures in the Northwestern Apennines.....</b>	203
	Luisa Pellegrini and Pier Luigi Vercesi	
<b>18</b>	<b>Fingerprints of Large-Scale Landslides in the Landscape of the Emilia Apennines .....</b>	215
	Giovanni Bertolini, Alessandro Corsini, and Claudio Tellini	
<b>19</b>	<b>Mud Volcanoes in the Emilia-Romagna Apennines: Small Landforms of Outstanding Scenic and Scientific Value .....</b>	225
	Doriano Castaldini and Paola Coratza	
<b>20</b>	<b>The Outstanding Terraced Landscape of the Cinque Terre Coastal Slopes (Eastern Liguria) .....</b>	235
	Pierluigi Brandolini	
<b>21</b>	<b>Tuscany Hills and Valleys: Uplift, Exhumation, Valley Downcutting and Relict Landforms .....</b>	245
	Mauro Coltorti, Pier Lorenzo Fantozzi, and Pierluigi Pieruccini	
<b>22</b>	<b>Landscapes and Landforms of the Duchy of Urbino in Italian Renaissance Paintings .....</b>	257
	Olivia Nesci and Rosetta Borchia	
<b>23</b>	<b>Rocky Cliffs Joining Velvet Beaches: The Northern Marche Coast.....</b>	271
	Daniele Savelli, Francesco Troiani, Paolo Cavitolo, and Olivia Nesci	
<b>24</b>	<b>The Typical Badlands Landscapes Between the Tyrrhenian Sea and the Tiber River.....</b>	281
	Maurizio Del Monte	
<b>25</b>	<b>The Tuff Cities: A ‘Living Landscape’ at the Border of Volcanoes in Central Italy .....</b>	293
	Claudio Margottini, Laura Melelli, and Daniele Spizzichino	
<b>26</b>	<b>A Route of Fire in Central Italy: The Latium Ancient Volcanoes .....</b>	303
	Paola Fredi and Sirio Ciccacci	
<b>27</b>	<b>Relief, Intermontane Basins and Civilization in the Umbria-Marche Apennines: Origin and Life by Geological Consent .....</b>	317
	Marta Della Seta, Laura Melelli, and Gilberto Pambianchi	
<b>28</b>	<b>The Terminillo, Gran Sasso and Majella Mountains: The ‘Old Guardians’ of the Tyrrhenian and Adriatic Seas .....</b>	327
	Tommaso Piacentini, Marcello Buccolini, and Enrico Miccadei	

---

<b>29</b>	<b><i>Aeternae Urbis Geomorphologia—Geomorphology of Rome, Aeterna Urbs</i></b> .....	339
	Maurizio Del Monte	
<b>30</b>	<b>Granite Landscapes of Sardinia: Long-Term Evolution of Scenic Landforms</b> .....	351
	Rita T. Melis, Felice Di Gregorio, and Valeria Panizza	
<b>31</b>	<b>The Coastal Dunes of Sardinia: Landscape Response to Climate and Sea Level Changes</b> .....	365
	Rita T. Melis, Felice Di Gregorio, and Valeria Panizza	
<b>32</b>	<b>The Terrestrial and Submarine Landscape of the Tremiti Archipelago, Adriatic Sea</b> .....	377
	Enrico Miccadei, Tommaso Piacentini, and Francesco Mascioli	
<b>33</b>	<b>Vesuvius and Campi Flegrei: Volcanic History, Landforms and Impact on Settlements</b> .....	389
	Pietro P.C. Aucelli, Ludovico Brancaccio, and Aldo Cinque	
<b>34</b>	<b>Sorrento Peninsula and Amalfi Coast: The Long-Term History of an Enchanting Promontory</b> .....	399
	Aldo Cinque	
<b>35</b>	<b>The Coastal Landscape of Cilento (Southern Italy): A Challenge for Protection and Tourism Valorisation</b> .....	409
	Alessio Valente, Paolo Magliulo, and Filippo Russo	
<b>36</b>	<b>The Salento Peninsula (Apulia, Southern Italy): A Water-Shaped Landscape Without Rivers</b> .....	421
	Giuseppe Mastronuzzi and Paolo Sansò	
<b>37</b>	<b>The Landscape of the Aspromonte Massif: A Geomorphological Open-Air Laboratory</b> .....	431
	Gaetano Robustelli and Marino Sorriso-Valvo	
<b>38</b>	<b>Volcanic Landforms and Landscapes of the Aeolian Islands (Southern Tyrrhenian Sea, Sicily): Implications for Hazard Evaluation</b> .....	443
	Federico Lucchi, Claudia Romagnoli, and Claudio Antonio Tranne	
<b>39</b>	<b>Geomorphology of the Capo San Vito Peninsula (NW Sicily): An Example of Tectonically and Climatically Controlled Landscape</b> .....	455
	Valerio Agnesi, Christian Conoscenti, Cipriano Di Maggio, and Edoardo Rotigliano	
<b>40</b>	<b>Landforms and Landscapes of Mount Etna (Sicily): Relationships Between a Volcano, Its Environment and Human Activity</b> .....	467
	Stefano Branca, David Chester, Emanuela De Beni, and Angus Duncan	
<b>41</b>	<b>Pantelleria Island (Strait of Sicily): Volcanic History and Geomorphological Landscape</b> .....	479
	Silvio G. Rotolo, Valerio Agnesi, Christian Conoscenti, and Giovanni Lanzo	
<b>Part III Geoheritage</b>		
<b>42</b>	<b>Geoheritage in Italy</b> .....	491
	Maria Cristina Giovagnoli	
<b>43</b>	<b>Geomorphodiversity in Italy: Examples from the Dolomites, Northern Apennines and Vesuvius</b> .....	501
	Mario Panizza and Sandra Piacente	

<b>44 Goethe's Italian Journey and the Geological Landscape . . . . .</b>	<b>511</b>
Paola Coratza and Mario Panizza	
<b>45 Wine Landscapes of Italy . . . . .</b>	<b>523</b>
Vincenzo Amato and Mario Valletta	
<b>Index . . . . .</b>	<b>537</b>
