

Contents

1	Pandemic Zoonoses from the Middle Ages to the Twentieth Century.....	1
1.1	Historical Aspects	1
1.2	Plague Pandemics	2
1.2.1	History Revisited	2
1.2.2	Current Epidemiology.....	3
1.2.3	Microbiological and Clinical Aspects of Plague.....	3
1.3	Pandemic Zoonotic Influenza	4
1.3.1	Unique Features of the 1918 Pandemic	5
1.3.2	Other Pandemics of the Twentieth Century	6
1.4	The AIDS/HIV Pandemic	7
1.4.1	Progress in AIDS	9
1.4.2	Present State and Remaining Challenges.....	9
1.4.3	Prospects of Meeting the Challenges.....	10
	References	12
2	Animals and Mechanisms of Disease Transmission.....	15
2.1	Introduction.....	15
2.2	Various Means of Transmission.....	16
2.2.1	Socioecology Factors	16
2.2.2	Mechanisms of Transmission.....	16
2.3	Animal Disease via the Food Chain.....	17
2.3.1	Bacterial Foodborne Zoonoses	18
2.3.2	Foodborne Parasitic Zoonoses	21
2.4	Pets as a Source of Zoonoses	24
2.4.1	Vector-Borne Zoonoses from Pets	26
2.4.2	Parasitic Zoonoses from Pets	27
2.5	Birds and Bats in Zoonoses.....	28
2.5.1	Pet Birds.....	29
2.5.2	Bats	30

2.6	Animals in the Wild	31
	References	35
3	Swine and Avian Influenza Outbreaks in Recent Times	39
3.1	Introduction.....	39
3.2	Virology	39
3.3	Ecology and Host Tropism.....	40
3.4	Swine Influenza Viruses of the Twenty-First Century	42
3.4.1	Cross-Species Transmission and Mixing Vessel Concept	42
3.4.2	Reassortment of Influenza Viruses in Pigs	43
3.4.3	Transmission of Swine Reassortment Viruses to Humans	44
3.5	Avian Influenza in the Modern Era	45
3.5.1	Tissue Tropism	46
3.5.2	Highly Pathogenic Avian Influenza H5N1	47
3.5.3	Emergence of Avian Influenza A H7N9.....	48
3.5.4	Current Status of the Emerging Pathogenic Avian Influenza Viruses.....	49
3.6	Strategies to Contain Zoonotic Influenza A	51
3.6.1	Vaccines for Zoonotic Influenza A	52
3.6.2	Treatment of Zoonotic Influenza.....	53
3.7	Future Directions	54
3.8	Conclusion	56
	References	56
4	Emerging Animal Coronaviruses: First SARS and now MERS.....	63
4.1	Introduction.....	63
4.2	Virology	64
4.3	Pathogenesis.....	64
4.4	Transmission	66
4.5	Clinical Features	68
4.6	Diagnosis.....	69
4.7	Pathology and Immunology	70
4.8	Management.....	71
4.8.1	Animal Experiments.....	72
4.9	Experimental Antivirals and Vaccines.....	73
4.9.1	Future Directions.....	74
4.9.2	Conclusion.....	76
	References	76
5	Emergence of New Tickborne Infections	81
5.1	Introduction.....	81
5.2	Ticks.....	82
5.3	Historical Aspects	83
5.3.1	Tickborne Zoonoses: General Background.....	84

5.4	New Tickborne Bunyaviruses	85
5.4.1	Severe Fever with Thrombocytopenia Syndrome [SFTS]	86
5.4.2	Heartland Virus	92
5.4.3	Clinical Features of Heartland Virus Infection	92
5.4.4	<i>Borrelia miyamotoi</i> Disease	93
5.5	Conclusion and Future Perspectives	94
	References	96
6	Chikungunya Virus and Zika Virus Expansion: An Imitation of Dengue Virus	101
6.1	Introduction	101
6.2	Historical Aspects	102
6.2.1	CHIKV	102
6.2.2	DENV	103
6.2.3	Zika Virus	104
6.3	Virology	105
6.3.1	CHIKV	105
6.3.2	DENV	105
6.3.3	ZIKV	106
6.4	Vectors of CHIKV, ZIKV, and DENV	107
6.5	Pathogenesis of Disease	108
6.5.1	CHIKV Disease Pathogenesis	108
6.5.2	DENV Disease Pathogenesis	109
6.5.3	ZIKV Disease Pathogenesis	111
6.5.4	ZIKV Immunity	112
6.6	Clinical Manifestations	112
6.6.1	CHIKV Clinical Disease	112
6.6.2	DENV Disease	114
6.6.3	ZIKV Disease	116
6.7	Potential Treatments and Vaccines	119
6.7.1	CHIKV Treatment	119
6.7.2	DENV Vaccines	120
6.7.3	ZIKV Vaccine	121
6.8	Future Prospects	121
	References	123
7	Ebola and Marburg: Out of Africa	131
7.1	Introduction	131
7.2	Historical Aspects	132
7.2.1	Marburg Virus [MARV] Infection	132
7.2.2	Ebola Virus [EBV] Infection	132
7.3	Virology	133
7.3.1	Ecology	134
7.3.2	Transmission	136
7.4	Pathogenesis	136

