Part I Immune Response to Infection

Innate Immunity to Malaria	3
Anton Götz, Maureen Ty, Angelo Ferreira Chora, Vanessa Zuzarte-Luís, Maria M. Mota, and Ana Rodriguez	
Mechanisms of Adaptive Immunity to <i>Plasmodium</i> Liver-Stage Infection: The Known and Unknown.....	27
Stina L. Urban, Katherine L. Doll, and John T. Harty	
Adaptive Immunity to <i>Plasmodium</i> Blood Stages	47
Michelle N. Wykes, Robin Stephens, and Ian A. Cockburn	
Pathogenetic Immune Responses in Cerebral Malaria	67
Georges Emile Raymond Grau and Samuel Crocodile Wassmer	
A Role for Autoimmunity in the Immune Response Against Malaria	81
Juan Rivera-Correa and Ana Rodriguez	

Part II Immune Response to Malaria Vaccines: Liver Stage Vaccines

Whole-Sporozoite Malaria Vaccines.....	99
António M. Mendes, Anja Scholzen, Ann-Kristin Mueller, Shahid M. Khan, Robert W. Sauerwein, and Miguel Prudêncio	
Immune Responses to the RTS,S/AS01 Malaria Vaccine Candidate: Lessons from Human Immunology, Parasitologic and Clinical Evaluations.....	139
Johan Vekemans	
Viral Vector Vaccines for Liver-Stage Malaria	157
Cristina Fernández-Arias and Moriya Tsuji	

Epitopic Malaria Vaccines Comprised of Minimal T- and B-Cell Epitopes of the <i>P. falciparum</i> CS Protein	171
Elizabeth H. Nardin	
 Part III Immune Response to Malaria Vaccines: Blood Stage Vaccines	
Immune Responses to Whole-Organism Blood-Stage Malaria Vaccines	197
Amber I. Raja, Danielle I. Stanisic, and Michael F. Good	
Subunit Blood-Stage Malaria Vaccines	211
Alexander D. Douglas	
 Part IV Immune Response to Malaria Vaccines: Transmission Blocking Vaccines	
Antimalarial Transmission-Blocking Vaccines	241
R.E. Sinden, Sumi Biswas, and A.M. Blagborough	
Index	273

Malaria

Immune Response to Infection and Vaccination

Mota, M.M.; Rodriguez, A. (Eds.)

2017, VI, 278 p. 13 illus., 10 illus. in color., Hardcover

ISBN: 978-3-319-45208-1
