Contents

Part I General

1 Should Recent Clinical Trials Change Perioperative Management in Patients with Cardiac Risk Factors? 3
Corey S. Scher

2 Should Real-Time Ultrasound Guidance Be Routinely Used for Central Venous Catheter Placement? 7
James Leonard

3 A Patient with Chronic Kidney Disease Is Coming to the Operating Room for an Emergent Procedure, Which Intravenous Fluid Do You Plan to Give Her? 11
Jacob Tiegs and Arthur Atchabahian

4 Just Say NO to Nitrous! 15
Corey S. Scher

5 Closed-Loop Anesthesia: Wave of the Future or No Future? 19
Cedar J. Fowler and Howard Ching

6 Should Acute Respiratory Distress Syndrome (ARDS) Preventative Ventilation Be Standard in the Adult Operating Room? 21
Samir Kendale

7 I Gave Rocuronium 3 Hours Ago, Do I Need to Reverse? 23
Daniel Kohut and Kevin Turezyn

8 How Do You Recognize and Treat Perioperative Anaphylaxis? 25
Amit Prabhakar, Melville Q. Wyche III, Paul Delahoussaye, and Alan David Kaye

9 Is Monitored Anesthesia Care (MAC) Safe for All Cases? 29
Kenneth M. Sutin and Jonathan Teets

10 Does Electrophysiology Really Have to Reprogram My Patient's Pacemaker Prior to Electroconvulsive Therapy? 33
Ethan O. Bryson

11 When Can Transesophageal and Trans-Thoracic Echocardiography Be Useful in a Non-Cardiac Case? 35
Lisa Q. Rong

12 Should Antifibrinolytics Be Used in Patients Undergoing Total Joint Replacements? 39
Suzuko Suzuki

13 Will Operating Rooms Run More Efficiently When Anesthesiologists Get Involved in Their Management? 43
Steven D. Boggs, Mitchell H. Tsai, and Mohan Tanniru

14 Are Outcomes Better for Trauma Patients Who Are Treated Early with Clotting Factors? 49
Steven D. Boggs and Ian H. Black

15 Should Cerebral Oximetry Be Employed in Morbidly Obese Patients Undergoing Bariatric Surgery? 53
David Porbunderwala

16 Is Normal Saline Solution the Best Crystalloid for Intravascular Volume Resuscitation? 55
Saad Rasheed

Part II Cardiac

17 Should Local Anesthesia with Conscious Sedation Be Considered the Standard of Care Over General Anesthesia for Transcatheter Aortic Valve Replacement via the Transfemoral Approach? 59
Glen D. Quigley and Jennie Y. Ngai

18 Should Antiplatelet Therapy Be Stopped Preoperatively in a Patient with Coronary Artery Stents? 63
Caitlin J. Guo and Katherine Chuy

19 Is Extubating My Cardiac Surgery Patient Postoperatively in the Operating Room a Good Idea? 67
Joseph Kimmel and Peter J. Neuburger

20 Is a Pulmonary Artery Catheter Needed If You Have Transesophageal Echocardiography in a Routine Coronary Artery Bypass Grafting? 71
Christopher Y. Tanaka and John Hui

21 When Should You Transfuse a Patient Who Is Bleeding After Cardiopulmonary Bypass? 75
Cindy J. Wang

22 Neuraxial Versus General Anesthesia in a Patient with Asymptomatic Severe Aortic Stenosis 79
Patrick B. Smollen and Arthur Atchabahian

23 Should High-Risk Cardiac Patients Receive Perioperative Statins? 81
Himani V. Bhatt

24 Cardiopulmonary Bypass Cases: To Hemodilute or Not? 83
Nicole R. Guinn

25 Are Seizures Really a Problem After the Use of Antifibrinolytics? 85
Dmitry Rozin and Madelyn Kahana

26 Is Regional Anesthesia for Cardiac Surgery a Good Idea? 87
M. Megan Chacon

27 Are Surgical and Anesthesia Medical Missions in Low- and Middle-Income Countries Helping or Hurting? The Evolving Fields of Global Anesthesia and Global Surgery 89
Jamey Jermaine Snell

Part III Thoracic

28 Can Oxygenation in Single-Lung Thoracic Surgery Be Affected by Inhibition of Hypoxic Pulmonary Vasoconstriction? 95
Rebekah Nam

29 **Is a Bronchial Blocker Just as Good as a Double-Lumen Tube for Achieving Adequate Lung Isolation?** 97
Alexandra Lewis and David Amar

30 **Your Thoracic Epidural is Not Working: How Do You Provide Analgesia Post-thoracotomy?** 101
Angela Renee Ingram and Anuj Malhotra

Part IV Pediatric

31 **Pediatric Upper Respiratory Infection: You Cancelled the Case and Told the Parents to Reschedule, Right?** 105
Brian Blasiole

