Part I Overview

1 John Tebbutt: Australian Astronomer Extraordinaire	3
1.1 Introduction.....	3
1.2 Tebbutt: The Man.....	4
1.3 The Formative Years	9
1.4 The Great Comet of 1861	12
1.5 The First Observatory	14
1.6 An Emerging Reputation	16
1.7 Still More Telescopes and Observatories.....	17
1.8 A Succession of Societies	19
1.9 A Commitment to Observational Astronomy	20
1.10 Astronomy and Beyond	29
1.11 Academic Publications Aplenty	32
1.12 Promoting Popular Interest in Astronomy	35
1.13 A Magnificent Research and Reference Library	38
1.14 Status and Recognition	40
1.15 Just Rewards	42
1.16 An Enduring Legacy	43
1.17 Concluding Remarks.....	44
References.....	47
2 An Invaluable Resource: The ‘Tebbutt Collection’ in the Mitchell Library, Sydney	55
2.1 Introduction: The C41/ICHA Archives Working Group.....	55
2.2 The Tebbutt Collection.....	55
2.2.1 Background and Listing.....	55
2.2.2 Inward letters	58
2.2.3 Astronomical Journals, 1853–1902	64
2.2.4 Observational Notebooks, 1862–1865, 1879–1882, 1884–1905	67

2.2.5	Determination of Latitude, 1882, and Determination of Longitude, 1885–1887.....	67
2.2.6	Extracts from Periodicals etc.	68
2.2.7	Hot Winds, 1862–1863; and Meteorological Observations, 1863–1913	69
2.2.8	Catalogue of the Windsor Observatory Library.....	69
2.2.9	Other Records	71
2.3	The Missing Records	71
2.4	Concluding Remarks.....	74
	References.....	75

Part II Background Context

3	The Development of Professional Astronomy in the Nineteenth Century Australia	81
3.1	Introduction.....	81
3.2	Sir Thomas Brisbane: Pioneering Days at Parramatta Observatory.....	83
3.3	From Imperial to Independent Astronomy: The Development of the Colonial Observatories.....	85
3.4	Concluding Remarks.....	101
	References.....	102
4	The Role of the Independent Astronomer in Early Australian Astronomy.....	109
4.1	Introduction.....	109
4.2	A Cavalcade of Comets and Transits: The Growth of Popular Interest in Astronomy	110
4.3	Independent Astronomers to the Fore: The Rise of the Private Observatories.....	114
4.4	An Evolving Science: Impact of the Leading Non-professional Astronomers on Australian Astronomy	118
4.5	Professionals and Non-professionals: Colleagues or Competitors?.....	124
4.6	Concluding Remarks.....	127
	References.....	127

Part III Case Studies

5	Introduction.....	135
	Reference	137
6	The Great Comet of 1861: A Magnificent Career Catalyst	139
6.1	Introduction.....	139
6.2	A ‘Nebula’ Is Noted: Discovery of the Great Comet of 1861.....	141

6.3	Ridicule and Rancour: The Price of Publicising Further Observations.....	144
6.4	A Celestial Spectacle: The Comet in Northern Skies	160
6.5	Recovery of the Comet: Its Reappearance in Australian Skies.....	164
6.6	Rightful Recognition: Compensating for the Passage of Time and Tyranny of Distance.....	165
6.7	Concluding Remarks.....	167
	References.....	168
7	An Urge for Independence: The Sydney Observatory	
	Directorship	173
7.1	Introduction.....	173
7.2	Trials and Tribulations: The First Sydney Observatory Directorship.....	174
7.3	John Tebbutt of Neighbouring Windsor: The Ideal New Director?	179
7.4	Concluding Remarks.....	195
	References.....	200
8	From Humble Beginnings: The Development of Windsor Observatory	205
8.1	Introduction.....	205
8.2	A Serious Commitment to Observational Astronomy: Purchase of the Jones Refractor.....	206
8.3	‘Wholly the Work of My Own Hands’: The First Windsor Observatory Building	210
8.4	A New Home for a New Telescope: The Second Wooden Observatory.....	217
8.5	A Proper Astronomical Centre: The Substantial Brick Building of 1879	222
8.6	Accommodating the Eight Inch: The Demand for a New Brick Observatory	235
8.7	Concluding Remarks.....	239
	References.....	248
9	A Timely Spectacle: The Great Comet of 1881	255
9.1	Introduction.....	255
9.2	A Successful Scan of the Southern Sky: Discovery of a New Comet	256
9.3	An Evolving Object: Subsequent Observations of the Comet.....	259
9.4	An Enduring Legacy: The Great Comet’s Contribution to Astronomy.....	269
9.5	Concluding Remarks.....	281
	References.....	286