7.5	Scale of Ebola West African Epidemic	140
7.5.1	Clinical Manifestations	140
7.5.2	Diagnosis	142
7.5.3	Management	143
7.5.4	Experimental Treatment	145
7.5.5	Vaccines in Development	146
7.6	Future Directions	148
	References	149
8	Hepatitis E: A Zoonosis	155
8.1	Introduction	155
8.2	Virology	155
8.2.1	Evolutionary History	155
8.2.2	Virology and Classification	156
8.3	Distribution of Human Genotypes	156
8.4	Epidemiology	157
8.5	Pathogenesis	158
8.6	Clinical Features	160
8.6.1	Extrahepatic Manifestations of HEV	161
8.6.2	Chronic HEV Infection	162
8.6.3	Diagnosis	163
8.7	Treatment	164
8.8	Prevention	166
8.9	Future Directions	166
	References	167
9	Zoonotic Malaria: <i>Plasmodium knowlesi</i>	173
9.1	Introduction	173
9.1.1	Evolution of Malaria	174
9.1.2	Historical Aspects	175
9.1.3	The Parasite	176
9.1.4	Pathogenesis	177
9.1.5	Vector and Transmission	178
9.1.6	Clinical Disease	180
9.1.7	Prevention	183
9.1.8	Future Direction	184
	References	185
10	Zoonotic Streptococci: A Focus on <i>Streptococcus suis</i>	189
10.1	Introduction	189
10.2	Classification of Streptococci	189
10.3	Zoonotic Streptococci	190
10.4	<i>Streptococcus canis</i>	191
10.5	<i>Streptococcus equi</i> , <i>Streptococcus zooepidemicus</i> , and <i>Streptococcus equisimilis</i>	192
10.6	<i>Streptococcus iniae</i>	194

10.7	<i>Streptococcus suis</i>	195
10.7.1	General Background	195
10.7.2	Epidemiology of <i>S. suis</i>	195
10.7.3	Microbiology of <i>S. suis</i>	196
10.7.4	Virulence and Pathogenesis of <i>S. suis</i>	197
10.7.5	Clinical Aspects of <i>S. suis</i> Infection	199
10.7.6	Future Directions	204
	References	204
11	New and Emerging Parasitic Zoonoses	211
11.1	Introduction	211
11.2	Baylisascariasis	211
11.2.1	Epidemiology of Human Infection with <i>B. procyonis</i>	213
11.2.2	Pathogenesis of Baylisascariasis	214
11.2.3	Clinical Aspects of Baylisascariasis	215
11.2.4	Diagnosis of Baylisascariasis	216
11.2.5	Treatment of Baylisascariasis	217
11.2.6	Control and Prevention of Baylisascariasis	218
11.3	Dirofilariasis Emerging in Humans	218
11.3.1	Biology of <i>Dirofilaria</i>	219
11.3.2	Dirofilariasis in Animals	220
11.3.3	Human Dirofilariasis	221
11.3.4	Control of Dirofilariasis	223
11.4	<i>Onchocerca lupi</i>	223
11.4.1	Epidemiology of Zoonotic Ocular Onchocerciasis	224
11.4.2	<i>O. lupi</i> Clinical Aspects in Animals	224
11.4.3	Human <i>Onchocerciasis Lupi</i>	225
11.4.4	Control of <i>O. lupi</i> Infection	226
11.5	<i>Trypanosoma evansi</i> , <i>T. lewisi</i> , and Others: New Zoonotic Trypanosomiasis	226
11.5.1	Animal Infection with <i>T. evansi</i>	227
11.5.2	New Zoonotic Trypanosome Infections in Humans	228
11.6	Sarcocystosis	229
11.6.1	Biology of Sarcocystosis	230
11.6.2	Clinical Sarcocystosis in Humans	230
11.6.3	Diagnosis, Treatment, and Prevention of Human Sarcocystosis	232
11.7	Future Directions	233