32 **Does a Low Mean Blood Pressure in the Neonate Under Anesthesia Lead to Cognitive Deficits?** 109
Anna Clebone and Corey S. Scher

33 **Does Rapid Sequence Induction Have a Role in Pediatric Anesthesia?** 111
Michale Sofer

34 **Anesthetic Neurotoxicity: Is Anesthesia Toxic to the Developing Brain? Should I Cancel My Baby's Surgery?** 115
Misuzu Kameyama and Corey S. Scher

35 **Should an Anxious Parent Be Allowed to Be Present for the Induction of Anesthesia in Her Child?** 117
Paul A. Tripi and Mark M. Goldfinger

36 **What Is the Role of Premedication in the Pediatric Patient?** 121
Elliot S. Schwartz and Anna Clebone

37 **Presence of Family Members in the Operating Room: Is This Really Helpful?** 125
Michelle N. Gonta and Misuzu Kameyama

38 **Is It Appropriate for Complicated Pediatric Surgical Patients to Receive Care Outside of Specialized Pediatric Centers?** 127
Mark M. Goldfinger and Paul Tripi

39 **Are the Transfusion Goals for a Premature Infant the Same As for a 7-Year-Old?** 131
Olga N. Albert

40 **How Should You Get the Autistic Child into the Operating Room When the Mother Objects to Intramuscular Ketamine?** 133
Glenn E. Mann and Jerry Y. Chao

41 **Is "Deep" Extubation Preferable in Patients at Risk for Bronchospasm?** 135
Manoj Dalmia

42 **What Is the Best Approach to a Pediatric Patient with an Unexplained Intraoperative Cardiac Arrest?** 139
Sherryl Adamic and Anna Clebone

43 **Malignant Hyperthermia: "It Certainly Is" Versus "It Certainly Is Not!"** 143
Corey S. Scher

44 Is There a "Right" Drug to Choose When the Blood Pressure Is Low and More Volume Is not the Answer in a Pediatric Patient? 147
Jennifer L. Liedel and Madelyn Kahana

Part V Obstetric

45 Which Is Safer: A Traditional Epidural or a Combined Spinal Epidural? 153
Juan Davila-Velazquez and Jeffrey Bernstein

46 When Should a Patient Undergoing Dilation and Evacuation of Products of Gestation Be Intubated? 155
Barbara Orlando, Agnes McNamara Lamon, and Migdalia Saloum

47 Two Blood Patches Have Failed. Now What? 157
Alexander Sinofsky and Arthur Atchabahian

48 Should a Spinal Be Used for Surgical Anesthesia After a Failed Labor Epidural? 161
Antonio Gonzalez Fiol and Suzanne K.W. Mankowitz

49 Accidental Dural Puncture: Should an Intrathecal Catheter Be Threaded? 165
Katherine Chuy and Shruthima Thangada

50 Should Intraoperative Cell Salvage Be Used During Cesarean Delivery? 169
Alaeldin A. Darwich and Sharon E. Abramovitz

51 Should Damage Control or Traditional Resuscitation Be Used for Abnormal Placentation Cases? 173
Anna Korban, Antonio Gonzalez Fiol, and Stephanie R. Goodman

52 Managing the Noncompliant HIV-Positive Mother: A PRO/CON Debate 177
Simon Kim and Corey S. Scher

Part VI Neuroanesthesia

53 At What Hematocrit Should a Patient Who is Undergoing Craniotomy for Tumor be Transfused? 183
Mark Burbridge

54 Traumatic Brain Injury: Where Do We Stand with Ketamine and Hyperventilation? 185
Corey S. Scher

55 Is General Anesthesia or Conscious Sedation More Appropriate for Patients Undergoing Endovascular Clot Retrieval for Acute Ischemic Stroke? 189
Elina Abramchayeva and Jinu Kim

56 Tranexamic Acid for Major Spine Surgery 193
Sergey Pisklakov

57 Should Major Spine Surgery Patients Be Extubated in the Operating Room? 197
A. Elisabeth Abramowicz

58 General Anesthesia for Intra-arterial Stroke Treatment (Endovascular Mechanical Thrombectomy): Still Needed or a Thing of the Past? 201
A. Elisabeth Abramowicz