10	An Abortive Association: The Australian Comet Corps	293
10.1	Introduction.....	293
10.2	An Association of Observers: The Proposed ‘Australian Comet Corps’	294
10.3	In Search of Comets: Putting the Concept to the Test	305
10.4	A Combination of Factors: The Demise of the Australian Comet Corps	307
10.5	Concluding Remarks.....	314
	References.....	314
11	A Gain in Light Grasp: The Legacy of the Grubb Telescope	319
11.1	Introduction.....	319
11.2	The Tyranny of Distance: Tebbutt’s Purchase of the Telescope	320
11.3	Exploiting the Increased Light Grasp and a Drive: An Ongoing Commitment to Observational Astronomy	321
11.3.1	Cometary Positions	322
11.3.2	Variable Stars	337
11.3.3	Double Stars.....	344
11.3.4	Minor Planet Positions.....	355
11.3.5	Planetary Positions.....	361
11.3.6	Other Observations of Jupiter and Uranus.....	367
11.3.7	Solar and Lunar Eclipses	368
11.3.8	Transits of Mercury.....	371
11.3.9	Jovian Satellite Phenomena	373
11.3.10	Lunar Occultations of Stars	375
11.3.11	Lunar Occultations of Planets.....	381
11.4	Concluding Remarks.....	382
	References.....	383
12	Power, Politics and Prestige: The Russell–Tebbutt Feud.....	393
12.1	Introduction.....	393
12.2	From Friend to Foe: Narrative of a Deteriorating Relationship	394
12.3	A Fully Frontal Attack: The <i>Sydney Morning Herald</i> and the Pamphlet.....	419
12.4	Paying a Heavy Price: The Consequences of Confrontation	430
12.5	Concluding Remarks.....	438
	References.....	439
13	Astronomers in Isolation: A New Branch of the British Astronomical Association	449
13.1	Introduction.....	449
13.2	Astronomical Agitation in Sydney: The Mooted Australian Astronomical Society	450
13.3	Organising Astronomy in Sydney: Formation of the BAA Branch.....	453

13.4	Progress or Perish: The Critical First 5 Years	458
13.5	Leading by Example: The Vital Role Played by Tebbutt.....	465
13.6	Concluding Remarks.....	470
	References.....	471
14	The End of an Era: A Welcome and Well-Earned Retirement.....	479
14.1	Introduction.....	479
14.2	An Inevitable Decision: The End of an Illustrious ‘Career’	480
14.3	A ‘Clayton’s Retirement’: Post-1903 Astronomical Activities.....	485
14.4	Honours at Home and Abroad: Rightful Recognition at Long Last	492
14.5	Concluding Remarks.....	507
	References.....	510
15	The Sequel: From Scientific Observatory to Museum of Astronomy	517
15.1	Introduction.....	517
15.2	A Tale of Loose Ends: Dispersal of the Windsor Observatory Scientific Instruments.....	518
15.3	Refurbished as a Museum of Astronomy: A New Role for an Historic Observatory	533
	References.....	543
	Index.....	547

John Tebbutt

Rebuilding and Strengthening the Foundations of
Australian Astronomy

Orchiston, W.

2017, XLVII, 555 p. 262 illus., 111 illus. in color.,

Hardcover

ISBN: 978-3-319-44520-5
