

Contents

Logical Analogies Between Intuitionistic Fuzzy Sets and Rough Sets	1
László Kovács and Sándor Radeleczki	
Enhanced Knowledge Management by Synchronizing Mind Maps and Fuzzy Cognitive Maps.....	15
Sara D’Onofrio, Edy Portmann, Patrick Kaltenrieder, and Thomas Myrach	
Constraints and Wishes in Quantified Queries Merged by Asymmetric Conjunction	25
Miroslav Hudec	
Statistical Characteristics of Distributions Obtained Using the Signed Distance Defuzzification Method Compared to Other Methods ...	35
Rédina Berkachy and Laurent Donzé	
An Intuitionistic Fuzzy Service Model: Use Case for Swiss Health Platform	47
Daria Balkenende, Roland Schüetze, and Andreas Meier	
A Modified Fuzzy TOPSIS Method Aggregating 8.921 Partial Rankings For Companies’ Attractiveness	59
Zoumpolia Dikopoulou, Gonzalo Nápoles, Elpiniki Papageorgiou, and Koen Vanhoof	
A Fuzzy-Based Approach to Estimate Management Processes Risks	73
Yaser E. Hawas and Moza T. Al-Nahyan	
Keynote Speakers	85
A Reflection on the Words Uncertain and Probable	87
Enric Trillas	

Semantics Data Integration Through the Use of Fuzzy Approximate Reasoning and Defuzzification	89
Elizabeth Chang	
Tutorials	91
From a Data-Driven Towards a Knowledge-Driven Society: Making Sense of Data	93
Edy Portmann, Ulrich Reimer, and Gwendolin Wilke	
Linguistic Summaries and Their Quality	99
Miroslav Hudec	
Author Index	103

The Application of Fuzzy Logic for Managerial Decision
Making Processes

Latest Research and Case Studies

Meier, A.; Portmann, E.; Stoffel, K.; Terán, L. (Eds.)

2017, XII, 103 p. 35 illus., Hardcover

ISBN: 978-3-319-54047-4