59 Is It Better to Perform a Craniotomy for Brain Tumor Resection Awake? 205
John L. Ard Jr. and Irene Kim

60 Nitrous Oxide in Neuroanesthesia: Does It Have a Place? 207
Elizabeth A.M. Frost

61 Should We Treat Hypertension Immediately Before Electroconvulsive Therapy? 209
Elana B. Lubit

Part VII Transplant

62 Viscoelastic Testing in Liver Transplantation 215
Cynthia Wang

63 Antifibrinolytics in Liver Transplantation 219
Cynthia Wang

64 Would You Recommend Accepting a "Donation After Cardiac Death" Liver? 221
Corey S. Scher

65 Should Only Patients Who Are Medically Optimized Receive a Liver Transplant? 225
Corey S. Scher

66 Is the Model for End-Stage Liver Disease (MELD) Score the Best Way to Evaluate Liver Transplant Patients Preoperatively? 229
Benjamin Heller and Jeron Zerillo

67 A Small Bowel Transplant for a Patient with Scleroderma: Once Again on the Slippery Slope Both Clinically and Ethically 233
Corey S. Scher

Part VIII Critical Care

68 Should Steroids Be Used in Septic Shock? 239
Samion Shabashev

69 Should Extracorporeal Membrane Oxygenation Be Used for the Early Treatment of Acute Respiratory Distress Syndrome? 241
Melissa M. Anastacio and Scott A. Falk

70 What Is the Most Effective Initial Resuscitation for the Septic Shock Patient? 245
Howard Nearman

71 Should Patients with Acute Respiratory Distress Syndrome Be Placed in the Prone Position to Improve Ventilation? 249
Arati Patil

72 What Is the Best Strategy for Ventilation in Acute Respiratory Distress Syndrome? 251
Lee Stein

73 Is a Single Dose of Etomidate for Rapid Sequence Intubation (RSI) Safe in the Critically Ill Patient? 255
Matt Bilbily

74 Should Intensive Care Unit Patients Be Deeply Sedated? 257
Caitlin J. Guo

75 Is There Any Advantage to Albumin Over Crystalloid for Volume Resuscitation? 261
Michael J. Naso

76 There Is Nothing Dexmedetomidine Does that Cannot Be Done Old School 265
Hersh Patel

77 Does Treating Systemic Inflammatory Response Syndrome Lead to Better Outcomes in Surgical Patients? 269
Nader Soliman

78 Should Mechanically Ventilated Intensive Care Unit Patients Receive Physical Therapy? 271
Jonathan V. Feldstein

Part IX Ambulatory

79 Should Persistent Postoperative Nausea and Vomiting Delay Discharge of an Ambulatory Surgery Patient from the Post-anesthesia Care Unit? . . . 275
David Shapiro and Andrew Goldberg

80 Should We Postpone Surgery in Patients with Uncontrolled Preoperative Hypertension? 279
Kristina Natan and Arthur Atchabahian

81 Should the Morbidly Obese Patient Be Allowed to Leave the Day of Surgery? 281
Christopher J. Curatolo and Andrew Goldberg

82 Should Complementary and Alternative Medicine (CAM) Be Used for the Treatment of Postoperative Pain Following Ambulatory Surgery? 285
Dennis Grech, David Kam, and Preet Patel

83 Pros and Cons of a Freestanding Ambulatory Surgery Center (ASC) Versus a Hospital-Based Operating Room 289
Dennis Grech, Preet Patel, and David Kam

Part X Acute Pain

84 Can a Regional Anesthetic Affect the Development of Phantom Limb Pain? 295
Christopher DeNatale

85 Charcot–Marie–Tooth Disease and Regional Anesthesia: Is Perioperative Neuraxial Analgesia Really Contraindicated? 297
Magdalena Anitescu

86 Positional Headache Without a Previous Lumbar Puncture: Would a Blood Patch Be Useful? 299
Magdalena Anitescu

87 Single-Dose Epidural Morphine or Patient-Controlled Epidural Analgesia (PCEA) for Post-Cesarean Pain Control? 301
Lucia Daiana Voiculescu, Olga Eydlin, and Joseph Thomas Largi

88 Is Opioid Avoidance Warranted for a Patient with Obstructive Sleep Apnea in the Postoperative Period? 305
Lucia Daiana Voiculescu and Olga Eydlin

Part XI Regional

89 Is Spinal or Epidural Anesthesia Contraindicated in a Patient with Multiple Sclerosis? 311
Uchenna O. Umeh

90 The Scanner, the Twitcher, or Both: How Best to Perform Peripheral Nerve Blocks? 313
Junping Chen

91 Do We Know the Mechanism of Intravenous Lipid Emulsion (ILE) Therapy for High Blood Levels of Local Anesthetics? 317
Olga Ferreira Martins

92 Secrets Behind Keeping Your Block Catheter Working 319
Minda L. Patt

93 Is an Indwelling Neuraxial or Peripheral Nerve Catheter Safe in a Trauma Patient Who Needs Twice-Daily Low Molecular Weight Heparin? 323
Brooke Albright-Trainer and Robert Trainer

94 Awake or Asleep: Can Regional Nerve Blocks Be Safely Performed in the Heavily Sedated or Asleep Patient? 327
Shawna Dorman

