

Contents

48 Years of Fracture Mechanics and Structural Integrity in South East Europe	1
Vencislav Grabulov	
Scientific Biography and Bibliography of Professor Stojan Sedmak	19
Aleksandar Sedmak and Simon Sedmak	
Materials as the Simplest Self-Organised Systems, and the Consequences of This	41
L. Tóth	
The CTOA as a Parameter of Resistance to Crack Extension in Pipes Under Internal Pressure.	59
M. Ben Amara, Guy Pluinage, J. Capelle and Z. Azari	
Is Substituting P91 for P22 Justified?	89
Ljubica Milovic	
The Two-Parameter Approach for Fracture Mechanics: Some Industrial Applications	105
M. Hadj Meliani, O. Bouledroua, M. Ould-M'beirick, K. El-miloudi, Dj. Neggaz, T. Nateche, A. El-azzizi, H. Bokort, F. Houari and Guy Pluinage	
Determination of Mechanical Properties of Operating Components Using Instrumented Hardness Testing, Small Punch and Small Size Tensile Testing Techniques.	135
Szabolcs Szávai, Péter Rózsahegyi, Judit Dudra, Róbert Beleznai, Zoltán Bézi and Szabolcs Jónás	

Characterization of Tube Repair Weld in Thermal Power Plant Made of a 12%Cr Tempered Martensite Ferritic Steel	151
Gordana M. Bakic, Milos B. Djukic, Bratislav Rajicic, Vera Sijacki Zeravcic, Aleksandar Maslarevic, Miladin Radovic, Vesna Maksimovic and Nenad Milosevic	
Modelling Crack Propagation and Arrest in Gas Pipes Using CTOA Criterion	171
M. Ben Amara, Guy Pluvinage, J. Capelle and Z. Azari	
Experimental Determination of Chloride Penetration in Concrete with Real Cracks.	195
C. Sosdean, D. Gubencu, G. De Schutter and L. Marsavina	
Cleavage Fracture in Continuously Cooled V-Microalloyed Medium Carbon Steel.	209
D. Glišić, N. Radović, D.J. Drobnjak and A. Fadel	
Experimental Determination of Mixed-Mode Fracture Toughness for Rigid Polyurethane Foams	221
E. Linul and L. Marsavina	
Fatigue Damage Assessment of Bolted Joint Under Different Preload Forces and Variable Amplitude Eccentric Forces for High Reliability	239
Stipica Novoselac, Dražan Kozak, Todor Ergić and Darko Damjanović	

Fracture at all Scales

Pluvinage, G.; Milovic, L. (Eds.)

2017, VIII, 268 p. 179 illus., 59 illus. in color., Hardcover

ISBN: 978-3-319-32633-7
