

Contents

- 1 Introduction** 1
- 2 The Broadcasting Ecosystem** 5
- 3 Distribution Options** 11
 - 3.1 Broadcasting Networks 11
 - 3.1.1 Terrestrial Broadcasting Networks..... 11
 - 3.1.2 Cable Networks 15
 - 3.1.3 Satellite Networks 17
 - 3.2 Broadband Networks..... 19
 - 3.2.1 Over-the-Top and Managed Services 23
 - 3.2.2 Fixed Broadband Networks 25
 - 3.2.3 Mobile Broadband Networks..... 26
 - 3.2.4 WiFi Networks 28
 - 3.2.5 Content Distribution Networks..... 29
- 4 Regulatory Framework** 33
 - 4.1 Spectrum Regulation 34
 - 4.1.1 International Telecommunications Union 34
 - 4.1.2 Regional Organizations..... 37
 - 4.1.3 National Regulatory Authorities 41
 - 4.1.4 European Commission 42
 - 4.2 Content Regulation..... 43
 - 4.2.1 The European Regulatory Framework 45
 - 4.2.2 Net Neutrality 48
- 5 Changing Habits and Expectations** 55
 - 5.1 Extension of Services 56
 - 5.2 New Types of Devices 62
 - 5.3 Usage Environments 64
 - 5.4 New Trends for the Broadcasting Sector..... 66

6 Technology Developments	69
6.1 Terrestrial Broadcasting Technologies	70
6.1.1 DVB-Project	71
6.1.2 ATSC 3.0	72
6.1.3 FOBTv	74
6.2 Mobile Broadband Technologies	74
6.2.1 eMBMS	75
6.2.2 3GPP TV Enhancements for LTE	78
6.3 5G: Next Generation Mobile Networks	81
6.4 Hybrid Broadband Networks	87
7 Scope of Broadcasting	91
7.1 Public Service Broadcasting	92
7.2 Public Service Broadcasters' Requirements on Distribution	95
8 Strategic Considerations	99
8.1 Basic Observations	100
8.2 Use Cases	101
8.3 Usage Patterns	105
8.4 Analysis of the Broadcast Value Chain	107
8.5 Business Arrangements	110
8.6 Distribution Costs	115
8.7 Assessment of Distribution Options	118
9 Broadcasting in Uncharted Waters	121
Bibliography	125
Index	131

Evolution of Broadcast Content Distribution

Beutler, R.

2017, XVI, 132 p. 21 illus. in color., Hardcover
