1	The Challenges of Assessing and Intervening with English Learners.....	1
	Introduction.....	1
	Definitions.....	2
	Areas to Investigate When Students Struggle: Curriculum, Instruction, Environment, and the Learner	3
	Curriculum	4
	Instruction	4
	Environment.....	5
	The Learner	5
	What Is the Typical Path to a Comprehensive Evaluation and What Are the Additional Challenges for English Language Learners?	6
	Development of Tier Interventions	9
	The Involvement of a Problem-Solving Team	9
	What Happens When It Is Determined by a Problem-Solving Team That a Comprehensive Evaluation Is Warranted?	13
	How Is the Process Different for English Learners?.....	17
	What Is Needed in Schools and Districts to Meet the Needs of English Language Learners?	17
	References.....	17
2	Dual-Language Learner Development.....	21
	Introduction.....	21
	How Do Neuroscientists Study What Is Happening in the Brain as Students Learn Oral and Written Language?	21
	What Is Brain Plasticity?	22
	What Are the Different Aspects of Oral and Written Language That the Brain Must Process?	23
	Oral Language: How Does the Brain Learn to Speak and Understand a First Language?.....	24

How Does the Bilingual Brain Differ from the Monolingual Brain?	25
How Does Learning English as a Second Language Interact with the Student's First Language?.....	26
Is There a Difference Between Language Learned at Home, in the Community, and at School?	28
What Behaviors Will Educators See in English Learners as Their Skills Develop?	28
References	30
3 Data Collection When Working with English Learners	33
Introduction: Record Review, Interviews, Observations, and Tests (RIOT).....	33
Record Review: What Records Are Typically Reviewed During the Problem-Solving Process?	33
What Additional Records Are Available for English Learners?.....	34
Interviews: Who Should Be Interviewed and What Information Should Be Gathered?	36
Observations.....	38
Portfolio Assessment.....	38
Tests	38
How Are Tests Typically Used by School Psychologists for Helping to Diagnose Specific Learning Disabilities?	38
What Are Guidelines for Selecting Tests to Use with English Learners?	42
What Is the Process of Intervention for English Learners?	43
Using Evidence-Based Interventions	43
Where to Find Interventions	44
What Are Recommended Classroom Instruction and Practices for English Learners?	45
References	46
4 Oral Language Issues and Assessment of Oral Language	49
Introduction.....	49
Why Is a Measure of Language Proficiency So Important?	49
Should We Wait to Do a Comprehensive Psychoeducational Assessment Until the Student Has Reached a Certain Level of English Proficiency?	51
What Information Is Gathered When the English Learner Enrolls in School?	52
What Are Ways to Gather Information About Oral Language Proficiency in the First Language?	53
Record Review	53
Interviews.....	54
Observations.....	55
Tests	56
References	60

5 Word Reading and Decoding	63
Introduction.....	63
What to Know Before Word Reading Assessment and Intervention	64
What Is Happening in the Brain as the Individual Begins to Learn to Read?	64
Is the Process of Decoding the Same in All Languages?	66
What Is Happening in the Brains of Children Who Have Difficulty Learning to Read in English?	67
What Are Valid Ways to Make Special Education Eligibility Decisions About English Learners?	69
Multiple Indicators of a Disorder of Decoding and Word Reading.....	69
Observations of Clinical Signs.....	69
Record Review	71
Interviews.....	71
Tests	71
Teaching and Intervening.....	74
What Are Characteristics of Good Classroom Instruction for English Learners?	74
What Are Interventions to Improve English Learners’ Reading Decoding?	76
References.....	77
6 Reading Fluency and Vocabulary	81
Introduction.....	81
What to Know Before Reading Fluency Assessment and Intervention	81
What Is the Relationship Between Vocabulary and Fluency in Reading?.....	81
Besides Vocabulary, What Other Factors Lead to Fluent Reading?.....	85
What Is the Effect of the Language’s Orthography on Reading Fluency?.....	86
What Is the Relationship Between Fluency and Comprehension?	87
Multiple Indicators of a Disorder of Reading Fluency	87
Observations of Clinical Signs.....	87
Record Review	87
Interviews.....	87
Tests	89
Teaching and Intervening.....	91
What Are Characteristics of Good Classroom Instruction for English Learners?.....	91
Which Words Should Be the Focus of Instruction in Vocabulary?.....	92
What Are Interventions to Improve English Learners’ Reading Fluency?.....	92
References.....	93