95 Intraneural Injection: A Good Idea or not? 331
Jan Boublik

96 Is a Transversus Abdominis Plane (TAP) Block Better Than Surgical Field Infiltration? 333
Beamy Sharma, Uchenna O. Umeh, and Shruthima Thangada

97 Is Point-of-Care (POC) Coagulation Testing Worthwhile Before Regional or Neuraxial Anesthesia? 337
Paul Shekane

98 Should a Peripheral Nerve Block Be Placed in an Anticoagulated Patient? 339
Kiwon Song and Katherine Chuy

99 Are the Benefits of Stimulating Peripheral Nerve Block Catheters Worth the Risks? 343
Agathe Streiff and Junping Chen

Part XII Chronic Pain

100 Epidural Steroid Injection or Physical Therapy for Lumbosacral Radiculopathy Due to Disc Herniation? 349
Ryan T. Gualtier

101 Should a Trial of Epidural Steroid Injections Be Done Before Considering Spine Surgery? 353
Lori Russo

102 Epidural Steroid Injection for Unilateral Radicular Pain: Is the Transforaminal Approach Superior to Interlaminar Injection? 357
Lucia Daiana Voiculescu, Tomas J. Kucera, and Angela Zangara

103 Is a Tricyclic Antidepressant the Best First-Line Agent in Treating Neuropathic Pain? 361
Dalia H. Elmofty

104 What are the Risks and Benefits of Spinal Cord Stimulators and Intrathecal Pumps? 363
Magdalena Anitescu and Nirali Shah-Doshi

105 How Do You Determine If a Patient has Opioid-Induced Hyperalgesia? . . . 367
Dalia H. Elmofty

106 Can Acute and Chronic Postsurgical Pain Be Decreased with Perioperative Neuropathic Agents? 369
Omar Rashid Qureshi and Sheetal Patil

107 Is Urine Drug Testing a Good Idea for Patients on Chronic Opioid Therapy? 373
Chirag D. Shah, M. Fahad Khan, and David S. Cheng

108 Dexamethasone: To Use or Not To Use—That is the Question 377
Lucia Daiana Voiculescu and Rahul Pathak

109 Should Opioid Analgesics Be Used for Managing Pain in a Patient with a Drug Addiction? 381
Tiffany Sou

110 Is Sympathetic Blockade Useful in Complex Regional Pain Syndrome (CRPS)? 383
Tomas Kucera and Floria Chae

Part XIII Trauma

111 Is Pulse Pressure Variation More Accurate Than Central Venous Pressure (CVP) or Pulmonary Artery Pressure (PAP) for Volume Resuscitation? . . . 389
Corey S. Scher

112 What Is the Best Management Strategy for Venous Air Embolism? 393
Amit Prabhakar and James Riopelle

113 Does Cerebral Oximetry Have an Important Role in Trauma? 397
Corey S. Scher

114 Should New Trauma Paradigms Be Used in the Care of the Severe Trauma Patient? 401
Corey S. Scher

Part XIV Perioperative

115 Do Herbal Supplements Create Unnecessary Risk for Patients? 407
Mark R. Jones, Francisco Calixto, and Alan David Kaye

116 How Much Evaluation of the Airway Is Essential Prior to Anesthesia? 411
Levon M. Capan, Sanford M. Miller, and Corey S. Scher

117 Are There Concerns with Using Droperidol for Sedation for an Awake Fiberoptic Intubation? 415
Corey S. Scher

118 Do Special Measures—Such as Postoperative CPAP, a Prolonged PACU Stay, and PACU EtCO2 Monitoring—Improve the Outcome in a Patient with Obstructive Sleep Apnea? 419
Brent J. Luria

Part XV Professionalism

119 Do not Resuscitate: What Does that Mean Perioperatively? 425
Elizabeth A.M. Frost

120 Should a Trainee Be Allowed to Return to Anesthesiology After Narcotic Diversion and Presumed Addiction? 429
Corey S. Scher

121 Should Anesthesia Personnel Be Subject to Mandatory Drug Testing? 431
Thor Lidasan and Judy Chang

122 Does Returning a Recovered Addicted Physician to Active Anesthesiology Practice Do More Harm Than Good? 435
Judy Chang and Thor Lidasan

123 Does Disruptive Behavior Among Anesthesia Care Providers Decrease Patient Safety? 439
Sergey Pisklakov

124 Is Burnout Among Anesthesiologists a Humbug or a Real Entity? 443
Sergey Pisklakov

125 The Tumor Is Inoperable: Tell the Patient or Punt to the Surgeon? 447
Elizabeth A.M. Frost

126 What Is the Role of Pain Physicians in the Opioid Epidemic? 449
Nicholas J. Bremer
