

Contents

1	Introduction	1
1.1	Background	1
1.2	Basic Concepts	2
1.3	Challenges	9
1.4	Aim of the Book	11
1.5	Book Organization	12
	References	13
2	Overview of Dynamic Sharing of Wireless Spectrum	17
2.1	CR Enabled Dynamic Spectrum Sharing	17
2.2	Database Enabled Dynamic Spectrum Sharing	22
2.3	Dynamic Spectrum Sharing Standardization	23
2.3.1	IEEE Standard	24
2.3.2	IETF Standard	27
2.4	Dynamic Spectrum Sharing Application Cases	28
2.4.1	Cognitive Cellular Spectrum Sharing	28
2.4.2	Vehicular White Spaces Spectrum Access	29
2.4.3	White Spaces Spectrum Auction	31
2.5	Summary	33
	References	33
3	Dynamic Wireless Spectrum Sharing in Cognitive Cellular Networks	37
3.1	Background	38
3.2	System Model	38
3.2.1	Cellular Spectrum Access Model	38
3.2.2	Secondary User Service Model	40
3.3	Problem Formulation	41
3.4	Cooperative Matching Approach for Dynamic Spectrum Sharing	44
3.4.1	Demanders' Cooperation for Spectrum Sharing	44
3.4.2	Providers' Cooperation for Spectrum Sharing	48

3.5	Performance Evaluation	51
3.6	Summary	55
	References.	56
4	Dynamic White Spaces Spectrum Sharing in Vehicular Networks	59
4.1	Background	59
4.2	System Model.	62
4.2.1	White Spaces Access Model.	62
4.2.2	Vehicular Mobility Model.	66
4.3	Optimal Planning for Dynamic White Spaces Sharing	67
4.3.1	Problem Formulation.	67
4.3.2	Optimal Dynamic TVWS Assignment.	69
4.4	Vehicular Access Scheduling Over White Spaces.	73
4.4.1	Delay-Sensitive Vehicular Service Scheduling	76
4.4.2	Delay-Tolerant Vehicular Service Scheduling	78
4.5	Performance Evaluation	80
4.5.1	Simulation Results of White Spaces Planning.	80
4.5.2	Simulation Results of Vehicular Access Scheduling	82
4.6	Summary	87
	References.	87
5	Auction-Based White Spaces Spectrum Sharing in Multimedia Networks	89
5.1	Background	90
5.2	Wireless Multimedia Application Scenario.	91
5.3	Secondary Service Requirement Model	92
5.4	Problem Formulation	93
5.5	Double-Phase Dynamic White Space Spectrum Sharing.	96
5.5.1	Initial Resource Allocation	97
5.5.2	Resource Allocation Adjustment	97
5.5.3	Resource Usage Charging.	99
5.6	Performance Evaluation	101
5.7	Summary	105
	References.	105
6	Conclusion and Future Research Directions	107
6.1	Concluding Remarks	107
6.2	Potential Future Works.	109
	References.	113

Dynamic Sharing of Wireless Spectrum

Zhou, H.; Yu, Q.; Shen, X.S.; Wu, S.; Zhang, Q.

2017, XI, 113 p. 56 illus., Hardcover

ISBN: 978-3-319-45076-6