7 Reading Comprehension	97
Introduction.....	97
What to Know Before Reading Comprehension Assessment and Intervention	97
What Is Happening in the Brain During Reading Comprehension?.....	97
What Role Does Background Knowledge Play in Reading?.....	98
What Is Verbal Intelligence and How Does It Affect Reading Comprehension?	99
What Are Higher Level Thinking Skills and How Do They Affect Reading Comprehension?.....	100
Does Reading Comprehension Differ Based on Orthography?.....	101
Multiple Indicators of a Disorder of Reading Comprehension.....	102
Observations of Clinical Signs.....	102
Record Review	104
Interviews.....	104
Tests	104
Teaching and Intervening.....	109
What Are Characteristics of Good Classroom Instruction for English Learners?.....	109
What Are Interventions to Improve English Learners' Reading Comprehension Skills?	110
References.....	112
8 Math Calculation	115
Introduction.....	115
Why Should Math Calculation Be of Concern to Educators of English Learners? Isn't It Essentially the Same in All Languages?	115
What to Know Before Calculation Assessment and Intervention.....	116
What Is Happening in the Brain of a Child Who Struggles with Math Calculation?.....	116
What Special Considerations Relate to the Education of English Learners in Math?.....	117
Mathematics Is a Language	117
Code Switching.....	118
Nonlanguage Math Differences Around the World	118
Learning and Reviewing Prerequisite Skills	119
What Is Number Sense and Why Is It Important?.....	119
What Can We Learn from Students' Mistakes?.....	120
Multiple Indicators of a Disorder of Math Calculation	121
Observations of Clinical Signs.....	121
Record Review	121
Interviews.....	122
Tests	122

Teaching and Intervening.....	124
What Interventions Should Be Considered to Improve Math Calculation Skills of English Learners?	124
References.....	126
9 Math Problem-Solving.....	131
What to Know Before Math Problem-Solving Assessment and Intervention	131
How Can Language Proficiency Be Disentangled from Math Problem-Solving Skills?	132
What Is Number Sense and Why Is It Important?	133
Multiple Indicators of a Disorder of Mathematics Problem-Solving	133
Observations of Clinical Signs.....	133
Record Review	133
Interviews.....	133
Tests	134
Teaching and Intervening.....	138
What Are Characteristics of Good Classroom Instruction for English Learners?	138
What Are Mistakes to Avoid?	139
What Are Evidence-Based Interventions to Improve English Learners' Math Problem-Solving?	140
References.....	142
10 Written Expression	145
Introduction.....	145
What to Know Before Writing Disorder Assessment and Intervention	145
What Is Happening in the Brain and the Muscles During Writing?	146
How Does Normal Spelling Develop?	147
Multiple Indicators of a Writing Disorder	148
Observations of Clinical Signs.....	148
Record Review	150
Interviews.....	150
Tests	150
Teaching and Intervening.....	154
What Are Characteristics of Good Classroom Instruction for English Learners?	154
What Are Interventions to Improve English Learners' Written Expression?	154
Explicit Instruction in Revision Strategies.....	154
References.....	155

Assessment and Intervention for English Language
Learners

Translating Research into Practice

Unruh, S.; McKellar, N.A.

2017, XV, 200 p. 2 illus., 1 illus. in color., Hardcover

ISBN: 978-3-319-52644-7
