Part I General Characteristics of the Physical Geography of Hungary

1	Relief Evolution	3
1.1	Paleozoic and Mesozoic Relief Evolution and Palaeo-Geography	3
1.1.1	Palaeo-Geography of the Paleozoic	6
1.1.2	Palaeo-Geography of the Mesozoic	10
1.2	Palaeo-Geography of the Tertiary	15
1.2.1	Palaeo-Geography and Landforms of the Eocene	15
1.2.2	Palaeo-Geography and Landforms of the Oligocene	19
1.2.3	Palaeo-Geography of the Miocene	21
1.2.4	Palaeo-Geography of the Late Miocene	28
1.2.5	Palaeo-Geography of the Pliocene	31
1.3	Chronology and Main Palaeo-Geographical Features of the Quaternary	36
1.3.1	Tectonic Changes in the Pleistocene	37
1.3.2	Evolution of the River Network	40
1.3.3	Alluvial Fans in the Carpathian Basin	48
1.4	Evolution of Terraces in the Carpathian Basin (Kiss, T.)	51
1.4.1	The Location of Terraces and the Influencing Factors of Their Evolution in Hungary	51
1.4.2	The Influencing Factors of the Development of the Hungarian Terrace Systems	54
1.4.3	Identification and Dating Methods of Terraces	55
1.4.4	The Factors Transforming the Terraces	56
1.5	Forms and Processes of Loess and Blown Sand Territories in Hungary	56
1.5.1	Some Physical Geographical Issues of the Loess	56
1.5.2	Blown Sand Forms and Processes (Kiss, T.)	63
1.6	Periglacial Forms and Processes	68

1.7	Main Geographical Issues of the Hungarian Karst Areas	73
1.7.1	Main Regional Characteristics of Karstification	75
1.7.2	The Hungarian Karst Types	78
1.7.3	Some Questions of the Anthropogenic Use of Karsts	84
1.8	Main Features of Climate, Vegetation and Fauna of the Quaternary (Kiss, T.)	84
1.8.1	Main Features of the Quaternary Flora and Fauna	86
1.8.2	Historical Changes of the Flora and Fauna in the Pleistocene	86
1.8.3	Landscape Development and Climate Changes	88
1.9	Late Glacial and Holocene Landforms and Processes.	88
1.9.1	Palaeo-geography of the Late Glacial	88
1.9.2	The Division of the Holocene	89
1.9.3	Main Environmental Changes in the Holocene	91
	References.	96
2	Climate of Hungary	101
2.1	Factors Influencing the Climate of the Carpathian Basin, the Climate Type	101
2.2	Spatial and Temporal Characteristics of the Main Climatic Parameters	102
2.2.1	Regional Differences in Sunshine Duration	103
2.2.2	Spatial Distribution of Air Temperature	103
2.2.3	Spatial Differences in Precipitation	105
2.2.4	Wind Conditions	108
2.3	Social Aspects of Climate	109
2.3.1	Number of Snow-Covered Days: Potentials for Skiing	109
2.3.2	Potentials to Utilize Renewable Climatic Energy Resources	109
2.3.3	Special Climatic Features of Cities	112
2.3.4	Further Climatic Capabilities and Hazards	112
2.4	Past and Future of the Climate	116
	References.	118
3	Hydrography of Hungary	121
3.1	Hydrographical Characteristics of Surface Waters	121
3.1.1	Catchment-Scale Hydrology of the Carpathian Basin	121
3.1.2	Rivers	125
3.1.3	Lakes	133

3.2	Subsurface Waters.	148
3.2.1	Position and Spatial Changes of the Groundwater.	149
3.2.2	Flow Conditions and Water Household of Artesian Waters	152
3.2.3	Quantitative Characteristics of Karst and Crack Waters	156
3.2.4	Bank-Filtered Waters.	159
3.3	Some Anthropogenic Impacts on the Water System.	159
	References.	162
4	Soils of Hungary.	165
4.1	Zonal Soils Characterised by the Dominant Influence of Climate	166
4.2	Intrazonal Soils.	168
4.3	Azonal Soils.	170
4.4	Anthropogenic Impacts on Soils	170
	References.	174
5	Natural Vegetation of Hungary	175
5.1	Geographical Features of the Zonal Vegetation in the Carpathian Basin	175
5.2	Typical Plant Communities in Hungary	178
5.3	Anthropogenic Impacts Influencing and Altering the Vegetation in Hungary	180
5.4	Nature Protection in Hungary	182
	References.	185
 Part II Regional Physical Geography of Hungary:		
An Overview		
6	Division of the Natural Landscape Regions	189
6.1	History of the Hungarian Landscape Division.	190
6.2	The Structure of Landscapes and Their Hungarian System	191
	References.	193
7	Physical Geography of the Great Hungarian Plain	195
7.1	Location and the Main Evolutionary Periods of the Macro-Region	195
7.1.1	The Climatic Conditions of the Great Hungarian Plain	197
7.1.2	Hydrography of the Great Hungarian Plain	198
7.1.3	Soils and Vegetation of the Great Hungarian Plain	198
7.2	Overview on the Evolutionary Types of the Regions of the Great Hungarian Plain and Their Physical Geographical Characteristics.	199

7.3	Environmental Values and Hazards in the Great Hungarian Plain	211
7.3.1	Consequences of Channel Regulation and Flood Control Works	224
	References.	228
8	Physical Geography of the Little Hungarian Plain	231
8.1	Location and the Main Evolutionary Periods of the Macro-Region	231
8.2	Overview on the Evolutionary Types of the Regions of the Little Hungarian Plain and Their Physical Geographical Characteristics.	235
8.3	The Most Important Natural Values and Some Environmental Conflicts of the Little Hungarian Plain	238
	References.	242
9	Physical Geographical of the West Hungarian Border Region	243
9.1	Physical Geography and Landscape Development	243
9.2	Geographical Units of the West Hungarian Border Region	246
9.3	Some Natural Values and Environmental Conflicts of the West Hungarian Border Region	251
	References.	253
10	Physical Geography of the Transdanubian Mountains	255
10.1	Location and the Main Evolutionary Periods of the Macro-Region	255
10.2	Overview on the Evolutionary Types of the Regions of the Transdanubian Mountains and Their Physical Geographical Characteristics	258
10.3	Some Natural Values and Environmental Hazards of the Transdanubian Mountains	264
	References.	266
11	Physical Geography of the Transdanubian Hills	269
11.1	Location and the Main Evolutionary Periods of the Macro-Region	269
11.2	Overview on the Evolutionary Types of the Regions of the Transdanubian Hills and Their Physical Geographical Characteristics.	273
11.3	Some Natural Values and Environmental Issues of the Transdanubian Hills (with the Collaboration of Bata, T.)	277
	References.	280
12	Physical Geography of the North Hungarian Mountains.	283
12.1	Physical Geography and Landscape Development	283
12.2	The Genetic Overview and Some Physical Geographical Issues of the North Hungarian Mountains	287

12.3 Some Natural Values and Environmental Hazards of the North Hungarian Mountains	307
References.	311
Appendix A: Landscape Units of Hungary	315
Appendix B: The Landscape Types of Hungary	323
Index	325

The Physical Geography of Hungary

Mezősi, G.

2017, XVII, 334 p. 209 illus., 22 illus. in color.,

Hardcover

ISBN: 978-3-319-45182-4
