
Contents

1	Aetiology of Complications and Failures	1
1.1	Dental Surgeon-Related Complications	1
1.1.1	Insufficient Knowledge	1
1.1.2	Inexperience	1
1.1.3	Lack of Surgical Skill	1
1.1.4	Disregarding Established Protocols	2
1.1.5	Surgeon's Mistake	2
1.1.6	Personnel-Related Complications	4
1.2	Patient-Related Complications	4
1.2.1	Systemic Disorders and Medications	4
1.2.2	Pitfalls	4
1.2.3	Oral Finding-Associated Complications	5
1.3	The Equipment/Instrument-Related Complications	34
1.3.1	Computer-Guided Planning and Surgery Complications	36
	Bibliography	38
2	Common Measures and Obstacles Related to Implant Dentistry and Tooth-Preserving Surgery	39
2.1	Common Measures	39
2.1.1	Surgical Access	39
2.1.2	Selection of Appropriate Incisions and Flap Design	39
2.1.3	Selection of Needles and Suturing Materials	77
2.1.4	Medicinal Treatment	78
2.1.5	Supportive Measures	79
2.2	Common Obstacles	79
2.2.1	The Soft Tissue Conditions	79
2.2.2	Unfavourable Bone Conditions	98
2.2.3	Vicinity of Anatomical Structures	106
2.2.4	Common Intraoperative and Postoperative Complications	144
	Bibliography	160
3	Complications and Failures Related to Implant Dentistry	163
3.1	Implant-Related Complications	163
3.1.1	Implant-Related Biological Complications	163
3.1.2	Implant-Related Mechanical Complications	211
3.1.3	Prosthetic Complications	218
3.2	Non-implant-Related Complications	231
3.2.1	Bone Graft Failure	231
3.2.2	Sinus Floor Augmentation Failure	243
	Bibliography	252

4	Tooth-Preserving Surgery Revisited	255
4.1	Apicoectomy	256
4.1.1	Surgical Technique	256
4.1.2	Predictability	288
4.1.3	Complications and Failures	289
4.2	Cystectomy	291
4.2.1	Surgical Technique	297
4.2.2	Predictability	306
4.2.3	Complications and Failures	306
4.3	Tooth Replantation	311
4.3.1	Surgical Technique	311
4.3.2	Predictability	322
4.3.3	Complications and Failures	322
4.4	Tooth Autotransplantation	322
4.4.1	Surgical Technique	323
4.4.2	Predictability	323
4.4.3	Complications and Failures	329
4.4.4	Tooth Autotransplant Versus Dental Implant	329
4.5	Periodontal Treatment	329
4.5.1	Surgical Technique	329
4.5.2	Predictability	330
4.5.3	Complications and Failures	330
	Bibliography	330
	Epilogue	333

Atlas of Implant Dentistry and Tooth-Preserving Surgery
Prevention and Management of Complications

Stajčić, Z.

2017, XVIII, 334 p. 90 illus. in color., Hardcover

ISBN: 978-3-319-42122-3
